

# SHARESIES KIWISAVER SCHEME

## Product Disclosure Statement

18 August 2023

Issuer: Sharesies Investment Management Limited

This document gives you important information about this investment to help you decide whether you want to invest. There is other useful information about this offer on [disclose-register.companiesoffice.govt.nz](https://disclose-register.companiesoffice.govt.nz). Sharesies Investment Management Limited has prepared this document in accordance with the Financial Markets Conduct Act 2013. You can also seek advice from a financial advice provider to help you to make an investment decision.

This document replaces the product disclosure statement dated 12 January 2023.

---

# 01. Key information summary

## What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Sharesies Investment Management Limited (**Sharesies Investments, we, us, our**) will invest your money and charge you a fee for its services.

The returns you receive are dependent on the investment decisions of Sharesies Investments and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this document.

## What will your money be invested in?

The Sharesies KiwiSaver Scheme (the Scheme) offers 5 funds for you to invest in. These investment options are summarised below. More information about the investment target and strategy for each investment option is provided at **section 3 “Description of your investment options”**.

Fund	Description and investment objective	Risk indicator <sup>1</sup>	Estimated annual fund charges <sup>2</sup>
<b>Sharesies Pathfinder Ethical Growth Fund</b>	Invests wholly in the Pathfinder Ethical Growth Fund, an ethical portfolio with a higher exposure to growth assets and a lower exposure to income assets.		1.47%
<b>Sharesies Smartshares Growth Fund</b>	Invests wholly in the SuperLife Growth Fund. Designed for investors that want a growth investment option that aims to achieve higher returns over the long term, with more ups and downs along the way. Provides exposure to a diverse range of domestic and global growth assets.		0.51%
<b>Sharesies Pie Global Growth 2 Fund</b>	Invests wholly in the Pie Global Growth 2 Fund, whose objective is to generate capital growth which outperforms the market index by investing predominantly in listed international large companies.		1.47%
<b>Sharesies Smartshares Balanced Fund</b>	Invests wholly in the SuperLife Balanced Fund. Designed for investors that want a balance between stability of returns and growth of their investment over the long term. Provides exposure to a diverse mix of growth and income assets.		0.50%
<b>Sharesies Smartshares Conservative Fund</b>	Invests wholly in the SuperLife Conservative Fund. Designed for investors that want a conservative investment option that aims to provide more stable returns over the short to medium term. Provides exposure to a diverse range of domestic and global income assets.		0.47%

<sup>1</sup> The funds do not have a five-year return history. The risk indicator was prepared using market index returns for the period 1 July 2018 to 30 April 2023 and the funds' actual returns for the period 1 May 2023 to 30 June 2023. Accordingly, the risk indicator may provide a less reliable indicator of the potential future volatility of each fund.

<sup>2</sup> Annual fund charges include an estimate of applicable underlying fund charges and include GST.

See **section 4 “What are the risks of investing”** for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [sorted.org.nz/tools/investor-kickstarter](https://sorted.org.nz/tools/investor-kickstarter).

## Who manages the Sharesies KiwiSaver Scheme?

Sharesies Investment Management Limited is the manager of the Scheme. Refer to **section 7 “Who is involved”** for more information.

## How can you get your money out?

Generally, you can withdraw your investment when you reach the age to qualify for New Zealand superannuation (currently age 65).

You can transfer your investment to another KiwiSaver scheme at any time.

In certain circumstances, you may be able to make an early withdrawal. These circumstances include the purchase of a first home, financial hardship and serious illness.

See **section 2 ‘How does this investment work?’** for more information.

## How will your investment be taxed?

The Scheme is a portfolio investment entity (PIE). The amount of tax you pay in respect of a PIE is based on your prescribed investor rate (PIR). To determine your PIR, go to [ird.govt.nz/pir](http://ird.govt.nz/pir). See **section 6 “What taxes will you pay?”** on page 10 for more information.

## Where can you find more key information?

Sharesies Investments is required to publish quarterly updates for each fund. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest fund updates are available at [sharesies.co.nz/kiwisaver](http://sharesies.co.nz/kiwisaver). The manager will also give you copies of those documents on request.

## 02. How does this investment work?

KiwiSaver is a long-term savings initiative designed to encourage you to save for your retirement. The key benefit of the Scheme is to provide you with flexibility to choose from a range of managed fund options.

