

Table of Contents

<i>Introduction to the Book</i>	xxv
<i>Acknowledgments</i>	xxxix

Part One

Basic Themes in Environmental Law 1

Chapter 1

Basic Themes in Environmentalism 3

A. The Environmental Perspective 3

1. The Breadth and Scope of Environmentalism 3
2. The Ecological and Ethical Bases of Environmental Law 7
 - a. The Science of Ecology (Micro and Macro) 7
 - Leopold, *A Sand County Almanac* 7
 - Carson, *Silent Spring* 8
 - Page, *A Generic View of Toxic Chemicals and Similar Risks* 12
 - Sandman, Risk Communication: Facing Public Outrage**
 - Miller, *Living in the Environment: Principles, Connections & Solutions* 16
 - b. An Environmental Economics Perspective: Three Economies 21
 - c. Environmental Ethics 24
 - Leopold, *A Sand County Almanac* 24

B. The Problem of the Commons 28

Hardin, *The Tragedy of the Commons* 28

C. A Salty Paradigm: Road Salt, a Problem That Has Not Yet Met Its Legal Process 34

Wurster, *Of Salt . . .* 35

Chapter 2

Cross-Cutting Themes in Environmental Law 41

A. A Milestone Pollution Case in Historic Context: Allied Chemical & Its Kepone Pesticide 41

1. Allied Chemical's Pesticide Pollution Disaster 42
2. *Kepone*: A Case Study 42

B. Beyond *Kepone*: Tracking Several Decades of Environmental Law Development 56

1. The Modern Statutory Array in the Years Since *Kepone* 57

C. Environmental Law Themes & Contexts 64

Part Two	
The Enduring Role of the Common Law in Environmental Protection	73
Chapter 3	
The Common Law in Modern Environmental Law	75
A. Tort Causes of Action in the Environmental Arena	76
1. Using Private Law Tort Theories to Remedy Environmental Problems	76
a. Trespass	76
<i>Borland v. Sanders Lead Co.</i>	76
b. Private Nuisance and Negligence	78
<i>Roth v. Cabot Oil & Gas Corp.</i>	79
c. Strict Liability	85
<i>Branch v. Western Petroleum, Inc.</i>	85
<i>Mangan v. Landmark 4, LLC</i>	87
2. Public Nuisance in Environmental Cases	89
a. Conventional Uses of Public Nuisance Addressing Discretely Caused Harms	89
<i>New York v. Schenectady Chemical Co.</i>	90
b. Non-Conventional Uses of Public Nuisance Addressing Widespread Harm	94
3. Defenses Raised in Environmental Tort Cases	96
B. Causation, and Joint & Several Liability in Conventional Environmental Tort Suits	100
1. Causation-in-Fact, Basic Doctrine	100
2. Multiple Defendants and the Doctrine of Joint and Several Liability	101
<i>Velsicol Chemical Corp. v. Rowe</i>	101
3. Proximate Causation	105
<i>Pruitt v. Allied Chemical Corp.</i>	105
C. Remedies in Environmental Litigation	108
1. Two Classic Cases Facing Courts with the Difficult Choice of Enjoining a Major Business	108
<i>Boomer et al v. Atlantic Cement Co.</i>	108
<i>Village of Wilsonville v. SCA Services, Inc.</i>	117
Plater, Statutory Violations and Equitable Discretion	125
2. Damages	130
a. Compensatory Damage Remedies—Past Damages and Permanent Damages	130
b. Punitive Damages—Basic Doctrines	131
<i>Branch v. Western Petroleum, Inc.</i>	131
c. Punitive Damage Awards—Constitutional Due Process and Federal Cause of Action Judicial Limitations	133
3. Natural Resources Remedies	137
4. Environmental Disasters and Administered Compensation Funds	144

