General information

Terms and conditions of sale

Acceptance. The following Terms and Conditions of sale are applicable to all Quotations, Contract, Purchase Orders, Order Acknowledgement Forms, and sales of Seller's services and products, and are the only applicable terms and conditions thereto, except for terms establishing prices, quantities, delivery schedules, terms of payment, invoicing, shipping instructions, and the identification of the products associated with each transaction. If any conflict exists between the Terms and Conditions and a Quotation, Purchase Order, Order Acknowledgment form, or sale, these Terms and Conditions shall prevail BY REQUESTING A QUOTATION OF ORDERING ANY PRODUCTS OR SERVICES FROM SELLER, BUYER AGREES TO ALL THE FOLLOWING TERMS AND CONDITIONS. If a written contract signed by both parties is in existence covering the sale of the goods and services, the terms and conditions of the contract shall control to the extent they are inconsistent with these Terms and Conditions.

1. Order Procedure. Buyer may or may not request the preparation of a Quotation prior to ordering any products or services from Seller. Buyer then shall place a Purchase Order with Seller. By placing a Purchase Order, Buyer makes an offer to purchase products or services from Seller pursuant to these Terms and Conditions. Seller, in its discretion, may accept or reject the Purchase Order. If Seller accepts the Purchase Order, Seller shall issue an Order Acknowledgement Form confirming Buyer's order. No Purchase Order is binding on Seller unless accepted by Seller as provided in these Terms and Conditions.

2. Quotations. All Quotations by Seller are subject to change or withdrawal without prior notice to Buyer unless otherwise specifically stated in the Quotation. Quotation prices are valid on Purchase Orders placed within 90 days of the quote being issued, unless otherwise specifically stated in the quotation. If no order is placed within the stated time frame, prices may be adjusted to reflect the then-current published prices, surcharges, escalators, or other pricing adjustment due to, among other things, costs of materials, labor, transportation, taxes, duties, and other cost increases to Seller. All resulting Purchase Orders become effective only if and when approved and accepted in writing by Seller by the issuance of its Order Acknowledgement Form. Seller reserves the right to discontinue manufacture of any products or change products materials, design, or specifications without notice.

Quotation prices are valid on Purchase Orders placed within 90 days of the quote being issued, unless otherwise specifically stated in this quotation. If no order is placed within the stated time frame, prices may be adjusted to reflect the then-current published prices, surcharges, escalators, or other pricing adjustment due to, among other things, costs of materials, labor, transportation, taxes, duties, and other cost increases to Seller. All resulting Purchase Orders become effective only if and when approved and accepted in writing by Seller by the issuance of its Order Acknowledgement Form. All Quotations and resulting orders are subject to Seller's Terms and Conditions set forth in the price book.

3. Site Requirements.

a. The Quotation is contingent upon all work being performed during normal business hours unless otherwise negotiated and a mutually agreeable schedule. The Quotation is calculated on one continuous installation engagement based on acceptable site conditions where other dependent scopes have completed preparation for proposed materials (i.e. electrical work, floor work, adjacent construction). When Buyer has given authorization for work to begin, no other scopes may impede Seller's ability to complete installation in agreed

upon area. Seller reserves the right to invoice for costs that are incurred due to unacceptable site conditions or delays by others resulting in additional installation visits.

b. Signed acceptance by Buyer of shop drawings and/or submittals shall be interpreted as acceptance that proposed scope is the correct interpretation of construction documents. Any field verification and/or work required by others as detailed in the submittal will be provided and coordinated by Buyer. Work shall not begin nor shall orders be placed for any projects until all shop drawings and submittals have been approved in writing by Buyer.

4. Warranty. Seller warrants only that all products sold pursuant to a Quotation or Purchase Order will conform to the description in the Price Book and will be free from defects in workmanship and materials. The duration of each product warranty is dependent on the particular product. Refer to EAD & DHW warranty statement. Extended warranties may be available for an additional cost. Seller is not responsible for defects or damages caused by wear and tear, consumable materials, vandalism, fires, storms, floods, acts of God, misuse, abuse or alteration by any company other than Seller. Seller further warrants that Buyer will receive good and valid title to the products. Any claim on account of nonconforming or defective products or for any other cause whatsoever shall conclusively be deemed waived by Buyer unless written notice thereof is given to Seller promptly after discovery but no later than sixty (60) days from date of shipment. Seller shall have the right either to replace or repair any nonconforming or defective products, to refund the purchase price upon return of the products, or to grant a reasonable allowance on account of such nonconformance or defect Seller's liability and Buyer's exclusive remedy for nonconforming or defective products shall be limited solely to replacement, repair, refund, or allowance as Seller may elect. Seller shall be given reasonable opportunity to investigate all claims and no materials shall be returned to Seller until after inspection and approval by Seller and receipt by Buyer of written shipping instructions from Seller. Buyer acknowledges and agrees that the remedies set forth in this paragraph are Buyer's exclusive remedies for the delivery of nonconforming or defective products.

