These arrangements are referred to as the Embedded Finance Solution (as further defined below).
- (C) You have separately entered into the General Terms with Airwallex. The purpose of these Connected Account Terms is to set out certain additional matters that apply between you and Airwallex in relation to the Embedded Finance Solution.

Please read these terms carefully and contact us if anything is unclear. The Customer and Airwallex will individually be referred to as a Party, and collectively, as Parties.

3 ELECTRONIC MONEY REGULATIONS

- 3.1 We comply with the requirements of the EMR's and related Applicable Law. The Foundation holds funds corresponding to electronic money in your Wallet in one or more bank accounts separately from the other funds of Airwallex. - 5.1 **Funding your Wallet.** You can load funds to your Wallet by logging in to the Airwallex Platform and following the steps as prompted. We may impose a maximum amount by which you may load your Wallet balance or limit the number of times you may load your Wallet balance within a specified period
- 5.2 **Global Account collection.** If we have opened a Global Account for you, you may also receive funds to your Wallet through a Global Account.
- 5.3 In each case, you will ensure the funds are transferred using the correct bank details and any unique transaction reference number details reasonably specified by Airwallex. If you do not provide accurate details, then we may not be able to credit your Wallet. In such cases, we will not be liable for any loss you incur, although we will use reasonable efforts to investigate and credit or return incorrect and inaccurately referenced payments into or from your Wallet.
- 5.4 You may load funds to the Wallet by way of a bank transfer to Airwallex. We may permit additional methods of receiving or loading money into the Wallet from time to time.

If this condition has not been satisfied (or at any point in time turns out not to have been satisfied), the credit entry may be reversed, without prior notification, as an administrative correction (so long as we are not liable for the reversal under the other terms of the Agreement). If the amount received or to be received was converted in another currency when crediting the account, the reversal may be made in the other currency at an exchange rate at the time of execution. Costs in connection with the reversal are for your account. The transfer of funds from you or other payers to your Wallet is a service provided by third parties, and is not part of our Services. We have no control over the time it may take for the transfer of such funds to clear and settle to your Global Account or Wallet.
- 5.6 **Reversals.** We may (so long as we are not liable for the reversal under the other terms of the Agreement) need to reverse a transaction and either deduct funds we have credited to your Wallet, or return funds we have debited from your Wallet, including in the following circumstances:

 - b. the sender made a transfer to you by mistake;
 - c. you have provided us with incorrect instructions for the transaction;
 - d. we suspect that a transaction is fraudulent, or is in breach of these terms or Applicable Law;
 - e. we exercise our rights under clause 15 'Termination' of the General Terms.
- 5.7 If you do not have enough funds in your Wallet for us to withdraw funds, you must reimburse us as soon as possible. If we reverse a transaction, we will do this at the prevailing FX Exchange Rate applicable at the time of the reversal or at the original FX Exchange Rate applicable to the transaction, in our discretion.
- 5.8 Where the funding/original transaction was paid for by Card, reversals will be effected in accordance with the Issuing Terms. For other transactions, where we make a reversal, we may choose whether to make the reversal in the currency of the original transaction or in a separate currency, for example, where the original transaction is not in a Supported Currency which can be held in your Wallet, we will generally choose to convert the amount of the reversal into your Base Currency. Where we are

required to perform any currency conversions in connection with the reversal of a transaction, we will do this at the prevailing FX Exchange Rate applicable at the time of the reversal or at the original FX Exchange Rate applicable to the transaction, in our discretion.

- 5.9 **Suspension.** We may in our reasonable discretion deny a Payment and/or suspend the use of your Wallet, because:
- a. the balance of your Wallet is insufficient;
 - b. the transaction exceeds any transaction limit in connection with your Wallet from time to time;
 - c. we suspect that there is fraud or a security issue or we suspect that your Wallet is being used for an illegal purpose; or
 - d. you have materially breached these GTPN Terms or the terms of the Agreement.

