

Hi **Name of Team**,

I am so excited to apply for the **POSITION**. I am currently working at **RANDOM COMPANY** but am looking for a position that unites my passion for empowering underrepresented students and professionals with my interest in the startup industry.

When I heard **COMPANY** was hiring, I jumped right on it. As a **(SELF-DESCRIBING ADJECTIVES ex: "Latina and first-generation college student")**. I can relate to **COMPANY'S** mission of **INSERT SMALL LINE FROM MISSION**. There were many times I dealt with major imposter syndrome at Rutgers University, but looking for a full-time job post-graduation was a different challenge. I am glad I came across **COMPANY** today and am thrilled to have the opportunity to work alongside a passion-driven team.

In my role as **EXPERIENCE #1**, I work directly with our clients and internal teams, both in **DEPARTMENT NAMES OR FUNCTIONS**. Through this position, I have gained valuable knowledge and experience in managing projects and managing client expectations and deadlines. As a liaison between our internal teams, effective communication skills are a must in order to ensure that our clients' project demands are met. I am certain my strong analytical and problem-solving skills will allow me to be successful in the **NAME OF POSITION**.

As a motivated and dedicated individual committed to the empowerment of individuals, I believe my application for the **NAME OF POSITION** will allow me to pursue my passion while furthering **COMPANY'S** mission. If you need any additional information, feel free to contact me at ----- or --