There is no Crown guarantee in respect of any KiwiSaver scheme or investment product of a KiwiSaver scheme.

### Structure of the Scheme

The Scheme is a unit trust governed by a governing document between Sharesies Investments, as manager, and Trustees Executors Limited (TEL), as the Scheme's supervisor. The assets of each fund within the Scheme are held on trust by TEL as custodian. TEL may appoint a nominee / sub-custodian.

The Scheme is a "defined contribution scheme". This means the benefits you receive depend on the contributions paid to your account, investment gains and losses, and any money deducted from your account (e.g., for fees and taxes).

Your account is invested in whichever fund you select and its value varies in accordance with the returns achieved by the fund chosen. The number of units you have, when multiplied by the unit price, represents the value of your KiwiSaver savings in a fund, excluding unpaid tax or tax rebates.

The savings in your KiwiSaver account grow when your fund's unit price increases. This will happen when the assets that the fund invests in increase in value. Your savings can also go down when the assets the fund invests in decrease in value.

These units do not give you ownership rights in respect of any fund assets, but they do give you rights from those assets, including returns. Each fund and investment class is treated as a separate and distinct portfolio. This means that all liabilities incurred in relation to a fund will only be met from that fund's assets, except where we transfer value between funds to accommodate the Scheme being a single entity or taxpayer.

### Joining the Scheme

You can join the Scheme if you:

- are living or normally living in New Zealand; and
- are a New Zealand citizen, or entitled to live in New Zealand permanently.

We can decide not to accept your application to join. If that happens, we will let you know.

You can also join if you're a New Zealand government employee who is working overseas on New Zealand terms and conditions (provided that KiwiSaver membership is lawful in your jurisdiction).

If you are already a KiwiSaver member, you can transfer your savings to the Scheme.

To join the Scheme you must first become a Sharesies customer. You can join or transfer to the Scheme by applying online at [sharesies.co.nz](https://sharesies.co.nz).

See **section 10 "How to apply"** for more information on joining the Scheme.

### Making investments

If you're employed, KiwiSaver contributions are deducted from your pre-tax (gross) salary or wages at a rate of 3%, 4%, 6%, 8% or 10%. If you do not select a rate your default rate will be 3%. If you are contributing to KiwiSaver, you may also be entitled to an employer contribution of 3% of your pre-tax salary or wages. Tax is deducted from employer contributions.

Any member can also make additional voluntary contributions by regular or lump sum payments.

Information on how to make additional contributions is available at [sharesies.co.nz/kiwisaver](https://sharesies.co.nz/kiwisaver).

If you're over 18 and below the superannuation age (currently 65), the Government will (if you're eligible) contribute 50 cents for every dollar you contribute, up to a maximum Government contribution of \$521.43 each year (1 July to 30 June). This is paid directly to your KiwiSaver account around late July each year.

You can change your contribution rate or have a 'savings suspension', subject to some restrictions.

You may also be able to transfer savings from an existing New Zealand or overseas superannuation scheme. To transfer from an Australian complying superannuation fund, you will need to have permanently emigrated to New Zealand.

## Withdrawing your investments

You are generally not eligible to withdraw your investment in the Scheme until you reach the New Zealand superannuation qualification age (currently 65). Once you are able to withdraw your investment, you may withdraw your investment by making regular or lump sum withdrawals or by withdrawing the full amount. You may also continue to make contributions to the Scheme.

Early withdrawals are permitted in limited circumstances. The main types of early withdrawals available and what you can withdraw are set out below.

You can also transfer your investment to another KiwiSaver scheme at any time. You can only be a member of one KiwiSaver scheme at a time.

If you die, we will pay your investment to your personal representatives (the executors or administrators of your estate) or otherwise in accordance with law.

Withdrawals may also be required by law (for example, if a court orders the release of money from your account).

Under the governing documents, in limited circumstances we can suspend the ability to make withdrawals.

See the Other Material Information (OMI) for full details of the withdrawal requirements, available at [sharesies.co.nz/kiwisaver](https://sharesies.co.nz/kiwisaver) and on the Disclose Register at [disclose-register.companiesoffice.govt.nz](https://disclose-register.companiesoffice.govt.nz).

