# NEXT GENERATION CONCRETE FENCING

FROM THE PROFESSIONALS, FOR THE PROFESSIONALS.

Ibstock's new **Strongcast Professional** fencing range aims to be best in class for its finish, quality, weight, strength and functionality. With lower embodied carbon, we are continually making improvements to our products to meet the requirements of our customers.

## LIGHTER AND MORE VERSATILE

25%\*  
LIGHTER

### LIGHTER

A reduced section size has been achieved through the use of a **super steel reinforcement cage**, better aggregates, advanced plasticisers and a unique curing process.

35%\*  
LIGHTER

### CORNER OPTION

The most frequently used size of this product usually weighs in excess of 75kg. We have created it at a weight of just **50kg** resulting in only a **2 person lift**.

### 3 WAY OPTION

A **semi-dry 3 way option** is a firm favourite for large contractors and larger developments. Through investment in our manufacturing capability, we are proud to be the first to offer you a professional and complete solution when it comes to different installation layouts.

## NEW INNOVATIONS

### GRAVEL BOARD FIXER

Unique retention hole to allow a gravel board to be supported by a fixing pin to **overcome unstable or sloping ground conditions**.

### SCORPION CLIPS

Quick and easy to install **anti-rattling** device.

### DIG DEPTH REFERENCE

All **Strongcast Professional** posts will include a dig depth reference point to assist with achieving consistent depths and horizontal alignment.

## IMPROVED SUSTAINABILITY

Up to **35% less embodied carbon** vs the Strongcast Original Range

## IMPROVED STRENGTH

Delivers a **Class A wind rating** in accordance with EN12839.\*

\*applies to product SLT244IPR

## HEDGEHOG GRAVEL BOARD

The protection of our environment is key to us, which is why we have included a gravel board option that includes a **13cm diameter hole**, allowing hedgehogs
