Kaiser Permanente Affinity x ClassPass FAQs

What types of in-person classes can I book through my ClassPass membership?

ClassPass has thousands of fitness venues across the globe. Fitness classes include everything from high-intensity activities like boxing, rowing, and running, to low impact activities like yoga, cycling, and barre. You can also book nontraditional activities like martial arts, dance, and aerial. If you're not interested in group classes, you can book time slots at local gyms on ClassPass as well.

Currently, the ClassPass offer for Kaiser Permanente will only include fitness and workouts. All other services that were part of the ClassPass network will no longer be available through this offer.

See what venues are near your work or home by searching your city or zip code at classpass.com/search.

Can I cancel a class after I book it? Is there a cancellation fee?

Late Cancel: In-person reservations can be cancelled up to 12 hours prior to start time with no charge, and the credits you used to book the reservation will be automatically returned to your account. If a cancellation takes place within 12 hours of start time, a late cancellation fee will be charged for select reservations. [See the fees chart here.](#)

Missed Reservation: If you miss an in-person reservation without cancelling, the credits used to book will be automatically returned to your account. A missed reservation fee will be charged for select reservations if a cancellation is not made prior to start time. [See the fees chart here.](#)

Can I change or cancel my plan after I sign up?

Yes! ClassPass is a monthly membership that renews each month on the same day – so if you sign up on the 5th of the month, you renew and are charged every month on the 5th. If you start on one plan and decide you'd like to switch plans or cancel, reach out to the Customer Service team at classpass.com/contact or visit your 'Account Settings' before your next cycle starts to make any changes to your membership. Any credits remaining in your account at the end of your cancellation cycle will be forfeited.

What if I do not use all of my credits during my cycle?

No problem. You are able to roll over unused credits up to the total number of credits in your upcoming plan – every month. For example, if you're set to renew on a 45 credit plan, you can roll over up to 45 unused credits into your next cycle. If you are set to switch to a 21 credit plan, up to 21 unused credits will roll over.

Can I use my credits and my account to book classes for my dependents?

Your credits can only be used to book classes for you. However, your dependents who are Kaiser Permanente members and 18+ are also eligible for the exclusive Kaiser Permanente member rate. If your dependent would like to create an account, please have them follow the steps on the previous page.

How long does my membership last?

ClassPass is a monthly membership that automatically renews each month unless you choose to cancel it. If you decide to cancel, please note the cancellation will go into effect for the upcoming month in order to allow you to use your credits for the current month that you have already paid for. For example: if you sign up on July 5, your plan renews and you are charged on the 5th of every month. If you decide to cancel on July 7, the cancellation will go into effect on August 5, but you will still be able to use your ClassPass membership through August 4.