## How to switch between funds

You may switch funds at any time through our platform. A switch will be treated as a redemption from one fund and an application into another fund. We do not charge an entry/exit fee or a buy/sell spread.

## Responsible investment

Responsible investment, including environmental, social, and governance considerations, is not taken into account in the investment policies and procedures of the Scheme as at the date of this product disclosure statement. However, the managed funds available as investment options have responsible investment policies and procedures. Please refer to the offer documents of the relevant fund for more information.

### Permitted withdrawals

(as referred to in the KiwiSaver Act 2006)

Withdrawal type	Your contributions and returns	Your employer's contributions and returns	Government contribution	Government kick-start payment (if any)	Australian transferred savings
Reaching superannuation qualification age (currently 65)	✓	✓	✓	✓	✓
Retirement withdrawal of Australian sourced amounts from age 60 and before superannuation qualification age	✗	✗	✗	✗	✓
Buying your first home <sup>1</sup>	✓	✓	✓	✗	✗
Serious illness	✓	✓	✓	✓	✓
Significant financial hardship	✓	✓	✗	✗	✓
Permanent emigration - to countries other than Australia <sup>2</sup>	✓	✓	✗	✓	✗
Permanent emigration - to Australia <sup>3</sup>	✓	✓	✓	✓	✓
Deceased member	✓	✓	✓	✓	✓
To pay tax which arises from a foreign superannuation scheme withdrawal	✓	✓	✗	✗	✓
Life-shortening congenital condition	✓	✓	✓	✓	✓

<sup>1</sup>You must maintain a minimum \$1,000 balance when making a first home withdrawal, and must have been in KiwiSaver for three years. There are some circumstances where you may be able to use your KiwiSaver if you have owned a home before. Please refer to [kaingaora.co.nz](https://kaingaora.co.nz)

<sup>2</sup>Withdrawals can only be made one year after your permanent emigration

<sup>3</sup>Withdrawals can be used only to transfer your balance (if it is below a maximum amount) to an Australian complying superannuation scheme

## 03. Description of your investment options

Fund name, description and investment objective	Target investment mix	Minimum suggested timeframe	Risk Indicator*
<p><b>Sharesies Pathfinder Ethical Growth Fund</b></p> <p><b>Description and investment objective:</b> Invests wholly in the Pathfinder Ethical Growth Fund, which is an ethical portfolio investing to achieve medium to high returns.</p> <p><b>Strategy:</b> An ethical portfolio with a higher exposure to growth assets and a lower exposure to income assets. Investments are spread across multiple asset types, geographies, companies and sectors to provide diversification. The investment strategy includes management of foreign currency exposure to New Zealand dollars.</p>	Cash & Cash Equivalents 7.7%, New Zealand Fixed Interest 8.8%, International Fixed Interest 11.7%, Australasian Equities 20.6%, International Equities 41.5%, Listed Property 4.7%, Other Assets 5%.	8-10 years	Lower Risk <span style="float: right;">Higher Risk</span>  Potentially Lower Returns <span style="float: right;">Potentially Higher Returns</span>
<p><b>Sharesies Pie Global Growth 2 Fund</b></p> <p><b>Description and investment objective:</b> Invests wholly in the Pie Global Growth 2 Fund, targeting capital growth over a period exceeding five years.</p> <p><b>Strategy:</b> Investment predominantly in listed international large companies. It may also invest in other types of financial products including cash and unlisted equities.</p>	International Equities 100%.	5 years	Lower Risk <span style="float: right;">Higher Risk</span>  Potentially Lower Returns <span style="float: right;">Potentially Higher Returns</span>
<p><b>Sharesies Smartshares Growth Fund</b></p> <p><b>Description and investment objective:</b> Invests wholly in the SuperLife Growth Fund. Designed for investors that want a growth investment option that aims to achieve higher returns over the long term, with more ups and downs along the way.</p> <p><b>Strategy:</b> The fund aims to maximise long term returns by investing 80% in growth assets, such as shares and property, with a small diverse allocation to income assets. The fund keeps fees low by passively tracking market indexes.</p>	Cash & Cash Equivalents 4%, New Zealand Fixed Interest 8%, International Fixed Interest 8%, Australasian Equities 19%, International Equities 53%, Listed Property 4%, Other Assets 4%.	9 years	Lower Risk <span style="float: right;">Higher Risk</span>  Potentially Lower Returns <span style="float: right;">Potentially Higher Returns</span>
<p><b>Sharesies Smartshares Balanced Fund</b></p> <p><b>Description and investment objective:</b> Invests wholly in the SuperLife Balanced Fund. Designed for investors that want a balance between stability of returns and growth of their investment over the long term.</p> <p><b>Strategy:</b> The fund provides a balanced investment, with 60% growth assets (such as shares and property) and 40% income assets (such as bonds and cash). The fund keeps fees low by passively tracking market indexes.</p>	Cash & Cash Equivalents 8%, New Zealand Fixed Interest 15%, International Fixed Interest 17%, Australasian Equities 14%, International Equities 40%, Listed Property 3%, Other Assets 3%.	8 years	Lower Risk <span style="float: right;">Higher Risk</span>  Potentially Lower Returns <span style="float: right;">Potentially Higher Returns</span>
<p><b>Sharesies Smartshares Conservative Fund</b></p> <p><b>Description and investment objective:</b> Invests wholly in the SuperLife Conservative Fund. Designed for investors that want a conservative investment option that aims to provide more stable returns over the short to medium term.</p> <p><b>Strategy:</b> The fund aims to provide stable returns by investing in 70% income assets, such as domestic and international bonds, cash and cash equivalents. It also has a small diverse allocation to global growth assets. The fund keeps fees low by passively tracking market indexes.</p>	Cash & Cash Equivalents 14%, New Zealand Fixed Interest 27%, International Fixed Interest 29%, Australasian Equities 5%, International Equities 22%, Listed Property 1.5%, Other Assets 1.5%.	6 years	Lower Risk <span style="float: right;">Higher Risk</span>  Potentially Lower Returns <span style="float: right;">Potentially Higher Returns</span>

