

# Little Baby Bum: Music Time

## Rainstick

 Have an adult help with this project.

### Gather supplies

- Paper towel roll
- Bottle caps
- Strips of white paper
- Tan construction paper
- Black marker
- Glue
- Rice
- Aluminum foil
- Colored pens
- Character stickers

2

### Curl

Unroll about two feet of aluminum foil and twist into a curly rope.

3

### Curl more

With another two feet of aluminum foil, create a tighter curl. You can use a wooden spoon to help.

4

### Stuff

Place the large curl into the paper tube followed by the tight curl inside that.

5

### Glue

Glue the bottom cap onto the tube.

6

### Fill

Carefully pour rice into the top of the tube and close the top with glue and the second bottle cap.

7

### Wrap

Apply glue to one side of the tan construction paper and wrap around the tube.

8

### Draw

Using a ruler and all the colorful pens, decorate the two strips of white paper.

9

### Decorate

Glue the two decorated strips of paper to your rainstick just below each cap. Add more decorations with stickers or more art using your imagination.
