

BIOACTIVES WORKING GROUP MEETING

Q2: Ingredients, Manufacturing & Processing

ADVANCING BIOACTIVE INGREDIENTS: SCIENCE, INTEGRITY & INNOVATION

THURSDAY, MAY 15, 2025

1-2:30 ET, VIRTUAL

FEATURING:

Colin Kay
Professor of Pediatrics,
Director of Precision Health
Research, Arkansas
Children's Research Institute

Andrew Shao
Senior Vice President, Global
Scientific & Regulatory
Affairs, Niagen Bioscience

Sofia Elizondo
Co-founder, President and
CCO at Brightseed

Join researchers, innovators, and ingredient leaders to explore how bioactive compounds can shape the future of food and health. From delivery formats and bioavailability to supply chain integrity, regulatory evolution, and consumer trust, this discussion will span the journey of bioactives from scientific discovery to commercial success.