Table of Contents	xiii
Chapter 4	
The Special Challenges of Toxic Tort Litigation	145
A. Competing Perceptions? Law and Science	145
B. Remedies for Victims of Toxic Contamination	147
<i>Anderson et al. v. W.R. Grace & Company, Beatrice</i>	
<i>Foods Company et al.</i>	149
C. Proof of Complex Causation	156
1. Putting Together All of the Facets of Toxic Exposure/Cause-in-Fact	158
<i>Donaldson v. Central Illinois Public Service Co.</i>	158
2. Plaintiff's Burden of Proof & Proportion of Risk	
Attributable to Defendant	166
<hr/>	
Part Three	
The Structural Elements of the Regulatory State	171
Chapter 5	
An Overview of Environmental Regulation in the United States	173
A. A Taxonomic Approach to Public Law—The Different Ways That Statutes Work	175
B. The Advent and Failure of Broad Delegations to Administrative Agencies (Review and Permit Statutes)	181
The Utilex Case File	185
1. Federalization of the Field and the Blossoming of Regulation	188
Elliott, Ackerman & Millian, Toward a Theory of Statutory Evolution:	
The Federalization of Environmental Law	188
C. Keeping Score at the Beginning of the Twenty-first Century: Players, Positions, Programs & Policies	194
1. Cooperative Federalism	196
2. “Command and Control” and “Flexible” Regulatory Strategies	196
Chapter 6	
The Administrative Law of Environmental Law & Administrative Agency Process	199
A. The Evolution of the Administrative Governing Process	199
B. Administrative Process and Law in a Nutshell	201
1. The Structure of Administrative Agency Power and Process	202
2. The <i>Rybachek</i> Pollution Case: An Example of Agency Rulemaking, Authorized by Statute, Challenged in Court	206
Environmental Protection Agency, Notice of Final Rulemaking	207
<i>Rybachek v. U.S. Environmental Protection Agency</i>	208

3. The <i>Snail Darter</i> Case: An Agency Is Brought to Court for Its Own Actions Allegedly Violating Federal Law <i>Hiram Hill et al. v. Tennessee Valley Authority</i>	208 208
4. Judges' Handling of Challenges to Federal Agencies	209
C. <i>Overton Park</i>—A Judicial Review Paradigm	212
1. The <i>Overton Park</i> Case <i>Citizens to Preserve Overton Park, Inc. v. Volpe</i>	212 213
D. Citizen Enforcement in the Courts	223
1. The Importance of Citizen Enforcement Stewart, The Reformation of American Administrative Law	223 225
2. Standing and the Institutionalization of Citizen Enforcement <i>Scenic Hudson Preservation Conference v. Federal Power Commission</i>	226 228
3. Political Resistance to Citizen Enforcement: Removing Courts' Ability to Grant Relief to Citizens Department of Interior and related Agencies Appropriations Act, 1990	240 240
4. Citizens' Attempts to Expand Agency Procedures <i>Vermont Yankee Nuclear Power Corp. v. Natural Resources Defense Council</i>	242 255
E. Statutory Interpretation: How, by Whom?	249
1. Judicial Review of Agency Interpretations of Law <i>Chevron U.S.A., Inc. v. Natural Resources Defense Council</i>	249 249

Chapter 7

Sovereignty in the Environmental Law Context	257
A. Constitutional Federalism & Environmental Law Controversies in the U.S.	257
1. Preemption of State Law	260
a. Express Preemption	261
b. Conflict & Field Occupancy Preemption	264
2. Dormant Commerce Clause Invalidation of State Law <i>City of Philadelphia v. New Jersey</i>	268 270
3. Limitations on Federal Power	276
4. Concurrent Authority and Cooperative Federalism	277
B. Integrating International Agreements into Domestic Law	279
1. Shared Natural Resources: Bilateral Treaties	280
a. Migratory Birds in North America	281
b. The Constitutional Law of Treaty Formation <i>Missouri v. Holland</i>	282 283
2. Protecting the Global Commons: Multilateral Treaties & Executive Agreements	286
a. Multilateral Treaties to Prevent the Tragedy of the Commons: Saving the Whales Whaling in the Antarctic	287 288
b. Executive Agreements: Tensions with Statutory Mandates <i>Japan Whaling Association v. American Cetacean Society</i>	291 293
3. International Trade Agreements: The Trade and Environment Problem	296

a. Multilateral Agreements on Trade: The WTO	297
b. Domestic Implementation of International Trade Agreements: Congressional-Executive Agreements	298
c. Trade and the Environment: Collision with Domestic Environmental Law?	299
<i>George E. Warren Corp. v. U.S. EPA</i>	300
d. The NAFTA Environmental Side Agreement: Citizen Submissions on Enforcement	302
Final Factual Record for Submission SEM-99-002 (Migratory Birds)	304

Part Four

A Taxonomy of Legal Approaches to Environmental Protection

311

Chapter 8

Federal Agency Disclosure: NEPA's Stop-and-Think Logic and the Power of Information