Additional Warranties

a) No credit will be provided for any work completed by others during warranty term.

b) Warranty work will be performed during normal business hours with our standard response times. Any warranty work taking place beyond normal business hours or with expedited response time may be billable.

c) Products repaired or replaced under the warranty are warranted only through the remainder of the original warranty period.

DISCLAIMER OF FURTHER WARRANTIES. EXCEPT AS SET FORTH ABOVE, THERE IS NO WARRANTY, REPRESENTATION, OR CONDITION OF ANY KIND, EXPRESS OR IMPLIED (INCLUDING NO WARRANTY OF MERCHANTABILITY OR FITNESS OF THE PRODUCTS FOR ANY USE CONTEMPLATED BY BUYER) CONCERNING

SELLER'S PRODUCTS OR SERVICES AND NONE SHALL BE IMPLIED BY LAW.

5. LIMITATION OF LIABILITY AND REMEDIES. SELLER SHALL NOT BE LIABLE, AND BUYER WAIVES ALL CLAIMS AGAINST SELLER FOR ANY INCIDENTAL, CONSEQUENTIAL, OR SPECIAL DAMAGES, INCLUDING WITHOUT LIMITATION, LOST REVENUES AND PROFITS EVEN IF SELLER HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

General information

Terms and conditions of sale

BUYER'S EXCLUSIVE REMEDY FOR ANY CAUSE OF ACTION UNDER THESE TERMS AND CONDITIONS IS A CLAIM FOR DAMAGES AND IN NO EVENT WILL DAMAGES OR ANY OTHER RECOVERY OF ANY KIND AGAINST SELLER EXCEED THE PURCHASE PRICE OF THE SPECIFIC PRODUCTS OR SERVICES AS TO WHICH THE CLAIM IS MADE. SELLER WILL NOT BE LIABLE TO BUYER FOR ANY LOSS, DAMAGE, OR INJURY TO PERSONS OR PROPERTY RESULTING FROM THE HANDLING, STORAGE, TRANSPORTATION, RESALE, OR USE OF THE PRODUCTS IN MANUFACTURING PROCESSES, OR IN COMBINATION WITH OTHER SUBSTANCES, OR OTHERWISE.

6. Intellectual Property Indemnification. (a) Seller agrees to defend, indemnify and hold Buyer harmless against any claims, costs, damages, liability and expenses resulting from actual or alleged patent, trademark, or copyright infringement, misappropriation of confidential information, or violation of any other intellectual property right, domestic or foreign, in the selling or use of any part or product that is owned by Seller and that pertains to the subject matter of a Quotation, Purchase Order, or sale of products or services (provided that the product is not modified in anyway by Buyer or any other party, and that the product is used in the manner intended by Seller). If a suit or claim results in any injunction or any other order that would prevent Seller from supplying any product falling under a Quotation, Purchase Order, or sale, or if the result of such a suit or claim would, in the reasonable opinion of Seller, otherwise cause Seller to be unable to supply such products, Seller shall have the right, at its option, if it so chooses, to do one or more of the following: (i) secure an appropriate license to permit Seller to continue supplying the products to Buyer; (ii) modify the relevant product so that it becomes non-infringing, provided that any modification does not cause any material change to the operation or performance of the product; or (iii) replace the relevant product with a non-infringing but practically equivalent product. (b) Buyer agrees to defend, indemnify, and hold Seller harmless against any claims, costs, damages, liability and expenses resulting from actual or alleged patent, trademark, or copyright infringement, misappropriation of confidential information, or violation of any other intellectual property right, domestic or foreign, in the making, using or selling of any product or using any process that is owned by Buyer or is designed or specified by Buyer and that pertains to the subject matter of a Quotation, Purchase Order, or sale.

