

Nature Bingo Card

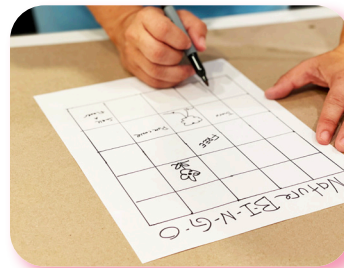

1. GATHER SUPPLIES

- Piece of paper
- Marker
- Popsicle stick

2. DRAW A BINGO GRID

Place the paper vertical on a writing surface such as a desk or table. Using a marker, draw a big frame, and then a grid of 5 columns and 5 rows.

3. FILL IN THE SQUARES

Think of nature elements you may find on a nature walk. Draw pictures of each, or write in text. Don't forget to mark the "free" space in the middle!

4. DECORATE

Have fun decorating your card with stickers, more drawings, or simply color in the squares you made.

5. YOU'RE READY TO EXPLORE!

Get ready to go outside and explore. See how many you can find and, if a friend or family member is along for the walk, see who can get "Nature BINGO" first!