We will give you notice if we deny a Payment/ suspend the use of your Wallet and the reasons for such suspension as soon as we can. Where possible we will do this before the suspension is put in place, or immediately after, unless it would compromise our reasonable security measures or otherwise be unlawful. We will lift the suspension as soon as practicable after the reasons for the suspension have ceased to exist. We will allow you to use the Wallet as soon as practicable after the reasons for stopping its use cease to exist. You acknowledge and agree that we are not liable to you or any other person for any loss suffered as a result of an authorisation not being granted.

6 MAKING PAYMENTS AND FX CONVERSIONS

- 6.1 **Your instructions.** You may instruct us to make a FX Conversion or Payment at any time by providing the necessary details and following the authorization process for an instruction as prompted in the Airwallex Platform. This includes a request to redeem your e-money from your Wallet by a Payment to your own account at a third party for purposes. Your instructions are irrevocable once received by us, unless we permit you to change or revoke the instruction in the Airwallex Platform.
- 6.2 Any instruction (for a Payment, FX Conversion or otherwise) given in the Airwallex Platform will be regarded as having been received by us on the moment that it is approved and authorized in the Airwallex Platform. Any instruction (for a Payment, FX Conversion or otherwise) received by us (a) on a day that is not a Business Day or (b) after 17:00 UK time on a Business Day will be regarded as having been received on the next Business Day.
- 6.3 **Confirmation.** You must have enough funds in your Wallet in the relevant source currency to cover the full amount of any FX Conversion or Payment (including Service Fees) that you wish to make. We may decline your instructions if you do not have enough funds, if you exceed any applicable limits, or in accordance with clause [15] 'Termination' of the General Terms. When we are satisfied with your instructions we will issue you with a Confirmation.
- 6.4 When you ask us to change your money into a different currency (an FX Conversion) or send it to someone else (a Payment), we will tell you how much it will cost and when you need to pay us in the Confirmation.
- 6.5 **Payment date.** You must pay us by the date in the Confirmation unless we have agreed that you must pay us at a later date when we receive funds from you (post-funding). On that date, we will take the money out of your Wallet [and it will stop being electronic money]. If that date is not a Business Day, or if we receive your instructions after 5pm on a Business Day, then the date may be adjusted by us to the next day that is a Business Day.
- 6.6 If you changed your money into a different currency, we will put the new money into your Wallet as electronic money on the Settlement Date.

- 6.7 **FX Exchange Rate.** You may access the indicative FX Exchange Rate for an FX Conversion through the Airwallex Platform. The indicative FX Exchange Rate will be quoted to you when you instruct us through the Airwallex Platform and the final FX Exchange Rate will be confirmed when we issue a Confirmation. We will ensure, as far as reasonably practicable, that the confirmed FX Exchange Rate reflects the rate quoted to you. The rate may be different as the rate may have changed between the time of your instruction and the time we issue the Confirmation. You agree that changes to exchange rates come into effect immediately without notice. Changes to the FX Exchange Rate depend on fluctuations in the financial markets outside our control.
- 6.8 We will provide you at your request with the following information with regard to a specific payment transaction initiated by you as payer: (i) the maximum execution time, (ii) the charges payable by you and (c) where applicable, a breakdown of the amounts of any charges.
- 6.9 **Settlement requirements.** Sending a Confirmation means that the FX Conversion or Payment has been authorised and can no longer be cancelled. We will deduct the amount of your FX Conversion or Payment from your Wallet immediately at the time we issue a Confirmation. However, if you are approved to post-fund you must:
- (a) for an FX Conversion (or Payment, if the Payment is linked to a FX Conversion): deposit any amount specified in the Confirmation in cleared funds by Settlement Cut-Off; and
 - (b) for a Payment: ensure there are sufficient cleared funds in the Payment currency available to Airwallex by the Payment Date.
- 6.10 **Execution time.** If you are making a Payment and/or FX Conversion, we will remit the Payment and/or effect the FX Conversion as soon as possible. Generally, we will remit funds to a payee's payment service provider within 24 hours after we accept your instructions. The methods of crediting the funds may be provided by third parties (for example the bank where the payee has their bank account) and are not part of our Services. We do not have any control over the amount of time it may take for a payee's bank or payment provider to credit funds to the payee, but would generally expect this to take less than 5 Business Days, unless a longer period is required by Applicable Law.
- 6.11 In all circumstances other than as described in clause 6.10 we will ensure that a transfer of funds of a Payment or FX Conversion takes place within a reasonable term, not exceeding four (4) Business Days following the receipt of your instruction in accordance with these GTPN Terms.
- 6.12 **Failed FX Conversions and Payments.** We may in our reasonable discretion, acting reasonably, decide to cancel the FX Conversion or Payment, or delay the FX Conversion or Payment by rolling it over to the next Settlement Date or Payment Date (as applicable), due to reasons outside of our control such as:
- e. failure of conversion in the sell currency by you to us on any FX Conversion; or
 - f. failure of Payment in the Payment currency by you to us on any Payment.
- 6.13 **Transaction limits.** We may apply limits to the amount of any one or a series of Payments, and we will tell you if we do so. For example, we may apply limits if you ask us to or if we reasonably think it would help manage the risk of fraud in a proportionate way.
- 6.14 **Right of rejection.** We reserve the right to withhold, reject, or delay any transaction in order to comply with Applicable Law. We may not accept your instructions for a Payment or FX Conversion if:
- g. no valid exchange rates are available from our correspondent banking partners, liquidity

