

Mozambique Update

High-level political engagement, coordination and support for the End Malaria Fund

- The Secretariat of the End Malaria Fund collaborated closely with the Minister of Health and Director of the NMCP to coordinate the public launch of the Fund
- This engagement provided an opportunity to sensitise the Minister on the bottlenecks faced by the programme and the need for multisectoral collaboration

Onboarding and sensitisation of the End Malaria Fund Board of Directors

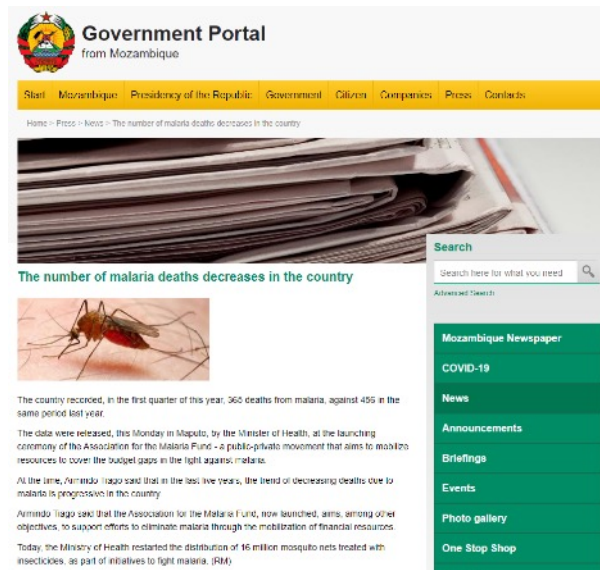

- The Secretariat, in partnership with the NMCP, convened the Board of Directors and sensitised them to the importance of ending malaria and the objectives of the national strategic plan
- During the meeting, each Board member formally committed to championing malaria

Highlights from the launch of the End Malaria Fund

- The launch of the End Malaria Fund was hosted by the Ministry of Health and televised nationally and streamed online
- The event provided a platform for the National Health Director and NMCP manager to highlight the challenges of controlling and ending malaria and calling on Mozambicans to take action
- The Board members were invited to participate and make public commitments to champion malaria and then gave one-on-one interviews with the media

The Fund has engaged the private sector on a one-on-one basis to sensitise them to the importance of ending malaria
