Cards

Description	Standard Fee (AUD)
Cards^[1]	
Employee Cards (customers onboarded ^[4] prior to 30 November 2022)	\$9.00 per active Employee Cardholder ^[3] per calendar month
Employee Cards (customers onboarded ^[4] from 30 November 2022)	\$14.00 per active Employee Cardholder ^[3] per calendar month
Expenses^[2]	
Expenses	Free, included with Employee Cards
Automatic Conversion [5]	
Automatic Conversion Fee (effective from 22 September 2023)	1.00%

^[1] This fee is applicable to: (i) new Airwallex customers on and from 6 April 2022; and (ii) existing Airwallex customers who have not created any Employee Card prior to 6 April 2022.

This fee (as applicable) will be deducted from your Wallet on a monthly basis, and prorated based on the total number of active Employee Cardholders linked to your Airwallex account during the relevant month. By way of example, if you are being charged the Cards fee and have one active Employee Cardholder for ten days in a 30-day month, then we will deduct \$4.67 from your Wallet in the following month. All fees set out above are GST inclusive.

If you have any questions about the fees deducted from your Airwallex Wallet, please contact us and we can help clarify any questions.

^[2] This fee is applicable to Airwallex customers who created at least one Employee Card prior to 6 April 2022. While Expenses is activated, this fee will apply in respect of each active Employee Cardholder.

^[3] An Employee Cardholder is active if they have been verified and has an Employee Card that has not been cancelled or has not expired during the relevant month.

^[4] A customer will be considered "onboarded" when they have signed up for an Airwallex account.

[5] Automatic conversions allow you to spend on your Card if you don't hold sufficient levels of the currency you are trying to spend with, but you hold sufficient funds in your home currency to cover the transaction. This is an optional feature.

Automatic conversions use your home currency to help prevent Card payments from failing. If you have insufficient funds to complete a Card transaction involving 1 of the 10 currencies listed below, we will use the available funds in your home currency.

The 10 currencies are AUD, CAD, CHF, EUR, GBP, HKD, JPY, NZD, SGD, and USD.

We will first check if sufficient funds are available in your transaction currency's balance in your Wallet. If not, we will check whether your home currency's balance can cover the entire transaction amount. If it can, we will deduct the transaction amount from your home currency balance at the prevailing FX rate plus an auto-conversion fee.

Online Payments Services

The following pricing is quoted on a 'blended' pricing basis for Cards and Local Payment Methods. The General Fees specified, except for the Foreign Currency Settlement Fee, are applicable to the acceptance of Cards and Local Payment Methods. All fees set out below are GST inclusive, unless otherwise indicated.

Defined terms below have the meaning given to them in our Online Payment Terms, which can be found here:

<https://www.airwallex.com/au/terms>.

The Foreign Currency Settlement Fee and the FX Conversion Fee are separate fees. Depending on the specific foreign currencies involved in a Transaction, only one of these would be charged at once. ^[3] A Refund or Chargeback of a Transaction that was subject to the FX Conversion Fee will also be subject to the FX Conversion Fee in relation to the conversion of the relevant currency for the Refund or Chargeback (as applicable). ^[4] Account Updater automatically updates your saved Visa and Mastercard customer card information to reduce failed transactions and customers don't need to update payment details. This feature is not enabled by default. To enable this, contact your Account Manager. Some of these fees may appear as one combined fee on your invoice. For example, an International Card transaction may appear as one fee that combines the Payment Method Fee and Foreign Currency Settlement Fee in the same line item.
