

THE FINAL TOUCH

There's one more thing you need to stay compliant and earn with Lyft in Chicago: this 311 sticker.

HOW TO APPLY

1. **Make sure your front emblem is already in place.** Remember: It goes on the bottom, passenger-side corner on the inside of your front windshield.
2. **Remove the backing from your 311 sticker.**
3. **Place it on top of the "Lyft" logo that's facing the inside of your car.** The sticker should be right in the middle of the emblem, and cover the whole logo.

WHY YOU NEED IT

The 311 sticker is required by the city of Chicago and will help you avoid citations and fines.
