## microfinancial Transaction Overview

#### **Transaction Overview**

- On December 15, 2014, Microfinancial (NASDAQ: MFI), a commercial micro-ticket leasing and financing provider, announced that it had entered into an agreement to be acquired by funds managed by Fortress Investment Group (NYSE: FIG)
- The deal was priced at a share price of \$10.20 a 23% premium over the prior closing price - or a total consideration of approximately \$147 mm
- Prior to the closing of the deal, Microfinancial plans to also declare a \$0.08 dividend on all of its outstanding common shares due either on the acceptance date of the Tender Offer or by January 12, 2015

- The transaction was reviewed by Microfinancial's Board of Directors and was unanimously approved with the recommendation for shareholders to approve the Tender Offer
- Prior to the announcement of the Tender Offer, the company's stock was priced at \$8.30, with a book value of \$6.31
- In order for the Tender Offer to close, two thirds of the total diluted shares of Microfinancial must be tendered

#### **Microfinancial Stock Price**

### **Company Reaction**

"We believe that the share price of \$10.20 per share represents a compelling value for our shareholders. The price represents a significant premium over the current trading price and our book value."

> - Richard F. Latour. Chief Executive officer of Microfinancial

## microfinancial – Overview

#### Overview

- Microfinancial, based in Burlington, MA and formerly known as Boyle Leasing Technologies - provides financing and leasing services to small and medium businesses via its subsidiary TimePayment
- TimePayment also allows for businesses to lease their commercial equipment to other businesses
  - Some examples of commonly leased items include: ATM machines, credit card terminals, computer and computer accessories, vending, machines, kitchen and food preparation equipment, Health-related equipment and water purification systems
- Financing options typically are in the range of \$500 -\$100,000

### **TimePayment for Equipment Sellers**

- Using the TimePayment product, equipment sellers can offer customers complete financing for equipment purchases
  - Financing options work to increase sales by enabling businesses, regardless of size, to purchase the company's products
- TimePayment's solution eliminates paperwork by processing and approving all elements online via a simple user interface
- TimePayment, unlike most common credit cards, provides the funds for the full invoice amount, reducing liability on the seller

#### **TimePayment for Lease Brokers**

- With TimePayment, lease brokers receive a series of benefits and tools to allow them to conduct their business better and more efficiently
- Quick credit decisions and funding within hours of request greatly speed up the ability of brokers to provide lending to businesses of all sizes
- The solution also provides the ability to choose a commission amount, which allows for increased flexibility based on customer type or business size

### **TimePayment for Equipment Buyers**

- Purchasing equipment with TimePayment's solutions is fast and hassle free
- Buyers can apply directly online and quickly learn the maximum amount that can be financed to better plan their future equipment purchase
- Affordable fixed monthly payments and minimal upfront cost allow for small businesses to manage their monthly cash flow more easily
- Lease payments can be tax deductible as an operational expense further reducing the liability on the company

microfinancial – Overview (cont.)

## Key Business Highlights

### **Micro-Ticket Transactions**

Allows for transaction processing with very little up-front cost

### **Provides Credit Sourcing**

Helps to reduce in-house credit lines allowing them to be used on other business expenses

# microfinancial

### **Multi-Tiered Pricing Model**

 Provides customization depending on company or organization size