- providers, or other financial institutions;
 - h. any relevant anti-money laundering or counter financing of terrorism conversion limits are exceeded; or
 - i. you have not complied with your obligations under these terms including the Acceptable Use Policy.
- 6.15 Where the expected amount of a Payment from your Wallet was not specified at the moment of authorisation, you may request a refund of that amount provided that it exceeded the amount you could have reasonably expected, taking into account your previous spending pattern and the relevant circumstances of the case. You may request such a refund within 8 weeks from the debit date. Within 10 business days following the receipt of your refund request we will either provide a refund or a justification for refusing the refund.
- 6.16 **Obligation to repay.** Your Wallet balance cannot be below zero. If any transactions or charges (including any chargeback, reversal of a transaction, or withdrawal of fees) take your Wallet below zero, you must immediately repay the amount of the negative balance, without requiring notice from us to do so. If you do not, we may suspend use of your Wallet or refuse to provide the Services to you. We may also take reasonable steps to recover any amount owing to us (such as taking legal action or using debt collection services) and charge you for the cost of these services.
- 6.17 You authorise us to deduct the Service Fees and any other amounts that you owe us from time to time from the funds in your Wallet. If you do not have enough funds in your Wallet to cover these amounts, we will not accept or process your instructions and may (acting reasonably) refuse to provide the Services to you.

7 PAYMENT INITIATION SERVICE / ACCOUNT INFORMATION SERVICE

- 7.1 Some other companies can help you make payments from your Wallet or Global Account, or show you information about your Wallet or Global Account. They are known as 'payment initiation service providers' and 'account information service providers'. These companies need a licence to do this, and you need to agree to let them access your Wallet or Global Account. We don't work with these companies, but we have to follow your instructions if you use them.
- 7.2 If you have any problems or questions about using these services, you should contact the company that provides them.
- 7.3 Sometimes, we might not follow a request from one of these companies. This could happen if we think they don't have the right licence, or if we suspect they are involved in fraud, or if you didn't really authorise them to access your Wallet or Global Account.

