

Convegno di Cardiologia del cavallo

Scuola di Specializzazione in Medicina e Chirurgia del Cavallo

Università degli Studi di Milano

22 Maggio 2023 ore 9.45 Aula L05

- 9.15-9.45 Registration
9.45-10.00 Welcome and Introduction
10.00-11.00 Clinical significance of cardiac murmurs and the role of echocardiography
11.00-11.45 Right heart function and Pulmonary Artery Stiffness
11.45-12.30 Resting and exercising electrocardiography
12.30-12.45 Discussion
12.45-14.00 Lunch break
14.00-15.00 Heart disease and sedation in horses... are there safe sedatives?
15.00-16.00 Atrial fibrillation: novel techniques for diagnosis and treatment?
16.00-16.30 Cardiology in donkeys...what do we know?
16.30-16.45 Discussion

Prof. Enrica Zucca

Prof. Annelies Decloedt

Dr. Elena Alberti

Prof. Enrica Zucca

Dr. Vanessa Rabbogliatti

Prof. Annelies Decloedt

Dr. Chiara Bozzola

L'evento prevede l'erogazione di 5 SPC

Dipartimento di Medicina Veterinaria e Scienze Animali, via dell'Università 6, Lodi

La partecipazione è gratuita, è necessario iscriversi entro il 18 Maggio segreteria.specmcc@unimi.it

indicando CF se interessati ad acquisizione SPC

Relatori

Prof. Annelies Decloedt, University of Ghent (DVM, PhD, Associate Professor)

2011 PhD fellowship at Ghent University, investigating new echocardiographic techniques for quantifying cardiac function in horses. 2012 postdoctoral research fellow in the field of equine cardiology, ultrasound and exercise physiology. As a member of the *Equine Cardioteam*, she is actively involved in research and clinical work in equine cardiology. She coordinates and participates in several research projects regarding improved diagnosis and treatment of valvular regurgitation and cardiac arrhythmias in horses. ORCID 0000-0001-8129-2006

Dr. Elena Alberti, Libero professionista Varese (DVM, PhD)

2016 Graduated in Veterinary Medicine at University of Milan; 2017-2018 several externship at national and international Veterinary Clinics; 2022 PhD fellowship, investigating on the evaluation of pulmonary artery stiffness in asthma affected horses. ORCID 0000-0001-7819-6267

Prof. Enrica Zucca, University of Milan (DVM, PhD, Associate Professor)

1998 PhD fellowship at Milan University, investigating echocardiography in Standardbred trotter racehorses. 2002 postdoctoral research fellow on test on high speed treadmill for the evaluation of poor performance causes due to respiratory problems in young racehorses in training. Head of the Equine Unit of the University Veterinary Hospital. Head of the School of Specialization of Equine Medicine and Surgery of the University of Milan. ORCID 0000-0003-0494-1329

Dr. Vanessa Rabbogliatti, University of Milan (DVM, PhD)

2019 PhD in Veterinary and Animal Science, investigating the improvement of diagnostic imaging quality through the evolution of equine anaesthetic protocols. She is part of the anaesthesia team of the Veterinary Teaching Hospital of the University of Milan. She is also actively involved in research projects regarding small and large animal. However her main interest remains general anaesthesia and standing sedation in equine patients. ORCID 0000-0002-3149-4643

Dr. Chiara Bozzola, University of Milan (DVM, PhD student)

2022 Graduated in Veterinary Medicine at the University of Milan. After graduation, she attended the Equine Unit of the Veterinary Hospital (University of Milan). Since 2022 she is a PhD fellowship at the Department of Veterinary Medicine and Animal Science of the University of Milan, investigating the evaluation of echocardiographic parameters in racehorses with EIPH. ORCID 0000-0003-4237-1152