7. Ownership of Inventions. All drawings, know-how, designs, confidential information, and the like disclosed to Buyer by Seller and all rights therein will remain the property of Seller. Buyer shall have no claim to, ownership interest in, no license to, or no rights to any information provided or communicated by Seller.

8. Lead Times. If applicable, lead times are based on standard requirements by factory to provide materials proposed. Ship dates will be provided as estimate only once order is placed with the factory. Adequate packaging will be provided for any normal shipping circumstance such that materials will be protected and labeled as required. Special packaging may be provided for an additional expense. Shipping will be cost effective unless expedited fees are accepted by Buyer. If materials are to be provided to job site or Buyer location, Seller will make an informed decision as to the best instruction to provide the shipping company. If materials are not required to have direct delivery, materials will be brought to branch for pickup by Buyer. All freight terms shall be FOB. Any claims for damage in transit or lost freight, receiving, and inspection of materials is the responsibility of Buyer. It is a requirement of Buyer to inspect and review all materials prior to accepting shipment.

9. Title/Risk of Loss. All products shall be shipped FOB Seller's manufacturing facility to Buyer's designated delivery location. Unless otherwise agreed by the parties, Seller shall select the method of and carrier for the products. Seller reserves the right to ship items in a single or in multiple shipments. Title and risk of loss to products ordered passes to Buyer upon delivery of the products to the freight carrier. Unless mutually agreed upon in writing, shipping dates are approximate and are based upon prompt receipt of all necessary information.

10. Prices. Quoted price is valid for 90 days. Seller reserve the right to revise quotations after the 90 days. All accepted Purchase Orders are subject to Seller's price in effect at time of shipment. Buyer shall be responsible for any increase in freight rates or transportation charges occurring after Seller prepared the Order Acknowledgment Form. on the Order Acknowledgment Form. Buyer shall pay to Seller in addition to the purchase price the amount of all fees, duties, licenses, and all sales, use, privilege, occupation, excise, or other taxes, federal, state, local, or foreign which Seller is required to pay or collect in connection with products or services sold to Buyer.

11. Payments. Unless otherwise agreed in writing between the parties, all Seller's invoices are payable within thirty (30) days of their date. Time is of the essence. Interest on past due amounts will be assessed at the rate of 2% per month (24% per annum), or the maximum allowable by law.

Seller reserves the right to full payment upon completion of work unless credit is pre-established. For any work requiring materials purchase or scheduling, a 50% deposit is due at time of proposal acceptance. Twenty percent (20%) of the Quotation, Purchase Order value may be billed after job award. Joint check agreements may be requested at the discretion of Seller. If payment is outstanding for any one account, work may be stopped and outstanding orders cancelled until account is restored. Should Seller require the use of collection, attorney's fees, or fees for insufficient funds, Buyer agrees that these funds will be repaid to Seller. Seller retains the right to file a lien against all or part of the property being improved. Seller reserves the right to add a 2.5% charge if invoice becomes delinquent beyond terms.

12. Cancellation. In the event a Buyer's Purchase Order and the issuance of an Order Acceptance Form is cancelled, it will be subject to standard 35% restocking fees, cancellation fees, engineering fees, materials & freight costs incurred, and administrative fees. Standard cancellation is 20% of order as long as no materials have been ordered. Should Buyer release material orders, Buyer will be liable for that portion of the job and 20% of the remaining amount of work unperformed/unordered.

13. Storage. If applicable, Seller reserves the right to implement a storage fee if delivery is delayed after agreed upon date. Should project timeline require storage of materials, Seller reserves the right to bill for those materials at the time they have been received at a Seller location, Buyer location, or at job site. Certificate of insurance for stored materials can be provided to Buyer upon request. Signed acceptance by Buyer of shop drawings and/or submittals shall be interpreted as acceptance that proposed scope is the correct interpretation of construction documents. Any field verification and/or work required by others as detailed in the submittal will be provided and coordinated by Buyer.

14. Insolvency. Seller may, at any time or times, suspend performance of any order or require payment in cash, security, or other adequate assurance satisfactory to Seller when, in Seller's opinion, the financial

General information

Terms and conditions of sale

condition of Buyer or other grounds for insecurity, including the filing of a petition for bankruptcy, warrant such action.

