

AirLink[®] End of Sale Announcement: AirLink MG90

OVERVIEW

DATE ISSUED:	25-Feb-2025
ISSUED BY:	Semtech AirLink [®] Product Management
PRODUCTS AFFECTED:	AirLink [®] MG90 4G and 5G Series Routers
FOR DISTRIBUTION TO:	General Distribution
	<p>Semtech AirLink Product Management announces the last time buy and last time ship date for all AirLink MG90 Router variants. This notice contains all relevant milestones and dates for the affected products.</p> <p>We are experiencing high demand, and we encourage customers to place orders as quickly as possible as we will be accepting orders subject to availability.</p> <p>Please refer to the PRODUCTION MILESTONES table below for detailed information.</p> <p>Suggested Replacement</p> <p>MG90 suggested replacements are our next generation routers, the AirLink XR80 and XR90 routers. XR80/90 variants include single and dual 5G, with or without Wi-Fi. The XR80/90 Product Change Notice announcing the second generation of our XR80/90 Routers can be found on The Source. The table of suggested replacements is found below.</p>

AirLink Manager (AM) and AirLink Mobility Manager (AMM) Support of AirLink OS Routers

With the migration of the MG90 to the next generation of XR80/XR90 routers, there are two options for managing your AirLink XR80/XR90 routers:

1. AirLink Complete and AirLink Premium powered by Airlink Management System (ALMS): The AirLink XR80 includes 1 year of AirLink Complete, and the AirLink XR90 includes 1 year of AirLink Premium, included in the purchase price of the router. Both services packages provide access to ALMS for configuration, management and reporting.
2. AirLink Manager Platform (AM/AMM) will be upgraded to support the XR80/XR90 and all other AirLink OS-based routers. Support for AirLink OS-based routers will be available as part of AM/AMM 2.18 scheduled for release in mid-2025*.

These flexible router management options facilitate a smooth transition from the MG90 to the XR80/XR90 routers.

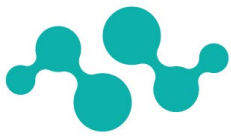

* Dates subject to change

PRODUCTION MILESTONES

AFFECTED MODELS:	All AirLink MG90 4G and AirLink MG90 5G Routers
LAST TIME BUY:	30-Jun-2025: The last date that purchase orders will be accepted by Semtech. Purchase orders will be accepted subject to availability.
LAST TIME SHIP:	31-Dec-2025: The last ship date that can be requested from Semtech.
REASON:	End of production and transition to AirLink XR80/90 routers.

PRODUCT SUPPORT AND MAINTENANCE

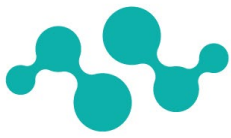

ACTIVE SOFTWARE MAINTENANCE PHASE:	From 31-Dec-2025 TO 31-Dec-2026: During this phase router software will be actively maintained. Software releases will contain bug fixes and
-------------------------------------------	----------------------------------------------------------------------------------------------------------------------------------------------

	security patches only; no new features will be deployed. Following Active Software Maintenance, the products will move to Critical Software Maintenance (see below).
CRITICAL SOFTWARE MAINTENANCE PHASE:	From 31-Dec-2026 TO 31-Dec-2028: During this phase router software will be released if a Critical software issue requires remediation in accordance with Semtech’s software vulnerability management policy.
END OF SOFTWARE MAINTENANCE:	31-Dec-2028: No new router software will be released after this date.
END OF STANDARD PRODUCT WARRANTY:	31-Dec-2028: End of standard product warranty period for routers shipped on the last time ship date.
END OF EXTENDED PRODUCT WARRANTY:	31-Dec-2030: End of (optional) extended warranty period for routers shipped on the last time ship date. Subject to availability, the product may be substituted with a suitable alternative during this period.
END OF REPAIRS:	31-Dec-2030: The last date to receive product repairs for routers out of warranty. Subject to availability.
END OF MANAGEMENT SUPPORT:	31-Dec-2033: End of MG90 AMM support. AMM released after this date will not support AirLink MG90 routers.
