

Starter pack – digital contract prices

The pricing of parcels is based on units and the mailed item's measured weight or volume, whichever is the greater. The cubic measure used for parcels is 1 m³ = 250kg. The minimum pricing weight is 1000 g. The maximum batch size for multi parcel shipments (MPS) is 10 items.

The pricing of Express Freight is based on the transport unit type, the size of the shipment lot, transport distance, and the additional service used.

The tariffs and rates are quoted excluding VAT, unless otherwise stated. VAT valid at the time will be added to prices during invoicing. No VAT is added to the tariffs and rates applying to mail addressed to the Åland Islands, special areas outside the European Union's excise and VAT zone and non-EU member states.

How is the price calculated?

Shipment:

The price of the shipment is determined on the basis of the service type and the size of the parcel. Small Parcels and Postal Parcels, Home Parcels, Express Parcels and returns with a maximum size of 40 x 32 x 26 cm have fixed prices.

The prices of other services are determined on the basis of the parcel's actual weight or volume weight (see the example on page 14).

Additional services:

The price changes if you order additional services (e.g. Cash on Delivery).

Value added tax (VAT):

VAT valid at the time will be added to prices during invoicing.

No VAT is added to the tariffs and rates applying to mail addressed to the Åland Islands, special areas outside the European Union's excise and VAT zone and non-EU member states.

Invoicing:

We invoice shipments monthly.

The price of the paper invoice is € 5.24 + VAT/invoice.

The invoicing information for existing invoicing customers will remain unchanged.

Level 2 pricing:

Price level 2 comes into force when the number of shipments exceeds 500 in a calendar year. The number of shipments is checked monthly. Existing and new customers start at level 1.

Example: In July, the total volume exceeds 500 shipments. The volume check will be carried out in August.