313

A. NEPA, the National Environmental Policy Act

314

Public Law 91-190

315

B. NEPA in Court: Litigation and Outcomes

320

1. NEPA Litigation over the Adequacy of an Agency's EIS

320

Mid-States Coalition for Progress v. Surface Transportation Board

320

2. NEPA Litigation over an Agency's Decision Not to Prepare an EIS 334

*Center for Biological Diversity v. National Highway Traffic Safety**Administration*

325

C. NEPA's State, International, and Transboundary Applications

333

Hall, Political Externalities, Federalism, and a Proposal for an

Interstate Environmental Impact Assessment Policy

333

D. The Emergency Planning and Community Right-to-Know Act

336

Chapter 9

Public Planning as a Management Tool: Governmental Oversight of Private & Public Resource Use, and the Challenge of Adaptive Management

343

A. Managing Localized Land Uses

351

1. Plan-Based Land Use Zoning

351

2. Critical Areas Designation and Regulation: The CWA §404

Wetlands Example

359

Bersani v. U.S. Environmental Protection Agency

360

3. Hazardous Waste Facilities: State and Federal Efforts

365

a. Hazardous Wastes

365

b. Nuclear Wastes	369
4. “Smart Growth”	370
Pollard, Smart Growth: The Promise, Politics, and Potential Pitfalls of Emerging Growth Management Strategies	371
B. Planning & Management of Public Lands & Resources	374
1. Historic Management of Grazing—Managing to Carrying Capacity	374
2. Managing for “Multiple Use and Sustained Yield”	377
Coggins, The Law of Public Rangeland Management IV: FLPMA, PRIA, and the Multiple Use Mandate	377
3. Public Lands Management Planning in the Supreme Court	388
<i>Norton v. Southern Utah Wilderness Alliance et al.</i>	390
C. Large Scale, Public-Private Resource Management & Broadly Integrated Planning	396
1. NLUPA: The Fleeting Hope and Promise of a National Land Use Planning Act	396
2. Intergovernmental Coordination: The CZMA and Its Consistency Requirement	400
Ruhl, Biodiversity Conservation & the Ever-Expanding Web of Federal Laws Regulating Nonfederal Lands: Time for Something Completely Different?	402
3. Federal-State & Public-Private Issues on the Public Lands	406
<i>Kleppe v. New Mexico</i>	407
D. Adaptive Management and Climate Change	413
Chapter 10	
Roadblock Statutory Strategies & the Endangered Species Act: Stark Prohibitions and Their Viability	419
A. An Introduction to Roadblock Statutes	419
1. The Delaney Clause	420
2. Weighing Roadblocks	420
B. The ESA as a Roadblock Statute	422
1. The Endangered Species Act	422
2. A Fish, a Dam, and ESA§7	423
The Snail Darter and the Tellico Dam Case	423
<i>Tennessee Valley Authority v. Hiram Hill et al.</i>	425
3. ESA §9 and the “No Take” Provision	432
<i>Babbitt v. Sweet Home Communities for a Great Oregon</i>	432
C. “Slippage” and “Roadblock Bypasses”—Subsequent Modifications Temper Stark Standards (and What Conclusions Should Be Drawn from That?)	446
1. Flexibility Mechanisms in General	437
2. Flexibility and “Slippage” in the ESA	438
a. The ESA§7 God Committee Amendment	438

b. ESA Prohibitions Get Modified by the ESA §10 “Incidental Take” Exemption Amendment	440
c. A Protective Balance: Avoiding the “Sunk Cost Tactic”	444
d. “Sunsetting” — The ESA Lives on Borrowed Time	445
3. The ESA Listing Hurdle and De-Listing	445
4. Agency Implementation Slippage—Consultation	448
a. Slippage, Administrative: Flex Mechanisms Added to the ESA	449
b. The §4(d) Polar Bear Special Rule: ESA Not To Be Used Against Global Warming	451
c. Slippage, Judicial: The Roberts Court Takes Action: <i>National Association of Homebuilders</i>	453
<i>National Association of Home Builders (NAHB) v. Defenders of Wildlife and U.S. E.P.A. Defenders of Wildlife</i>	453

