

Gardenuity®

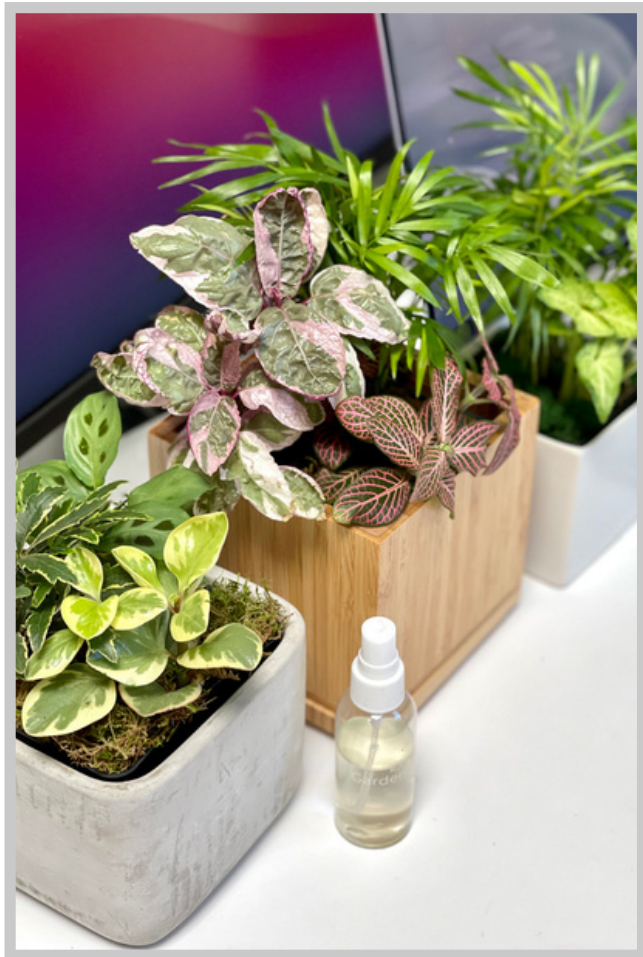

Getting dirty for good.

Desktop Gardens
2023

TROPICAL DESKTOP GARDENS

The power of plants. Just being around plants has surprising benefits and our Tropical Desktop gardens bring color, texture, and nature to the place you spend a lot of time.

Each garden includes full Grow Pro access.

Grow Pro supports the entire growing journey and reinforces ideas on how to let your garden nurture your mental health through microsteps. 4

Gardenuity®

SUCCULENT DESKTOP GARDENS

Well-being fuels productivity.
The science is clear: when we
nurture nature, every aspect of
our mental health improves.

Each garden includes full Grow Pro access.
Grow Pro supports the entire growing journey and reinforces ideas on how to let your
garden nurture your mental health through microsteps. ⁴

Gardenuity®

THE LITTLES

A little nature creates a happier workspace and just might make your workday better. Easy to gift, great to receive, and perfect for customization.

Each garden includes full Grow Pro access.
Grow Pro supports the entire growing journey and reinforces ideas on how to let your garden nurture your mental health through microsteps.

CUSTOM DESKTOP

A garden for any desktop. Gardens that deliver the well-being benefits and check the desktop decor box. Customized to fit your brand and gifting goals.

Each garden includes full Grow Pro access. Grow Pro supports the entire growing journey and reinforces ideas on how to let your garden nurture your mental health through microsteps.

PERSONALIZED FOR YOU

The power of plants combined with the power of having your brand front and center throughout the day. Growing together with those most important to you.

Growing Together

Gardenuity makes gifting easy. Celebrate your colleagues, clients, and growing together. We create memorable gifts that are good for you, the planet, and your gift recipients. And connect people to the well-being that comes with every garden inspired experience.

Growing Together
With The Best

About Us

Gardenuity is on a mission to make gardens and gardening experiences accessible to everyone bringing the well-being benefits of gardening to people no matter where they live, work, or play.

Research shows gardening is a benefit to physical and mental health, and to the health of the planet. Gardenuity has built a product suite that brings these benefits to individuals, companies, and communities. We embed the well-being benefits from gardening directly into every experience.

For pricing, customization options, and to learn more about the benefits of Getting Dirty with your customers, colleagues, and community, reach out to corporatepartner@gardenuity.com.
