Plasterer's Product Guide

Worth doing, worth Dulux.®

Plasterer’s Product Guide

This guide presents an overview of products geared for the Plasterer and Specialist Texture Applicator. It's not intended to cover the entire Acratex® Range, but more so to introduce the more common products you'll need to service this customer group. For Painters Products, Preparation Products, Topcoats-Elastomerics information refer to their specific guides in the Products & Systems section. For full information on the entire range of Acratex Products refer to your local Acratex or Head Office Team member listed in the Contacts section of this guide.

What product...			How				Why	SPREAD	DFT	ACRATEX PRODUCT	TYPE	RANGE
TYPE	ACRATEX PRODUCT	DESCRIPTION & TYPICAL USE	APPLICATION				FEATURES / BENEFITS	m² / L / coat	micron / coat			
Fine Grain	Sponge Fine Render	Super fine grain texture, SPONGE finished to produce a natural mottled aged rendered look simulating scrub fine render	•	•			- Super fine granular finish - Scrub fine render appearance with acrylic durability	1	700	Sponge Fine Render	Fine Grain	
	Tuscany SuperFine	Super fine grain texture, RED FLOAT finished to produce a flatter, more “polished” finish	•		•		- Super fine granular finish - Polished (red float) finish with acrylic durability	1	700	Tuscany SuperFine		
	Sienna Natural	Natural “mineral flecked” appearance, RED FLOAT finished to create a subtle mineral glistening effect	•		•		- Higher build/greater surface relief - Dual use FC leveller & texture	0.9	800	Sienna Natural		
Medium Grain	Coventry® Fine	Fine render appearance - acrylic durability. Fine grain size suitable for use over well levelled surfaces	•		•		- Fine to medium grain appearance	0.9	800	Coventry Fine	Medium Grain	
	Tuscany Fine	Premium fine render appearance - advanced durability. Fine grain size suitable for use over well levelled surfaces	•		•		- Fine to medium grain appearance - Enhanced durability and application properties	0.9	800	Tuscany Fine		
	Coventry Medium	Medium render appearance - acrylic durability. Medium grain size finish resembling a mid granular render that has been sponge floated	•		•		- Medium grain appearance - Easy to level and attain a consistent textured finish	0.8	1000	Coventry Medium		
Coarse Grain	Coventry Coarse	Contemporary render appearance - high build acrylic durability. Maximum surface levelling capabilities within this style	•		•		- Market leading industry benchmark - Maximum levelling & ease of application - High build crack bridging	0.8	1000	Coventry Coarse	Coarse Grain	
	Sienna Coarse	Classic tuscan style with natural mineral look - where specified with AcraGlaze (clear topcoat) in lieu of AcraShield®	•		•		- Medium coarse grain appearance - Natural mineral style	0.8	700	Sienna Coarse		
	Sienna Coarse Advanced	Classic tuscan style with natural mineral look - Sienna Coarse Advanced is formulated to deliver a hydrophobic texture coating that repels water from exterior surfaces	•		•		- Medium coarse grain appearance - Natural mineral style - Water repellent technology	0.8	700	Sienna Coarse Advanced		
	Tuscany Coarse	Premium contemporary render appearance - advanced durability. Maximum surface levelling capabilities within this style	•		•		- Enhanced durability with maximum levelling capability - High build crack bridging	0.8	1000	Tuscany Coarse		
Lightweight SuperTrowel	SuperTrowel 1mm	Classic fine scratch decorative finish - elegant style to complement classic or contemporary architecture. Lightweight easy finishing formula	•		•	•	- Fine decorative scratch - Lightweight formula for easy application	0.9	800	SuperTrowel 1mm	Lightweight SuperTrowel	
	SuperTrowel 1.5mm	Classic medium-fine scratch decorative finish - bold feature finish in either swirl or vertical pattern. Lightweight easy finishing formula	•			•	- Bold decorative scratch - Lightweight formula for easy application	0.9	1150	SuperTrowel 1.5mm		
	SuperTrowel 2mm	High-build scratch finish for maximum surface levelling & covering power - bold feature finish typically in vertical pattern. Lightweight easy finishing formula	•			•	- High build surface hiding power - Lightweight formula for easy application	0.7	1300	SuperTrowel 2mm		

^To retain the natural mineral look, AcraGlaze (clear) is specified as the system topcoat in lieu of AcraShield.
*AcraPrime® WB remains as a premium system option - Green Render Sealer is recommended where ultimate efflorescence resistance is required.

WHAT DO YOU NEED?

Dulux® Acratex® material recommendations are a guide to assist you in exploring the possibilities.

For a comprehensive understanding and to explore all available combinations, visit our dedicated platform, DuSpec+®.

DuSpec+ is the online technical resource for Specifiers and Trade Professionals that provides quick, easy access to up-to-date technical product information and system specifications across our market-leading brands – all in one convenient place.