15. Force Majeure. Seller shall not be liable for any delay in fulfilling any order due to (a) fires, floods, strikes, or other labor disputes, accidents to machinery, acts of sabotage, riots, precedence or priorities granted at the request or for the benefit, directly or indirectly, of the federal or any state government or any subdivision or agency thereof, delays in transportation or lack of transportation facilities, restrictions imposed by federal or state legislation or rules of regulations thereunder; or (b) any cause beyond the control of Seller.

16. Ownership of Equipment. Unless otherwise agreed in a writing, all material, equipment, facilities, and special tooling, which term includes but is not limited to jigs, dies, fixtures, molds, patterns, special taps, special gauges, special test equipment, and manufacturing aids and replacements thereof, used in the manufacture of the products covered by any order shall remain the property of Seller. Any material, tooling, and equipment furnished to Seller by Buyer shall be and remain the personal property of Buyer with the title to and right of possession remaining in Buyer.

17. Confidential Information. All information furnished or made available by Seller to Buyer in connection with a transaction shall be held in confidence by Buyer. Buyer agrees not to use such information or disclose such information to others without Seller's prior written consent. The obligations of this paragraph does not apply to any information which (a) at the time of disclosure was, or thereafter becomes, generally available to the public by publication or otherwise through no breach by Buyer of any obligation herein, (b) Buyer can show by written records was in Buyer's possession prior to disclosure by the disclosing party, (c) is legally made available to Buyer by or through a third party having no direct or indirect confidentiality obligation to Seller with respect to such information, (d) was independently developed by Buyer without use of any of Seller's confidential information, or (e) is required to be disclosed pursuant to applicable law.

18. Waiver. No waiver by Seller of any of these Terms and Conditions shall be effective unless explicitly set forth in writing and signed by Seller. No failure to exercise, or delay in exercising, any rights, remedy, power, or privilege arising from these Terms and Conditions shall operate or be construed as a waiver thereof, nor shall any single or partial exercise of any right, remedy, power, or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege.

19. Assignment. No assignment of any right or interest or delegation of any obligation or performance of Buyer under this order may be made without the prior written consent of Seller. Any attempted assignment or delegation will be wholly void and totally ineffective for all purposes.

20. Choice of Law. All sales, agreements for sale, offers to sell, proposals, acknowledgments and contracts of sale, including, but not limited to, Purchase Orders accepted by Seller, shall be considered a contract under the laws of the State of Delaware, and the rights and duties of all persons, and the construction and effect of all provisions hereof, shall be governed by and construed according to the laws of the State of Delaware.

21. Integration Clause. These Terms and Conditions constitute the entirety of terms and conditions, except as set forth in paragraph one, governing the sale and purchase of products and services sold by Seller. No modification of these Terms and Conditions shall be of any force or effect unless in writing and signed Seller and Buyer. Buyer may desire to utilize its own form of acknowledgment or acceptance

of these Terms and Conditions. However, the use of any such form shall be for convenience only. No modification of these Terms and Conditions shall be affected by the acknowledgment or acceptance of purchase orders, shipping instruction forms, bills of lading or any other document containing terms or conditions at variance with or in addition to those set forth herein, all such varying or additional terms being hereby objected to and rejected by Seller and deemed to be waived by Buyer.

