

AN AIRBUS INNOVATION CENTER

Paige Wilson

Chief Development Officer (CDO)

Paige took on the position of Chief Development Officer (CDO) at Acubed in February 2025. She brings well over a decade of experience in the realm of aerospace research, technology and innovation to the role. Prior to joining Acubed, Paige supported the launch of several new business units, incubators, departments and teams during her tenure in Airbus, Acubed's parent company. She has a successful track record in positioning the company in new and emerging markets through her strategic acumen, strong communications skills and ability to motivate others.

In her role as CDO, Paige is responsible for driving research and innovation partnerships and development in the US. She is dedicated to Acubed's mission to accelerate the adoption of AI and autonomy to increase Airbus' competitive advantage.

Paige holds a Bachelor of Arts from the College of Wooster and a Master of Arts from Kent State University. A certified Yoga instructor, Paige enjoys exploring how to incorporate the wisdom of yoga in the work context.
