@ THE JUNCTION

PRIVATE OFFICES IN THE HEART OF GUELPH

WHERE GREAT IDEAS MEET OPPORTUNITY

The Junction began with a great idea, and has now become a hub for the area's most dedicated and cutting-edge businesses, leading the way for a future as one of the city's most vibrant business districts. It is a community where small businesses grow and large businesses thrive.

Located in a dynamic neighbourhood near downtown Guelph, this 45,000 sq. ft. mixed-use development features the adaptive reuse of an old CN Rail building. The three buildings at The Junction display an industrial aesthetic with a character and architectural style reflective of the site's past, while providing an invigorating and welcoming atmosphere for modern businesses.

"We are happy to have such a cool place to work – a place that speaks our language. A place where we can connect, be curious, listen, and work with passion. It's no surprise that our clients love to visit."

- Janet Straker, Ebb + Flow