Chapter 11

From Harm-Based Standards to Tech-Based Standards: The Clean Air Act

A. The Clean Air Act: History and Structure	459
B. Harm-Based Ambient Standards Under the CAA	465
1. What Are the Standards for Setting NAAQSs? <i>Whitman v. American Trucking Associations</i>	468 470
2. Transboundary Airflows	477
3. The Intersection of Agency Action and Environmental Justice U.S. Environmental Protection Agency, Title VI of the Civil Rights Act of 1964: Adversity and Compliance with Environmental and Health-Based Thresholds	481
4. Adjusting Requirements for Attainment (PSD) & Nonattainment Areas	486
C. Technology-Based Standards Under the CAA	489
1. Technology-Based Standards as a Policy Choice <i>Michigan v. U.S. Environmental Protection Agency</i>	489 491
2. Translating Statutory Obligations into Permits <i>In re Northern Michigan University Ripley Heating Plant</i>	496 497
D. Technology-Forcing Under the CAA	507
1. Reducing Auto Emissions Through CAA Title II <i>International Harvester v. Ruckelshaus</i>	508 508
E. Regulation of Greenhouse Gases Under the CAA	512
<i>Massachusetts v. U.S. Environmental Protection Agency</i>	513

Chapter 12

Technology-Based Standard Setting: The Clean Water Act

A. An Overview of the Clean Water Act	519
U.S. Environmental Protection Agency, National Water Quality Inventory: 1994 Report to Congress	521

B. The Origin and Evolution of TBELs	533
<i>U.S. Environmental Protection Agency v. California</i>	533
C. Implementing TBELs Through the NPDES Process	537
<i>Rybachek v. EPA</i>	537
<i>Atlantic States Legal Foundation, Inc. v. Eastman Kodak Co.</i>	550
D. Water Quality-Based Permitting and Management of Nonpoint Source Pollution Under the CWA	555
<i>Pronsolino v. Nastri</i>	556
E. A Complex Hypothetical: The Average River	569

Chapter 13

Using Cost-Benefit Analysis in Agency Rulemakings & Review of Regulations	571
A. An Overview of Formal Cost-Benefit Analysis	572
Ackerman & Heinzerling, Pricing the Priceless: Cost-Benefit Analysis of Environmental Protection	572
B. The Scientific Basis: Risk Assessment	575
C. Open-Ended Cost-Benefit Balancing: ToSCA	581
1. ToSCA's Regulatory Design	581
Toxic Substances Control Act §6	582
2. Regulation of Asbestos Under a ToSCA Cost-Benefit Analysis	584
<i>Corrosion Proof Fittings v. U.S. Environmental Protection Agency</i>	584
D. Formal Cost-Benefit Analysis: SDWA	589
U.S. Environmental Protection Agency, National Primary Drinking Water Regulations; Arsenic & Clarifications to Compliance & New Source Contaminants Monitoring	589
E. Cost-Benefit Analysis at the White House	594
F. Evaluating Cost-Benefit Analysis	596
1. The Case for Cost-Benefit	596
<i>American Trucking Associations v. Browner</i>	597
2. The Case Against Cost-Benefit Analysis	600
Ackerman & Heinzerling, Pricing the Priceless: Cost-Benefit Analysis of Environmental Protection	600

Chapter 14

Market-Enlisting Strategies: Achieving Environmental Protection Through Pollution Trading and Other Economic Incentives	607
A. A Survey of Market Enlistment Devices	607
B. Domestic Trading Experience in the U.S.	612

Table of Contents	xix
1. Domestic Air Pollution Trading Regimes	612
Ellerman, Joskow & Harrison, Jr., Emissions Trading in the United States: Experience, Lessons and Considerations for Greenhouse Gases	612
2. Flawed Trading Systems and Hot Spots (Adverse Local Effects)	621
Drury, Belliveau, Kuhn, and Bansal, Pollution Trading & Environmental Injustice: Los Angeles' Failed Experiment in Air Quality Policy	622
C. International Trading to Reduce GHG Emissions	629
<i>Air Transport Association of America et al. v. Secretary of State for Energy and Climate Change</i>	631
Paris Agreement	633
D. Carbon Taxes	636
E. Industry Self-Regulation: The International Organization for Standardization	643
Chapter 15	
Front-End Strategies: Market Entry Controls, Pollution Prevention, and Toxic Use Reduction	649
A. Pesticides—FIFRA	651
Miller, Federal Regulation of Pesticides	651
<i>Environmental Defense Fund v. U.S. Environmental Protection Agency</i>	654
B. Toxics—Market Access Regulation: U.S. & Europe, ToSCA & REACH	663
1. ToSCA	663
Druley & Ordway, The Toxic Substances Control Act	663
<i>Chemical Manufacturers Association v. U.S. Environmental Protection Agency</i>	665
2. Regulation in the European Union: REACH	679
<i>Fédération des entreprises du commerce et de la distribution (FCD) & Fédération des magasins de bricolage et de l'aménagement de la maison (FMB) v. Ministry of Ecology, Sustainable Development, and Energy</i>	682
Chapter 16	
Remedial Liability Regulatory Strategies: CERCLA	687
A. CERCLA's Liability Rules as Developed Through the Judicial Process of Statutory Interpretation	690
1. The Basics of Statutory Remedial Liability for Cleanup of Hazardous Materials	690
Rich, Personal Liability for Hazardous Waste Cleanup: An Examination of CERCLA §107	691
2. Apportionment in CERCLA Actions	696
<i>Burlington Northern & Santa Fe Railway Co. v. United States</i>	697
3. The Government's Relaxed Burden of Proof of Causation in CERCLA Cases	701
<i>United States v. Wade (Wade II)</i>	701
4. The Individual Liability of Managerial Officers	703

