Transaction Commentary

"FTX US scaled rapidly throughout the course of 2021, and our Series A valuation reflects both what we've concretely accomplished and what we've laid the groundwork for in 2022. We are thankful for all of our investors, many of whom have supported FTX from its founding, and look forward to working with them as we enter the next stage of our expansion."

Brett Harrison
President

"Paradigm has been fortunate to be an investor in FTX's global business, and we are thrilled to invest in FTX US. The team is world class and their focus on great products and regulatory engagement will help ensure access to crypto for millions of Americans."

Matt Huang
Co-Founder and Managing Partner

"The FTX US team is laying the groundwork to become the dominant trading platform in the United States for all things crypto: spot trading, derivatives, and NFTs. They are growing market share as customers recognize the power and flexibility of the platform, and we expect that to accelerate as the product suite accelerates."
