

# LET'S MAKE A FIRST TOOTH CROWN

**Stock Up On Your DIY Needs:**  
**Cardstock, Scissors, Glue, Glitter Glue, Markers**  
**\*Adult supervision required.\***

1.

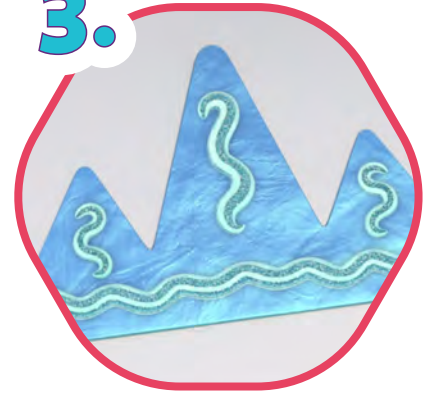

**Adult assistance needed!**  
With an adult's help, grab a pair of scissors to trace and cut out a pointy crown shape.

2.

Cover in glitter for a fun shiny pop.

3.

Draw toothpaste squiggles on with glitter glue.  
Fun Tip - Match with your favorite toothpaste flavor.

4.

**Adult needed!**  
Glue on first tooth at the top for your crowning jewel.

5.

Add glue to the end tabs of the crown to wrap around and wear. And ta-da! You've made your very own first tooth crown!