<i>United States v. Northeastern Pharmaceutical & Chemical Co. (NEPACCO)</i>	703
5. The Classes of Parties Who May Be Held Liable Under CERCLA	711
6. Corporate Liabilities Under CERCLA	717
<i>United States v. BestFoods Corp.</i>	717
7. Private Litigation Under CERCLA §107	724
<i>United States v. Atlantic Research Corp.</i>	725
B. EPA's CERCLA Administrative Order Process	731
C. Identifying Sites, Funding, and Setting the Standards for Cleanups	735
Starfield, The 1990 National Contingency Plan—More Detail & More Structure, But Still a Balancing Act	738
D. EPA's Strategy for Cost Recovery and Loss Allocation	745
<i>O'Neil v. Picillo</i>	747
Chapter 17	
Life Cycle Regulatory Strategies: RCRA	755
A. Tracking & Controlling the Lifecycle of Hazardous Waste Materials	756
1. RCRA's Enactment & Initial Implementation	757
Florio, Congress as Reluctant Regulator: Hazardous Waste Policy in the 1980s	758
2. RCRA's Administrative Thicket: Defining Hazardous Wastes	760
3. Regulating Participants in the Hazardous Waste Life Cycle	764
B. The “Land Ban” & the Use of “Hammers” to Control Agency Action	775
<i>Hazardous Waste Treatment Council v. U.S. Environmental Protection Agency</i>	776
C. RCRA Citizen Suits to Obtain Cleanup	782
<i>Meghrig v. KFC Western, Inc.</i>	783
<hr/>	
Part Five	
Overarching Legal Perspectives	789
Chapter 18	
Evolving Patterns of Enforcement and Compliance	791
A. The Continuing Debate over Environmental Enforcement Strategies	791
B. The Governmental Enforcement Process	794
1. Phases in the Enforcement Process	795
Mintz, Enforcement at the EPA: High Stakes and Hard Choices	795
2. The Flow of the Enforcement Process	796
3. Enforcement Tools	799
4. Brownfields Federalism, and Its Policy of Greater Flexibility & Cooperation	806

U.S. Environmental Protection Agency, Brownfields Action Agenda Superfund Memorandum of Agreement, Illinois Environmental Protection Agency, U.S. Environmental Protection Agency, Region V	806
5. Administrative Reforms in Environmental Enforcement	812
C. Citizen Enforcement to Complement Governmental Efforts	815
D. Alternative Dispute Resolution Processes	821
1. Why Alternative Dispute Resolution?	821
2. Environmental ADR	823
National Institute for Dispute Resolution, Paths to Justice: Major Public Policy Issues of Dispute Resolution	823
3. Negotiated Rulemaking	825
Susskind & McMahon, The Theory & Practice of Negotiated Rulemaking	825
E. The Impetus to Self-Generated Corporate Compliance	828
1. The Five Primary Triggers for Environmental Compliance	829
a. Permitting and Reporting	829
b. SEC Disclosure Requirements for Public Companies	
Friedman & Giannotti, Environmental Self-Assessment	829
c. Satisfying Corporate Management Information Needs	831
Frankel, Full Disclosure: Financial Statement Disclosures Under CERCLA	832
d. Borrowing for Ongoing Business Needs	833
e. The Purchase and Sale of a Business or Real Estate	833
2. Due Diligence, Audits & Other Avenues Toward Voluntary Compliance	836
Chapter 19	
Environmental Criminal Law	841
A. Tactical Rediscovery of Criminal Sanctions: The 1899 Refuse Act	843
B. An Increasing Tendency to Prosecute Environmental Crimes	847
<i>People v. Film Recovery Systems, Inc., Metallic Marketing Systems, Charles Kirschbaum, Daniel Rodriguez, Steven O'Neil</i>	847
Ferrey, Hard Time: Criminal Prosecution for Polluters	849
C. Criminal Liability: Problems of Knowledge & Intent	854
<i>United States v. Ahmad</i>	854
<i>United States v. Weitzenhoff</i>	856
D. Problems Raised in Corporate & Executive Prosecutions	864
1. The Fifth Amendment & the Corporation	864
2. Difficulties in Proving Collective Activity Crimes	865
Goldfarb, <i>Kepona</i> : A Case Study	865
3. Executive Liability for Acts or Omissions by Subordinates	869
<i>United States v. Park</i>	869

