

# Children are divine love made visible (Novalis)

## PRAY

Lord Jesus Christ, in tender love you have approached the children. I am gazing: What a wonder a child is! You laid something in my heart, too, so that I cannot but see a child and love it. I sense a longing to give everything to protect it against bursting disasters and bad experiences. Don't let this impulse ever leave my heart. And give new love towards children also to those who are about to let them alone or even to leave or betray them. Amen.

## Mt 18:3-5

And he said, "Amen, I say to you, unless you turn and become like children, you will not enter the kingdom of heaven. Whoever humbles himself like this child is the greatest in the kingdom of heaven. And whoever receives one child such as this in my name receives me."

## Why do children need special protection?

Children have to be strengthened and defended in every way. "A child is God's greatest gift to the family, to the nation, to the world" (Mother Teresa). Children are the future of humanity. They are naturally in need of help. Moreover, they often grow up in atrocious conditions. In many parts of the world there is a lack of medical care, appropriate nutrition, elementary education, or even a place to live. Moreover, there are ongoing scandals such as trafficking in children, child labor, the phenomenon of "street children", the deployment of children in wars, the marriage of children, and the (sexual) abuse of children. There must be a decisive campaign on the national and international level against violations of the dignity of boys and girls that occur through sexual exploitation and all forms of violence and in favor of respect for the dignity and rights of every child.

1. Some talk about „making“ or „getting rid of“ a child. What does Mother Teresa mean when she says about children that they are „the greatest gift from God“?
2. Jean Ziegler once said: „The world economy could easily feed 12 billion people. That means a child who is starving today has been murdered.“ Why is the humanity of a society measured by the way it treats its children?
3. Why is sexual abuse of children and teenagers (especially if it happens within church) a conceivably grave mortal sin?
4. Is there a time when your parents can „dismiss you“ (=release you from their protection)? Can you dismiss your parents?
