

Gardenuity®

Getting dirty for good.

Outdoor Gardens
2023

GARDENS FOR EVERY SEASON

Gardening experiences offer a whole human solution to well-being. Nature's best remedies can grow where your colleagues and customers work, live and play.

Each garden includes full Grow Pro access and comes with fully rooted plants, grow bag, soil and plant nutrients.

Grow Pro supports the entire growing journey and reinforces ideas on how to let your garden nurture your mental health through microsteps. ⁴

Gardenuity®

IT FEELS GOOD TO GROW

Well-being that fuels productivity. The science is clear: when we nurture nature, every aspect of our well-being improves.

Each garden includes full Grow Pro access and comes with fully rooted plants, grow bag, soil and plant nutrients.

Grow Pro supports the entire growing journey and reinforces ideas on how to let your garden nurture your mental health through microsteps. ⁴

THE SCIENCE OF STRONG

Grow your community of customers and colleagues wherever your people live, work, and play. Growing together is always a good idea.

Each garden includes full Grow Pro access and comes with fully rooted plants, grow bag, soil and plant nutrients.

Grow Pro supports the entire growing journey and reinforces ideas on how to let your garden nurture your mental health through microsteps.

GETTING DIRTY TOGETHER

Gathering in person or virtually is a way to bring well-being to your company and engage your people in growing wellness together.

Each garden includes full Grow Pro access and comes with fully rooted plants, grow bag, soil and plant nutrients.

Grow Pro supports the entire growing journey and reinforces ideas on how to let your garden nurture your mental health through microsteps. ⁴

Gardenuity[®]

CULTIVATE WELL-BEING

Gardening is growing quickly as a well-being strategy based on science, data, and company feedback. Gardening supports physical and mental health and brings the health of the planet into the conversation.

Growing Together

Gardenuity makes gifting easy. Celebrate your colleagues, clients, and growing together. We create memorable gifts that are good for you, the planet, and your gift recipients. And connect people to the well-being that comes with every garden inspired experience.

Growing Together
With The Best

About Us

Gardenuity is on a mission to make gardens and gardening experiences accessible to everyone, bringing the well-being benefits of gardening to people no matter where they live, work, or play.

Research shows gardening is a benefit to physical and mental health, and to the health of the planet. Gardenuity has built a product suite that brings these benefits to individuals, companies, and communities. We embed the well-being benefits from gardening directly into every experience.

For pricing, customization options, and to learn more about the benefits of Getting Dirty with your customers, colleagues, and community, reach out to corporatepartner@gardenuity.com.