\*The funds do not have a five-year return history. The risk indicator was prepared using market index returns for the period 1 July 2018 to 30 April 2023 and the funds' actual returns for the period 1 May 2023 to 30 June 2023. Accordingly, the risk indicator may provide a less reliable indicator of the potential future volatility of each fund.

If you would like to learn more about the funds within the Scheme, you can read the Statement of Investment Policy and Objectives (SIPO). The most current SIPO can be found on our website at [sharesies.co.nz/kiwisaver](https://sharesies.co.nz/kiwisaver).

The Scheme's SIPO is established by Sharesies Investment Management Limited in consultation with the Supervisor. It contains the investment philosophy, strategies, and objectives for each fund. We can make changes to the

SIPO, from time to time without notifying you, if we decide a change is appropriate. Before making changes to the SIPO, we will consider if the changes are in the best interests of Members and consult with the Supervisor. Any changes to the SIPO require Sharesies Investments Board approval, as well as written approval of the Supervisor. Changes will also be communicated no later than the next quarterly fund update. Further information about the assets in the fund can be found in the fund updates at [sharesies.co.nz/kiwisaver](https://sharesies.co.nz/kiwisaver).

# 04. What are the risks of investing?

## Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at [sorted.org.nz/tools/investor-kickstarter](https://sorted.org.nz/tools/investor-kickstarter).

Note that even the lowest category does not mean a risk-free investment, and there are other risks (described under the heading "Other specific risks") that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on market index returns data for the 5 years to 30 November 2022. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest fund update for this fund.

See the table on **page 7** for the filled-in risk indicator for each fund.

## General investment risks

Some of the things that may cause a fund's value to move up and down, which affect the risk indicator, are:

**Market risk** - Fund returns are directly affected by the overall performance of the financial markets. Therefore the value of investments may go up and down in response to changes in market conditions, for example prospects of companies, political events, natural disasters, pandemics or economic events such as recession.

**Credit risk** - This is the risk of any investment in the portfolio becoming insolvent and being placed in receivership, liquidation or statutory management, or being otherwise unable to meet its financial obligations. If this occurs, you may not recover the full amount of the investment made.

**Interest rate risk** - Interest rate risk is the possibility that an investment held will decline in value as a direct result of changes in interest rates.

