Transaction Commentary

"We decided that, with (SoftBank's) capital, and with their network, that we would be able to significantly expand the growth plans we have for the business. Aligned with our mission to support the financing needs of growth SMEs across the globe, we thought SoftBank...would be a really good investor to have alongside our existing strong investors."⁽¹⁾

"Small businesses are the key growth driver in most economies and that's true in the UK. The fundamentals are absolutely good over a period of time. If you tar a whole segment with the same brush I think that's incredibly unfair. You'll always have good businesses and bad businesses. SoftBank always has a very large vision for businesses they get involved in and for us we have a relentless focus on small businesses. For us to fulfill that on a global basis having an investor who shares that vision is really important."⁽²⁾
