

Let's Make It

Penny Pineapple Charm Bracelet

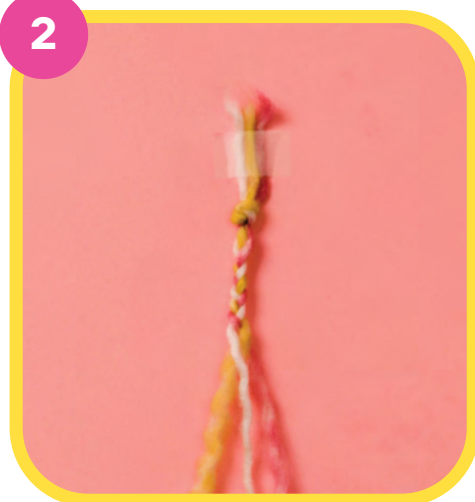

1

Pick out three pieces of string and tie a knot connecting them. Tape it down so it stays in place.

2

Start braiding! When you're done, tie a knot at the bottom and cut off the remaining string.

3

Time to make the charm! Use green and yellow foam clay and mold them into the above shapes.

4

Stack them on top of each other, starting with the biggest yellow piece and ending with the three small green pieces! Then, add glitter glue on top.

5

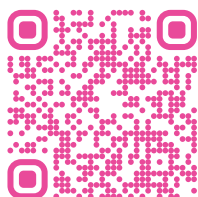

Mold a handle out of the yellow foam clay and stick it to the back of your charm. Then pull your bracelet through the handle.

6

Now you can tie it to your wrist and wear it around!

Watch the video tutorial to make charm bracelets for all four princesses!
