

At Lotus, we are redefining luxury small kitchen appliances with harmony, intention, empowerment, & elevation. We seamlessly blend sophistication and performance, ensuring an elevated culinary experience for those who demand the best. Our products are designed with a seamless connection between the cook and the kitchen focusing on thoughtful design with meaningful innovation. Lotus creates products that refine the craft & intuitive tools for exceptional results. We believe culinary excellence should be effortless.

THE TWO SLICE™ Precision Toaster

Luxury Countertop Cooking at the Next Level

Flexibility & Precision - Designed for ultimate versatility, the Lotus Professional Series Two Slice Toaster features extra-wide slots to accommodate thick bagels, artisan breads, and a variety of bread shapes and sizes. Self-centering bread guides ensure even toasting, whether using thin or thick slices. For superior toast performance, the 1-Slice Feature automatically adjusts heat distribution when toasting a single slice, ensuring consistent results.

Advanced Control & Customization - With seven toast shade settings, precisely adjust the toast color. The Cancel, Bagel, 1 Slice, and Defrost functions offer added flexibility, while the commercial-grade heating elements ensure reliable and consistent performance. The Bagel setting expertly toasts the inside while gently warming the outside. The defrost function delivers one-step toasting for frozen bread, waffles, French toast, and more.

Sleek & Thoughtful Design - Built for luxury and durability, this toaster features a stainless steel and die-cast construction that complements any high-end kitchen. The extended bread lifter makes for effortless removal of smaller foods and slide-out crumb tray makes for easy cleanup.

Elevate your kitchen with the Lotus Toaster—where precision meets performance in a stunning, high-end design.
