CRACK THE CLUES TO
LEARN THE BASICS!

Using the definition clues and the letters inside the eggs, fill in the missing gaps to complete these common financial terms.

C H F T O E I M S C E L G O

GOA _ S

Objectives you set for saving and spending money.

STOCK _ ARKET

Where investors buy and sell shares of companies. It's a set of exchanges where companies issue shares and other securities for trading.

INV _ STING

Spending money on companies, projects or activities expected to make a positive return over time.

ST _ CKS

A form of security that shows the holder has a share of ownership in an investment and is sold mainly on stock exchanges.

S _ ARE PRICE

The cost of a share at its current value to buyers and sellers.

R _ SK

The chance an investment's actual gain will be different than you expect.

ES _

Stands for Environmental, social, and governance (ESG). Investors can use ESG to see if what they are investing in meets their values, which encourages companies to act responsibly.

_ TF

Stands for 'exchange-traded fund'. It's a collection of investments that trade like regular shares do.

PORTF _ LIO

A collection of investments like shares, bonds or savings that you own. It's like a wallet, but with investments instead of notes and coins.

D _ A

Stands for 'dollar cost averaging'. It's when you regularly invest the same amount, regardless of how much the share price is at the time.

MANAGED _ UND

A portfolio of stocks, bonds, or other securities owned by a group of investors.. You tend to get more diverse (varied) options with a managed fund.

_ AVINGS

Money left that's put aside for life goals. Like holidays, a new bike or maybe one day, a home to nest in.

IN _ EREST

Money that a bank, credit union, or other financial institution pays you for keeping your cash with them.

**_ OMPOUND
INTEREST**

When interest earned makes its own interest. Interesting, right?
