

Block delivery or redirection to outdoor locker

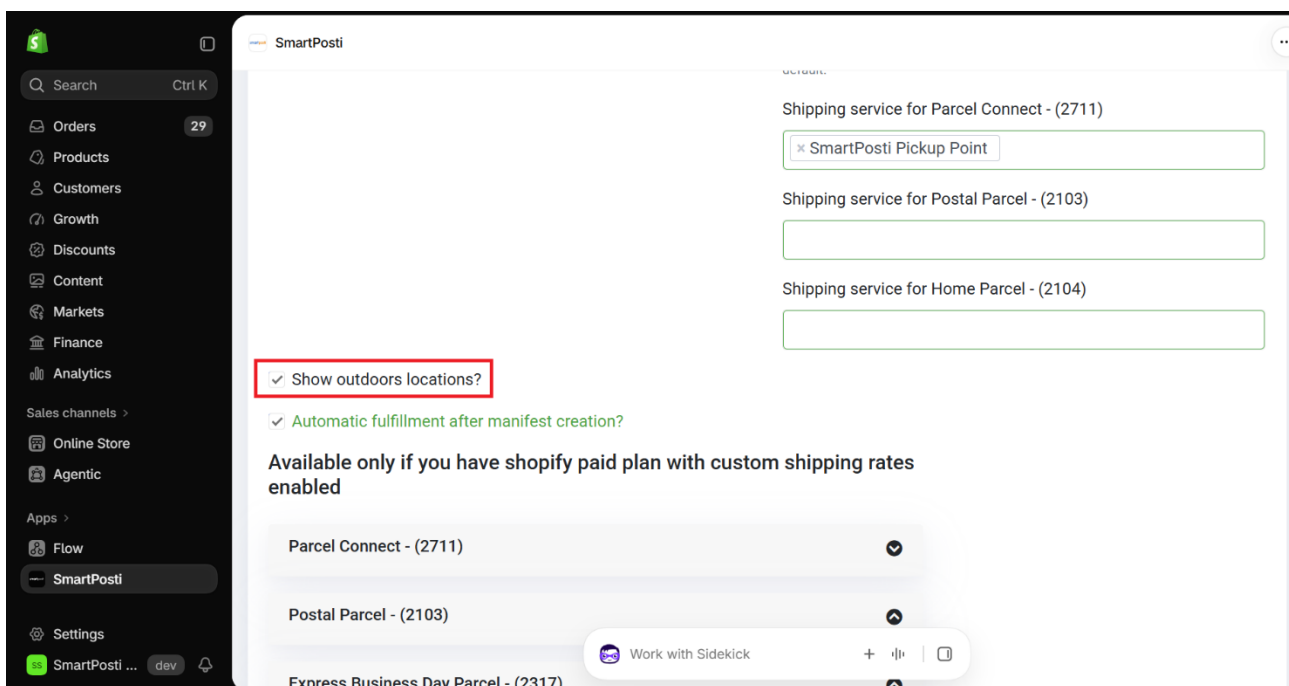

If you do not want to offer outdoor parcel lockers as a delivery option in your online store, you can disable them in your e-commerce module settings. See the screenshot for each module below.

1. Open the module Settings.
2. Find the relevant setting shown in the screenshot and disable outdoor parcel lockers.

- **WooCommerce:**

- **Shopify:**

- **PrestaShop:**

The screenshot shows the PrestaShop configuration interface for the Smartposti Shipping module. The left sidebar contains navigation links for Dashboard, SELL (Orders, Catalog, Customers, Customer Service, Stats), IMPROVE (Modules, Marketplace, Module Manager, Design, Shipping), and a search bar. The main content area is titled 'Configure Smartposti Shipping' and includes buttons for Back, Translate, Check update, and Manage hooks. The 'Advanced Settings' section is highlighted, showing the 'Pickup point selector type' set to 'Map'. A red box highlights the 'Exclude outdoors pickup points' setting, which is currently 'Disabled'. Below this, there is a text field for 'Courier call note' and a 'Smartposti email subject' field set to 'E-com order booking'.

- **OpenCart:**

The screenshot shows the OpenCart configuration interface for the Smartposti v1.4.2 extension. The left sidebar contains navigation links for Dashboard, Catalog, Extensions, Marketplace, Installer, Modifications, Events, and Design. The main content area is titled 'smartposti Home > Extensions > Smartposti v1.4.2' and includes tabs for API, General, Sender, Price, C.O.D, Pickup Points, Tracking URL Email, and Advanced Settings. The 'Pickup Points' tab is selected, showing the 'Pickup points settings' section. A red box highlights the 'Exclude outdoors' setting, which is currently 'Disabled'. Below this, there is a text field for 'Courier call note' and a 'Smartposti email subject' field set to 'E-com order booking'.

- **Magento:**

The screenshot shows the Magento configuration interface for the Smartposti shipping method. The left sidebar contains navigation links for DASHBOARD, SALES, CATALOG, CUSTOMERS, MARKETING, CONTENT, REPORTS, STORES, and SYSTEM. The main content area is titled 'Configuration' and includes a 'Save Config' button. The 'Shipping Methods' section is highlighted, showing the 'Smartposti courier' and 'Smartposti pickup point' methods. A red box highlights the 'Exclude pickup points with "Outdoors" parameter' setting, which is currently 'No'. Below this, there is a text field for 'Displayed Error Message' set to 'This shipping method is currently unavailable. If you would like to ship using this shipping method, please contact us.'