ISSUING TERMS

1 THESE TERMS

- 1.1 This document (the '**Issuing Terms**') is a supplement to the General Terms and constitutes part of the Agreement between you and Airwallex. These Issuing Terms become applicable at the moment you request Airwallex to issue a Card in your name and apply to all Services provided by Airwallex in connection to the Card. These Issuing Terms together with the Payout and FX Terms and the General Terms govern the use of the Card by you. Please read these terms carefully and contact us if anything is unclear. The Customer and Airwallex will individually be referred to as a Party, and collectively, as Parties.
- 1.2 Please refer to clause 19 of the General Terms for a list of the definitions used in these Issuing Terms.
- 1.3 You should also download a copy of these Issuing Terms and keep it for future reference or ask us for a copy at any time. You can always see the most current version of these and other terms (as well as the documents below) on our website www.airwallex.com.
- 1.4 Please read the following additional documents which also apply to your use of the Airwallex Platform and Services and should be read together with these Terms:
- a. General Terms;
 - b. Payout and FX Terms;
 - c. Acceptable Use Policy;
 - d. Cookie Policy and Privacy Policy; and
 - e. FAQs.
- 1.5 These Issuing Terms are Additional Terms. These Issuing Terms form a part of the General Terms and the terms included in the General Terms apply equally to these Issuing Terms. To the extent there is a conflict between these Issuing Terms, the Payout and FX Terms and the General Terms, these Issuing Terms will apply instead, followed by the Payout and FX Terms and the General Terms.

2 USING THE CARD

- 2.1 **Applying for a Card.** When you request a Card and we have approved the request, the Card will be issued in the form of a virtual card ('**Virtual Card**').
- 2.2 A Virtual Card shall consist of a 16-digit account number, expiry date and 'CVV/CVV2' code (the '**Card Details**') which will be made available to you through the Airwallex Platform. We may in the future provide the functionality for you to be issued with a physical card ('**Physical Card**'). Physical Cards will be sent to you via mail, if we approve your request for a Physical Card.
- 2.3 Your Card is linked to your Wallet and can be used to make Payments using the balance of your Wallet. We will not setup a separate account in connection with your Card. The Card is not a credit card and can only be used for Payments (including any applicable fees) up to the value of your Wallet balance at any given time. Before making a Payment you must therefore ensure that your Wallet has sufficient balance as we will not provide you with any credit in connection with your use of the Card.
- 2.4 You may only use your Card for lawful purposes and in accordance with the Network Rules. The Network Rules applying to you at the time of you agreeing to these Issuing Terms are covered by the terms of the Agreement. If there are any later changes or additions to the Network Rules that you need to follow, we will make those changes or additions under clause 4 of the General Terms

including by giving you a clear explanation of what those changes or additions are and how they apply to you. All Cards remain our property and we may request that you return all Cards to us at any time.

- 2.5 **Virtual Card.** A Virtual Card may be used to make purchases over the phone or the internet or in any card transaction where you are not present by entering your Card Details where Visa is accepted as a means of payment. A Virtual Card cannot be used to make a payment in person or in any transaction that requires the use of a Physical Card. Virtual Cards may be issued for one time use (meaning they can only be used for a single transaction) or can be issued so that they can be used repeatedly until the expiry date.
- 2.6 **Physical Card.** Physical Cards may be used in the same way as a Virtual Card and may also be used for in store and card present transactions where Visa is accepted electronically. We may decide not to permit use of the Card for manual or offline transactions including in store transactions. If the Card functionality will be so limited we will notify you of this at the time we approve you for a Physical Card.
- 2.7 **Authorizing Card Payments.** You can give your authorization for a Payment with your Card in the following manners:
- With a Virtual Card by entering your card details and authorizing the Payment, and if applicable after having gone through reasonable additional security protocols of Airwallex prompted by the online payment portal (such as 3D Secure).
 - With a Physical Card you authorize a Payment by using your card, enter your PIN code and authorize the transaction. In certain instances you authorize a Payment by using your card without entering your PIN code, for instance on toll roads or when paying for parking fees.
 - If your Physical Card has the payWave logo present, you may be able to make transactions by tapping your Card against the contactless reader at a participating merchant. If you do so, we will treat this as your instruction to make a Payment for the amount displayed on the contactless reader. If your purchase is under GBP 50, you may be able to make a Payment without entering your PIN, subject to our reasonable internal controls. You will always need to enter your PIN if the Card transaction is above GBP 50. You will also need to enter your PIN if you make consecutive transactions of GBP 50 or lower, but which together exceed GBP 150 since the last time you entered your PIN for a Card transaction or if you have made five contactless Card transactions since the last time you entered your PIN.
- 2.8 **Activating your Card.** When you receive a Physical Card, you must sign the back of the Card and activate the Card. We will send you instructions on how to activate the Physical Card when we send the Card to you.
- 2.9 **Pre-authorisation.** You may pre-authorise a Payment in the event that the final amount of the Payment is unknown at the time you make the pre-authorization. It is only possible to pre-authorize an exact amount. The amount of the pre-authorisation will be reflected in the balance of your Wallet as a reservation (i.e. this amount will be blocked) and will therefore be unavailable for future purchases until the reservation is lifted. As soon as we received information on the exact amount of the actual Payment, we will lift the reservation in respect of the portion of the reserved amount that was not used for the Payment.
- 2.10 **Currency conversion.** Your Card may be used to make purchases in certain Supported Currencies and Visa Supported Currencies.
- 2.11 If your transaction is in a Supported Currency that you can hold in your Wallet, the amount of your

