

The country specific tariff zones will be in use for contract customers' contracts from 18.6.2024

Additional documents

- No additional documents are required when sending within the EU
- Consignments containing goods going outside the EU countries require the additional documents required for customs clearance. If the country of address requires more than one copy of the customs list, a sufficient number of customs lists must be filled in (CN 23).
- When sending goods for commercial purposes, a commercial invoice or a proforma invoice is required.
- Further information on the annexes and related regulations can be found online.

Content restrictions

- The content must be airworthy.
- Check the country-specific restrictions and regulations on the transport of dangerous goods and other prohibited shipments online.

The Baltics

Latvia, Lithuania and Estonia together form their own zone.

Further information