22. Installation Projects. Communication: Buyer shall communicate all of these installation terms to any end-user receiving installation services from dormakaba. Work Execution: Any installation quote is prepared with the understanding that openings within the scope of work ("Work") have doors and frames in good working order. dormakaba will perform the Work in the order set forth in a field survey conducted by an end-user, an end-user consultant, or Buyer prior to beginning the installation. Work shall occur weekdays during normal business hours (M-F, 8am – 5pm, local time). Work performed outside of normal business hours is available at a rate of 135% of the normal base rate. Any Work requested to be performed outside of normal business hours will require start and stop time confirmation with installation site, such start and stop time to be obtained by the Buyer or the end-user. Installation Projects are performed as one continuous installation event, from commencement until the completion of the installation. Unless specifically noted otherwise in writing, there will be additional charges for delays or additional trips not caused by dormakaba. Commencement of installation is conditioned on acceptable site conditions, including the completion of dependent scopes of work (e.g., electrical work, keying meetings, distribution of credentials). When Buyer or end-user has given authorization for work to begin, Buyer or end-user shall ensure no other scopes may impede dormakaba's ability to complete installation in agreed upon area. dormakaba reserves the right to assess a fee for costs incurred due to unacceptable site conditions or delays by others resulting in additional installation visits. Union labor, prevailing wage, and certified payroll are excluded from the installation quote unless otherwise set forth in writing. Insurance certificates will be provided upon request. Coverage is limited to the types and amounts set forth on the insurance certificate. Includes execution of materials only as detailed within proposal. Additional Charges: Additional charges may be assessed for delays or additional install time to correct any deficiencies or discrepancies between scope of work and actual jobsite. Any dormakaba materials delivered to Buyer but missing from installation site will be reordered at customer's expense. Any hardware changes or change orders shall be quoted on a separate proposal and timeline. Storage: dormakaba reserves the right to assess a storage fee if Buyer or end-user causes delivery to be delayed after the agreed upon delivery date. Should project timeline require storage of materials after delivery to Buyer or end-user, through no act or omission of dormakaba, dormakaba reserves the right to assess a storage fee, Buyer location, or at job site. Certificate of insurance for stored materials can be provided to Buyer upon request. Exclusions: Unless explicitly included in the installation quote, these are excluded: Distribution to staff of any form of keys, fobs or cards or credentials; any temporary security, barricades, or signage; all carpentry work outside of this specification including drywall, paint, framing, patching of existing holes, etc.; union labor, prevailing wage & certified payroll unless noted otherwise; permits are the responsibility of the end-user; Any special consideration for asbestos and lead paint hazards; any bonds; any NFPA or other certification of tolerances or rating concerning product, door, and frame configuration; disposal of material and packaging; damage from negligence, vandalism or Force Majeure; cleaning of site beyond broom clean; cost for special insurance requirements; consumable materials (e.g., batteries); any electrical work including

120v connections and low voltage wiring pulls; and other similar categories of labor and materials not included in the installation quote.

23. Installation Warranty dormakaba will provide one (1) year warranty on materials to be free from manufacturer defects and on installation labor performed. Extended warranties are available for an additional cost. dormakaba is not responsible for defects or damages caused by wear and tear, consumable materials (e.g., batteries), vandalism, fires, storms, floods, acts of God, misuse, abuse, or alteration on by any company other than dormakaba. No credit will be provided for any work completed by others during warranty term. dormakaba reserves the right to withhold the performance of warranty work if Buyer payments have become past due. Warranty work will be performed during normal business hours with our standard response times. Any warranty work taking place beyond normal business hours or with expedited response time may be billable. In the event that Buyer, its agents, employees, successors, and/or assigns tampers with, misuses, removes any parts, or adds any parts or equipment, Buyer agrees to indemnify, save and hold harmless dormakaba, its agents, employees, successors, and/or assigns, from any and all liability, damages, or losses, including reasonable attorney's fees, arising out of, or incidental to, the aforementioned conduct. dormakaba warrants that all goods manufactured by dormakaba and all services provided by dormakaba hereunder will be free from defects in workmanship and materials for twelve (12) months from the date of final project invoice to the carrier, unless sold as "With All Faults", "Shop", "As Is", "As They Stand" or other similar designation. Products repaired or replaced under the warranty are warranted only through the remainder of the original warranty period.

RCI Electromagnetic Locks

171HD Magnetic Lock for Hazardous Locations

After careful consideration, dormakaba has decided to discontinue the manufacturing and sales of the RCI 171HD Hazmat Electromagnetic Lock will be discontinued effective immediately.

Please note that all units currently under warranty will continue to receive full support in accordance with existing terms. While there is no direct replacement for the 171HD model, RCI offers a wide range of other electromagnetic locks that may meet your application requirements.

RCI Electromagnetic Locks

¹Only available with 4 & 7 series

RCI Electric Strikes Accessories

Double Door Housing

Ideal for double door applications with no center mullion. Door housing is mounted on the inactive door

Model	Description	Finish	Compatible with	List Price
0161DDH	Double door housing for	SPC ¹	0161	\$249.00
0162DDH	Double door housing for	SPC ¹	0162, 0163, 0563	\$249.00

¹SPC = Silver Powder Coat

Latch Guards

Added tamper-resistance for perimeter doors. Helps guard the latch from a prying attack. Designed with radius cut for easy installation around lockset roses.

Model	Description	Finish	Compatible with	List Price
930-LG	Standard profile latch guard	32D	4/7 Series	\$84.00
940-LG	High profile latch guard	32D	F2/6/F1 Series	\$75.00

Frame Prep Jigs

Aids in cutting of aluminum or metal frames, improving accuracy.