transaction shall be deducted from the balance of your Wallet in that Supported Currency. You should ensure that your Wallet has sufficient balance in the relevant Supported Currency for that transaction as we will not perform any automatic FX Conversions in connection with such transaction. If the balance of your Wallet in the relevant Supported Currency is not sufficient, the transaction may be declined (even if your Wallet has balances maintained in other currencies).

- 2.12 If your transaction is in a Visa Supported Currency, the amount of your transaction will be converted from the balance of your Wallet maintained in the Base Currency using the foreign exchange rates determined by Visa for that transaction. You acknowledge and agree that we have no control over the rates selected by Visa and Visa may charge you a fee as part of this conversion process.
- 2.13 **Refunds.** If you receive a refund on a Card Payment in a Supported Currency that you are permitted to hold in your Wallet, we will credit your Wallet in that currency. If you receive a refund in anything other than a Supported Currency that you are permitted to hold in your Wallet, that amount will be converted into your Base Currency before being credited to your account at an exchange rate determined by Visa (which may be different to the exchange rate for the original transaction). Generally, transactions made in one currency must be refunded in that same currency. Refunds of transactions made through your Card shall be credited to the balance of your Wallet and may not be made through other means (for example, through cash).
- 2.14 **Merchant surcharges.** In some instances you may also be charged an extra charge by merchants in connection with the use of your Card. The surcharge may be applied once you have confirmed the amount of the transaction. This surcharge may appear as a separate transaction or as part of the entire purchase amount. Once you have confirmed the transaction you will not be able to dispute the surcharge amount.
- 2.15 **Authorisation and Suspension.** Transactions on your Card may require our authorisation. Before, we authorise a transaction we may require you to confirm your identity by following certain steps reasonably set out by us. We may in our reasonable discretion deny authorisation and/or suspend the use of your Card, because:
- a. the balance of your Wallet is insufficient;
 - b. the transaction exceeds any transaction limit in connection with your Card from time to time;
 - c. we suspect that there is fraud or a security issue or we suspect that your Card is being used for an illegal purpose; or
 - d. you have seriously or repeatedly breached these Issuing Terms or the terms of the Agreement.

We will give you notice of any suspension and the reasons for such suspension as soon as we can. Where possible we will do this before the suspension is put in place, or immediately after, unless it would compromise our reasonable security measures or otherwise be unlawful. We will lift the suspension as soon as practicable after the reasons for the suspension have ended. We will allow you to use or if necessary replace the Card as soon as practicable after the reasons for stopping its use cease to exist. You acknowledge and agree that we are not liable to you or any other person for any loss suffered as a result of an authorisation not being granted as permitted or required in the Agreement.

- 2.16 **Expiry date.** Unless you tell us not to, we may automatically issue a new Card prior to the expiry date of an existing Card, but we are not obliged to do so. You must not use a Card after its expiry date.
- 2.17 **Goods and Services.** We are not responsible for the quality, safety, legality, or any other aspect of any goods or services purchased with the Card. We are not liable for any loss arising from any

merchant refusing to accept your Card (although this does not exclude or limit our liability under other terms of the Agreement or under Applicable Law, for example if your loss was caused by our breach of the Agreement, negligence or other failure for which we are liable under Applicable Law). Any complaints about any goods or services purchased with a Card must be resolved directly with a merchant.

