Clay roof tiles with sidelock and headlock
Clay roof accessories

Materials destined for discontinuous installation on pitched roofs and walls of buildings.

Flexural strength	Mixed roof tiles ≥ 1.200 N Plain roof tiles ≥ 900 N
External fire performance	Comply
Fire reaction performance	Class A1
Impermeability (Method 2-Category 1)	Mean value $\leq 0,8$ Individual value $\leq 0,85$ $\text{cm}^3/\text{cm}^2/\text{day}$
Nominal dimensions and tolerances	Technical Form $\pm 2 \%$
Frost resistance	≥ 150 cycles (Level 1)