Model	Description	Finish	Compatible with	List Price
4/7JIG	Frame prep jig for ANSI-sized electric strike	Aluminum	4104/4304, 4114/4314, 7104/7304, 7114/7314	\$133.00
S6JIG	Standard profile frame prep jig	Aluminum	S6504, S6514	\$106.00
L6JIG	Low profile frame prep jig	Aluminum	L6504, L6514	\$106.00

Lip Bracket Extension

Ideal for center-hung doors. Allows electric strike to be installed in frame and protects frame from damage.

Model	Description / Dimensions	Finish	Compatible with	List Price
LEK01	1" Lip extension kit for retrofit	Black	4/7 Series	\$106.00
LEK02	2" Lip extension kit for retrofit	Black	4/7 Series	\$120.00
LEK03	3" Lip extension kit for retrofit	Black	4/7 Series	\$140.00
LEKS601	1" Lip extension kit for retrofit (standard)	Black	S6 Series	\$76.00
LEKS602	2" Lip extension kit for retrofit (standard)	Black	S6 Series	\$92.00
LEKS603	3" Lip extension kit for retrofit (standard)	Black	S6 Series	\$106.00
LEKL601	1" Lip extension kit for retrofit (low profile)	Black	L6 Series	\$76.00
LEKL602	2" Lip extension kit for retrofit (low profile)	Black	L6 Series	\$92.00
LEKL603	3" Lip extension kit for retrofit (low profile)	Black	L6 Series	\$106.00

Ice Pack

Heat reducer for continuous duty electric strikes. Operating voltage – 12 to 30VDC.

Model	Description / Dimensions	Compatible with	List Price
ICEPK	Heat reducer for continuous duty electric strikes	0/F1/2/4/6/7 Series	\$137.00

Mounting Spacer Kits

Ideal for increasing latch depth.

Model	Description	Compatible with	List Price
0162MSK	1/16" mounting spacer for additional latch engagement	0162	\$19.00
0163MSK	1/16" mounting spacer for additional latch engagement	0163	\$19.00

Wire Harness Kit

Replacement wire harness and MOV

Model	Description	Compatible with	List Price
E-STRIKEWIRE-HARN-KIT	12/24VDC & VAC connector with 47V 250A MOV	0162, 0163, F2164, 2364, 6 SERIES	\$18.00

RCI Electric Strikes Accessories

Strike Marking Template Kit

Ideal for accurately guiding prepping of the frame for the installation.

Model	Description	Finish	Compatible with	List Price
SMT-01	Strike Marking Template Kit	Aluminum	F2/4/6/7 Series	\$84.00

2 Series Plug-In Latch Monitor

Latch monitor plug-in kit (2A @ 24VDC).

Model	Description	Compatible with	List Price
F2LM	Plug-in latch monitor kit (2A @ 24VDC). Improved design to accommodate 1/2" - 3/4" latch throw	F2164	\$104.00

Trim Plates

Ideal for concealing any imperfections caused while prepping the frame cut out.

Model	Description	Finish	Compatible with	List Price
TP-47-5PK	Trim Plate - 5 Pack	Black	4/7 Series	\$41.00
TP-L6-5PK	Low profile Trim Plate - 5 Pack	Black	L6 Series	\$34.00
TP-S6-5PK	Standard profile Trim Plate - 5 Pack	Black	S6 Series	\$34.00

2 Series Filler Plate

Filler plate (for use when replacing discontinued 2 Series models).

Model	Description	Compatible with	List Price
2FP	Filler plate for use when replacing discontinued 2 Series models	F2164/2364	\$29.00

Security Hardware Packs

Model	Description	Compatible with	List Price
2SERIESHWK	Includes screws, bit, mounting tabs, allen key, shims, conector, deadbolt bracket and plug.	2 Series	\$79.00
6HK9	6 Series L/S Hardware Pack		\$34.00
47HK9	Standard Strike Mounting Hardware		\$34.00

6 Series Lip Bracket & Aluminum Faceplates

Model	Description	Compatible with	List Price
S6504DD	Lip bracket and aluminum faceplate for double doors with astragal (for S6504)	S6504	\$76.00
L6504DD	Lip bracket and aluminum faceplate for double doors with astragal (for L6504)	L6504	\$76.00
S6507DD	Lip bracket and aluminum faceplate for double doors with astragal (for S6507)	S6507	\$82.00
L6507DD	Lip bracket and aluminum faceplate for double doors with astragal (for L6507)	L6507	\$82.00