- 2.18 **Transaction and Card limits.** We may from time to time impose transaction limits on your use of the Card which may be on a per day or per transaction basis. Other third party organisations may impose additional restrictions on the amount of your transactions. We may also place limits on the number of Cards you can request from us each month or that you may have active at any one time.
- 2.19 We are not responsible for any decision by a merchant to accept or reject the use of a Card or for any charges incurred by any user of a Card who does not, in fact, have enough authorisation from you to use the Card.
- 2.20 **Card restrictions.** You may request us to place a special restriction on:
- a. the maximum amount for a transaction that may be conducted using a Card;
 - b. the place at which, or merchant with which, a Card may be used.
- Such requests can be made through the Airwallex Platform (if applicable). We will inform you if we can approve the request.

3 HOW TO REPORT A LOST OR STOLEN CARD

- 3.1 If you believe your Card has been lost or stolen or used without your authorisation you must notify us as soon as reasonably possible:
- a. by emailing us at: support@airwallex.com;
 - b. via telephone: +808 196 7574; or
 - c. via the Platform Provider (if applicable).
- 3.2 We may request additional information from you in connection with any misuse of your Card including date of transaction(s), amount(s), details of the merchant and any other details that we reasonably think may assist us in investigating your claim. You agree that you will reasonably cooperate with us (acting reasonably) in investigating any claims in connection with the misuse of your Card.

4 CHARGEBACKS

- 4.1 We may be entitled under the Agreement or Applicable Law to seek to reverse (chargeback) transactions made through your Card where you have a dispute with the merchant that supplied the goods or services ('**Disputed Transaction**'). For example, you may be entitled to reverse a transaction where the merchant has not provided you with the goods or services you paid for and you have tried to get a refund from the merchant and were unsuccessful.
- 4.2 To avoid losing any rights you may have to dispute such a transaction, you should:
- a. tell us as soon as reasonably possible after the date of the transaction; and
 - b. provide us with any information we reasonably ask for to support your request.
- 4.3 If we are satisfied after investigation that you are entitled to reverse a transaction, the amount initially debited for the transaction will be credited to the Wallet in the original currency of the transaction if that currency is a Supported Currency that you are permitted to hold in your Wallet. If the same currency is not a Supported Currency that you are permitted to hold in your Wallet at the time of the reversal, the amount will be credited in the Base Currency using the then prevailing exchange rates determined by Airwallex acting reasonably. If the currency of the original transaction is a Visa

Supported Currency, that amount will be converted by Visa into your Base Currency.

- 4.4 You should notify us as soon as you reasonably can of a Disputed Transaction. The operating rules of the Payment Networks impose time limits for raising a dispute. Generally, under these rules Airwallex must submit a fully detailed claim on your behalf within 120 days of the transaction taking place. If you do not notify us and provide us with sufficient information, we may be unable to investigate or lodge a claim in time in which case you will not be able to request a reversal anymore. It is your responsibility to review carefully your transaction history. We are not responsible for any loss to you if you do not ask us to reverse a transaction in time.
- 4.5 To notify us of a Disputed Transaction, please contact us and request a transaction dispute form and send the completed form to Airwallex at Airwallex Card Transaction Disputes by:
- a. mailing us: 33 Charlotte Street, London, W1T 1RR;
 - b. emailing us: support@airwallex.com; or
 - c. via the Platform Provider.
- 4.6 Please assist us by providing as much information as you can. Once we have received your completed form and associated information, we can only investigate the transaction on your behalf when the transaction has settled. The transaction is settled when it has been recorded in the Wallet. Our aim is to acknowledge receipt of your dispute form within 5 Business Days of receipt. However, the investigation of your Disputed Transaction may take longer.

5 CANCELLING A CARD

- 5.1 **Cancelling a Card.** You can view details of the Cards that have been issued in connection with your Wallet and you may request that any of those Cards be cancelled or temporarily suspended at any time.
- 5.2 Subject to the terms of the Agreement, you are liable for all transactions made by you through your Card before to its cancellation and for all transactions posted to your Wallet in respect of the period up until the Card is cancelled.
