

Let's Make It

Kira Kiwi Crown Craft

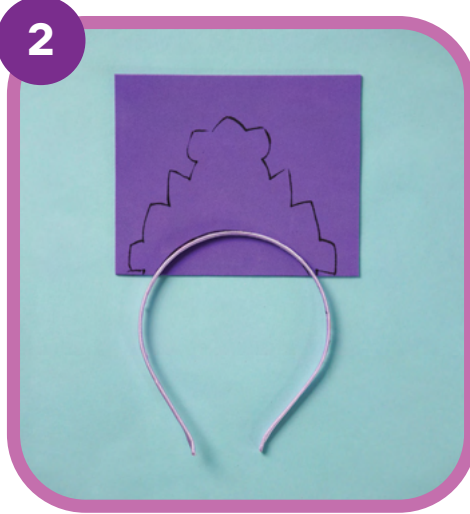

1

Place a colored headband on a piece of purple foam.

2

Trace the top of the headband and outline a crown shape. Then cut it out!

3

Add a thin line of glue on the foam and stick the headband to it.

4

Use glittery foam and other fun materials to decorate your crown!

5

Cut out different shapes to match the ones above.

6

Glue the cut-outs to the crown. Now you can add pom-poms, glitter glue, and jewels!

Watch the video tutorial to make crowns for all four princesses!