**Asset allocation risk** - This is the risk that the fund has a higher allocation to an asset class that does not perform as well as expected, or has a lower allocation to an asset class that performs better than expected. The fund will hold a mix of asset classes including shares and fixed interest investments (like bonds and bank deposits).

**Liquidity risk** - This is the risk that the fund cannot easily sell its investments or can only sell at a much lower price than in normal market conditions. This may affect the value of the fund's assets and applies to both listed and any unlisted investments of the funds.

**Currency risk** - This is the risk that changes in exchange rates cause the value of an international investment to reduce.

**Counterparty risk** - This is the risk that the financial strength of a party to a contract with the fund fails to perform its obligations or its financial strength worsens. If such a party (which includes underlying fund managers, banks and brokers) defaults on its obligations to the fund or becomes insolvent, then the value of the fund will be affected.

## Other specific risks

There are other factors that may impact members' returns that are not reflected in the risk indicator.

**Fund selection risk** - There is a Scheme specific risk relating to the selection of the underlying fund managers who are responsible for managing the underlying funds that the Scheme's funds invest into. We mitigate this risk by having an appropriate manager selection and monitoring process. However, there is the risk an underlying fund manager underperforms compared to other fund managers.

## 05. What are the fees?

You will be charged fees for investing in the Sharesies KiwiSaver Scheme. Fees are deducted from your investment and will reduce your returns. If Sharesies Investments invests in other funds, those funds may also charge fees. The fees you pay will be charged in two ways:

**Regular charges** (for example, annual fund charges). Small differences in these fees can have a big impact on your investment over the long term.

**One-off fees** (for example buy and sell spreads). We do not currently charge one-off fees.

### Fund annual fund charges (% of net asset value)

	Annual fund charges (incl. GST)
Sharesies Pathfinder Ethical Growth Fund	1.47% *
Sharesies Smartshares Growth Fund	0.51% *
Sharesies Pie Global Growth 2 Fund	1.47% *
Sharesies Smartshares Balanced Fund	0.50% *
Sharesies Smartshares Conservative Fund	0.47% *

\* Annual fund charges include an estimate of applicable underlying fund charges.

The fund charges represent our best estimates of the fees and expenses that will be charged to each fund. These have been estimated using information provided by the underlying fund managers and by reference to each underlying fund's disclosure documents.

The fund charges are deducted from and reflected in the value of each fund. The fund charges include all normal day-to-day fund costs and expenses including the fees and charges charged by the supervisor, custodian and other service providers. They also include the fees and costs charged by any other funds we invest in.

We do not charge any other fees to you, however, Sharesies Investments is remunerated by the underlying fund managers.

### The fees can be changed

The underlying fund fees are set by the underlying fund managers and not by us. This means they can change at any time and without prior notice to you. Under the Scheme's Governing Document, the fees charged by the Scheme can be changed and we will give 30 days prior written notice to the Supervisor and affected Members.

We must publish a fund update for each fund showing the fees actually charged during the most recent year. Fund updates, including past updates, are available at [sharesies.co.nz/kiwisaver](https://sharesies.co.nz/kiwisaver).

### Example of how fees apply to an investor

Sophie invests \$10,000 in the Sharesies Pathfinder Ethical Growth Fund. The starting value of her investment is \$10,000. She is charged management and administration fees, which work out to about \$147 (1.47% of \$10,000) per year. These fees might be more or less if her account balance has increased or decreased over the year.

### Estimated total fees for the year

Fund charges: \$147

See the latest fund update for an example of the actual returns and fees members were charged over the past year.

This example applies only to the Sharesies Pathfinder Ethical Growth Fund. If you are considering investing in other funds or investment options in the Scheme, this example may not be representative of the actual fees you may be charged.

## 06. What taxes will you pay?

The Scheme is a portfolio investment entity (**PIE**). The amount of tax you pay is based on your prescribed investor rate (**PIR**). To determine your PIR, go to [ird.govt.nz/pir](http://ird.govt.nz/pir). If you are unsure of your PIR, we recommend you seek professional advice or contact the Inland Revenue Department.

It is your responsibility to tell us your PIR when you invest or if your PIR changes. If you do not tell us, a default rate may be applied. If the rate applied to your PIE income is lower than your correct PIR, you will be required to pay any tax shortfall as part of the income tax year-end process. If

the rate applied to your PIE income is higher than your PIR, any tax over-withheld will be used to reduce any income tax liability you may have for the tax year and any remaining amount will be refunded to you.

