Our February newsletter features several exciting announcements from The Upswing Fund!

First, we would like to thank everyone for participating in our newsletter survey last month. Your feedback is central to how we will design our content moving forward. We heard that you want to keep newsletters at a monthly cadence and find the funding opportunities particularly helpful.
We would also like to take a moment to recognize Black History Month. This year’s theme of Black Health and Wellness is particularly resonant with our shared mission of closing mental health care equity gaps for youth of color and the journey towards healing from the wake of the COVID-19 pandemic.

New report release!

**Addressing the Adolescent Mental Health Emergency: Community Based Recommendations for Key Stakeholder Groups**

Informed by our grantee partners, we explore the barriers that community-based organizations face in providing accessible, culturally responsive mental health care and provide recommendations to take action to close gaps in care.

The report is broken into four themes:

- Funding for Community-Based Programs
- Building Community Partnerships
- Building and Sustaining a Mental Health Care Workforce
- Measuring the Mental Health & Wellbeing of Adolescents

Read more from the report (including quotes from our partners!) here: [bit.ly/UpswingReport](bit.ly/UpswingReport)
Reflecting on all of our partners' work last year, we have also released a 2021 Impact Summary.

In 2021, Surge Capacity grant recipients served 364,367 youth of color and 110,674 LGBTQ+ youth. Our Systems Enabler grant recipients served 1,317,118 adolescents.

Read the full summary and six spotlights of grant recipient work here: bit.ly/Upswing2021

We're hiring for the next Director of The Upswing Fund!

Our founding Director, Solome Tibebu, has transitioned to our Advisory Committee, leaving big shoes to fill. We’re thankful for her leadership and are excited to bring on a new leader!

About the role: The Director will have a clear vision for the role of the Fund in advancing impact for the field and will serve as a network builder among grantees and across the adolescent mental health ecosystem. This leader is responsible for strategic direction for and management of work including a grantmaking strategy; partnerships to attract funding and other resources for the Fund; and amplification of grantee voices for greater issue awareness; and day-to-day program implementation. Learn more about the role and apply here!
Last, but certainly not least, The Upswing Fund is happy to announce that we have awarded $652,500 in second-year funding to nine community-based grant recipients! These grants will support critical work in providing mental health and well-being services to adolescents of color and LGBTQ+ youth. We are so excited to see what these incredible organizations do in 2022. Read more about the announcement [here](#).

- **Black Girls Smile** (Atlanta, GA)
- **Centro Sávila** (Albuquerque, New Mexico)
- **Girls Write Now** (New York, NY)

  [Register here.](#)
  - This discussion with Silver Lining Mentoring will explore how they cultivate skills in mentors of foster youth in the greater Boston area, as well as methods for strengthening mentoring

---

**Partners in the News**

**Inseparable's** Hopeful Futures Campaign releases National and State School Mental Health Report Cards
Inseparable's Hopeful Future Campaign recently launched an interactive tool with school mental health "report cards" by state. These report cards provide a snapshot of information regarding the gap in youth access to school mental health services, availability of school mental health professionals, school-family-community partnerships, funding supports, mental health education, and more. The site also provides actionable recommendations for how individuals can advocate for better school mental health supports in their state.

Read more and find your state's school mental health report card here: hopefulfutures.us/

Youth Forward advocates to maintain California cannabis tax revenue for youth-serving programs
In 2016, California passed Proposition 64 which directed tax revenue generated from cannabis cultivation and sales in the state towards youth programs, child care support, substance use treatment, and larger social services serving youth and families in low-income areas. **In light of a recent legislative proposal to deliver tax relief to cannabis producers,** 152 children's advocacy groups, including Youth Forward, prepared and signed a letter in opposition of the bill.

Youth Forward also hosted a virtual panel comprised of childcare and health advocates to speak on the importance of maintaining state cannabis tax revenue as a means of bolstering and funding youth-serving programs that have been on the front-lines of mental health and social services for youth and families in under-resourced areas, particularly during the strain of the COVID-19 pandemic. Learn more about Youth Forward's work [here](#).

**The Jed Foundation** and **The Trevor Project** among 20 organizations endorsing Youth Mental Health and Suicide Prevention Act
Last week, U.S. Senators Jacky Rosen (D-NV) and Lisa Murkowski (R-AK) introduced the Youth Mental Health and Suicide Prevention Act to address the national mental health crisis among K-12 students. The bill seeks to authorize the Substance Abuse and Mental Health Services Administration (SAMHSA) to provide direct funding to K-12 school districts specifically to support mental health and suicide prevention efforts on the ground. This week, more than 20 organizations across the fields of education and mental health officially endorsed the bill, including JED and The Trevor Project.

Read more about the bipartisan bill and its supporters [here](#).