Chapter 20

Public Environmental Rights and Duties:

The Public Trust Doctrine	881
A. Beyond Direct Threats to Human Health & Property: Modern Rediscovery of the Public Trust Doctrine	881
Sax, Defending the Environment: A Strategy for Citizen Action	885
Sax, The Public Trust Doctrine in Natural Resource Law: Effective Judicial Intervention	886
<i>Marks v. Whitney</i>	890
B. Applying the Modern Public Trust Doctrine	891
1. Public Trust Balancing: Diversion	891
<i>Paepke v. Building Commission</i>	891
2. Public Trust Protections Against Derogation	894
<i>National Audubon Society v. Superior Court of Alpine County</i> (Mono Lake)	894
3. How Far Does the Public Trust Doctrine Go?	902
<i>Defenders of Florissant v. Park Land Development Co.</i>	902

Chapter 21

Private Property and Public Rights: Constitutional

Limits on Physical and Regulatory Takings

A. Eminent Domain Condemnations	918
1. The Domain of Deference	918
2. Challenging an Eminent Domain Condemnation	919
B. Inverse Condemnation: A Constitutional Tort?	925
<i>Thornburg v. Port of Portland</i>	926
C. Challenges to Regulations as “Invalid Takings”	930
1. Regulatory Takings	930
<i>Pennsylvania Coal Co. v. Mahon</i>	931
2. The U.S. Supreme Court’s Classic Takings Cases: An Emerging Consensus on Takings Balancing?	937
<i>Anthony Palazzolo v. State of Rhode Island</i>	943
3. A Takings Role for the Public Trust Doctrine?	947
Babcock, Has the U.S. Supreme Court Finally Drained the Swamp of Takings Jurisprudence? The Impact of <i>Lucas v. South Carolina Coastal Council</i> on Wetlands and Coastal Barrier Beaches	923
4. Other Property Regulation Issues: Remedies, Exactions & Innocent Landowner Liability	950
a. Remedies: If Regulations Are Held to Be Invalid Takings	950
b. Amortization, and Offset Alternatives?	951
c. Exactions: <i>Nollan</i> , <i>Dolan</i> , and <i>Koontz</i>	952

Chapter 22**International and Comparative Environmental Law**

	957
A. Customary International Law	960
<i>Trail Smelter Arbitration (U.S. v. Canada)</i>	961
B. International Conferences & Soft Law	966
Rio Declaration on Environment and Development	968
C. Comparative Environmental Law	972
<i>Mehta v. Union of India</i>	972
D. Multilateral Environmental Agreements & Global Climate Change	976
1. Stratospheric Ozone Depletion	977
2. Global Warming	982
3. The Global Warming Framework Convention	985
United Nations Framework Convention on Climate Change	987
4. The Kyoto Protocol and the Road to Paris	990
Paris Agreement	995
E. International Institutions	999
1. The World Bank	999
Inspection Panel's Report and Findings on the Qinghai Project:	
Executive Summary	1001
World Bank Problem Exercise	1005
2. The World Trade Organization	1006
U.S.— Restrictions on Imports of Tuna	1008
Trade & Environment Problem Exercise	1014
Glossary of Acronyms	0000
Table of Cases	0000
Table of Authorities—Books, Articles, Monographs, etc.	0000
Table of Authorities—Statutes, Regulations, Treaties, Constitutional Provisions, etc.	0000
Statutory Capsule Appendix	0000
Index	0000

Nobody made a greater mistake than he who did nothing because he could only do a little.

— Edmund Burke