See the Other Material Information (**OMI**) for more information about the tax consequences of investing in the Scheme, available at [sharesies.co.nz/kiwisaver](http://sharesies.co.nz/kiwisaver) and on the Disclose Register at [disclose-register.companiesoffice.govt.nz](http://disclose-register.companiesoffice.govt.nz).

## 07. Who is involved?

### About Sharesies Investment Management Limited

The manager of the Scheme is Sharesies Investment Management Limited and is a wholly owned subsidiary of Sharesies Group Limited.

You can contact us using the details below:

**Call:** 04 886 3313 during normal business hours

**Email:** [help@sharesies.co.nz](mailto:help@sharesies.co.nz)

**Website:** [sharesies.co.nz/kiwisaver](http://sharesies.co.nz/kiwisaver)

### Write to us at:

Sharesies KiwiSaver Scheme  
Level 6  
111 Customhouse Quay  
Wellington, 6011  
Attention: Sharesies KiwiSaver Scheme customer services

### Who else is involved?

	Name	Role
<b>Supervisor</b>	Trustees Executors Limited	Supervisor of the Scheme, responsible for supervising the manager
<b>Custodian</b>	Trustees Executors Limited	Holds fund assets on behalf of members of the Scheme
<b>Other</b>	Apex Investment Administration (NZ) Ltd	Provides services to support the Scheme, including processing transfers and contributions.
	Sharesies Limited	Provides services to support the Scheme, including dealing with Scheme members, maintaining records, marketing, accounting and performing other administration management duties as reasonably required by the manager.

## 08. How to complain

If you have a complaint, or a question about our complaints process, let us know at [help@sharesies.co.nz](mailto:help@sharesies.co.nz).

**Call:** 04 886 3313 during normal business hours

**Email:** [help@sharesies.co.nz](mailto:help@sharesies.co.nz)

**Write to:**

Sharesies KiwiSaver Scheme  
Level 6  
111 Customhouse Quay  
Wellington, 6011  
Attention: Sharesies KiwiSaver Scheme complaints

You can also lodge a complaint with TEL (the Scheme supervisor). The Supervisor can be contacted at:

**Call:** 0800 878 783 during normal business hours

**Email:** [cts@trustees.co.nz](mailto:cts@trustees.co.nz)

**Write to:**

Trustees Executors Limited  
Level 11, 51 Shortland Street  
Auckland 1140  
Attention: Corporate Trustee Services

If we or TEL are not able to resolve your complaint or you are dissatisfied with the outcome, you may refer your complaint to Financial Services Complaints Limited (**FSCL**), which is an approved dispute resolution scheme both we and TEL are members of.

**Call:** 0800 347 257

**Email:** [complaints@fsc.org.nz](mailto:complaints@fsc.org.nz)

**Write to:** FSCL, PO Box 5967, Wellington 6140

For more information, please visit [fsc.org.nz/complaints/how-make-complaint](https://fsc.org.nz/complaints/how-make-complaint).

FSCL will not charge a fee to any complainant to investigate or resolve a complaint.

## 09. Where you can find more information

Further information relating to the Scheme, including the Scheme's governing document, other material information, financial statements and annual reports is available on the disclose register at [disclose-register.companiesoffice.govt.nz](https://disclose-register.companiesoffice.govt.nz).

A copy of the above information is available on request to the Registrar of Financial Service Providers. It is also available free of charge at [www.sharesies.co.nz](http://www.sharesies.co.nz), or by contacting us through one of the ways listed on page 10.

You will be sent an annual member statement and tax certificate each year.

You can obtain general information about us and the Scheme at [sharesies.co.nz](http://sharesies.co.nz).

You can view other information about your investment by logging on to [sharesies.co.nz](http://sharesies.co.nz).

## 10. How to apply

To become a member of the Scheme, you first need to sign up as a Sharesies customer at [sharesies.co.nz](http://sharesies.co.nz), then you can complete the online application form in the Sharesies app.

If you need any help completing your application, please contact us at [help@sharesies.co.nz](mailto:help@sharesies.co.nz)