Keypads & Readers

RCI 125 kHz Readers

P-300-H-A
125kHz Mullion Reader
 Slim design ideal for areas with minimal surface space to mount.
 1-11/16"W x 3-3/16"H x 11/16"D
 (43 x 80 x 17mm)

P-500-H-A
125kHz Reader
 Compact design ideal for single gang wall-box applications.
 3"W x 4-5/8"H x 3/8"D
 (76 x 117 x 10mm)

P-640-H-A
P-620-H-A (mullion)
125kHz Keypad & Reader
 Ideal for dual authentication or simple access via PIN or credential applications.
 620: 1.78" W x 6.1" H x 0.91" D (45x155x23 mm)
 640: 3" W x 4.6" H x 0.75" D (76x117x19 mm)

P-710-H-A
125kHz Medium Range Reader
 Slim design ideal for areas with minimal surface space to mount.
 6" W x 8.5" H x 1" D (216 x 152 x 25.4 mm)

P-900-H-A
125kHz Long Range Reader
 Slim design ideal for areas with minimal surface space to mount.
 10.5" H x 10.5" W x 2" D (267 x 267 x 51 mm)

Model	Description	List Price
P-300-H-A	125kHz Wiegand Mullion Proximity Reader	\$213.00
P-300-H-A-OSDP	125kHz Wiegand Mullion Proximity Reader OSDP	\$343.00
P-500-H-A	125kHz Wiegand Proximity Reader	\$326.00

RCI 125 kHz Credentials

PSC-1-H

125kHz Clamshell Card

Proximity card for physical access control.
2.2" W x 3.4" H x .06" D
(56x86x1.5 mm)

PSI-4-H

125kHz Printable Card

Printable proximity card for physical access control.
2.1" W x 3.4" H x 0.046" D
(53x86x1.17 mm)

PSM-2P-H

125kHz ISO Imageable Card

ISO imageable proximity card for physical access control.
2.1" W x 3.4" H x 0.031" D
(53 x 86 x 0.79 mm)

PSM-2S-H

125kHz ISO Imageable Card with magnetic stripe

ISO imageable proximity card for physical access control.
2.1" W x 3.4" H x 0.031" D
(53 x 86 x 0.79 mm)

PSK-3-H

125kHz Fob

Proximity fob for physical access control.
1.2" W x 1.5" H x 0.15" D
(30 x 38 x 3.8 mm)

PDT-1-H

125kHz Disk Tag

Disk tag credential for physical access control.
1" diameter x 0.0625" thick
(25.4 mm x 1.6 mm)

DE2-125

125kHz & 13.56MHz Card

Dual frequency 125 kHz (proximity) and 13.56 MHz (MIFARE DESFire EV2 smartcard) for physical access control.
2.1" W x 3.4" H x 0.031" D
(53 x 86 x 0.79 mm)

RCI 13.56 MHz Smartcard Readers

CSR-35L

13.56MHz Smartcard & BLE Reader

Unique design accommodates single gang or mullion mounts. Functions with 13.56MHz physical and mobile (BLE) credentials
 Mullion: 1.7" W x 4.7" H x 1.2" D (43 x 119 x 30 mm)
 Switch Plate: 3" W x 5.1" H x 1.2" D (76 x 130 x 30 mm)
 Also available in OSDP

CSR-6.2L

CSR-6.4L (mullion)

13.56MHz Smartcard & BLE Keypad Reader

Ideal for dual authentication or simple access via PIN or credential applications.
 CSR-6.2L: 1.78" W x 6.1" H x 0.91" D (45 x 155 x 23 mm)
 CSR-6.4L: 3" W x 4.6" H x 0.75" D (76 x 117 x 19 mm)
 Also available in OSDP

PCR-35L

125kHz & BLE Reader

Unique design accommodates single gang or mullion mounts. Functions with 125 kHz physical and mobile (BLE) credentials
 Mullion: 1.7" W x 4.7" H x 1.2" D (43 x 119 x 30 mm)
 Switch Plate: 3" W x 5.1" H x 1.2" D (76 x 130 x 30 mm)
 Also available in OSDP

PCR-620L

PCR-640L (mullion)

125kHz & BLE Keypad Reader

Ideal for dual authentication or simple access via PIN or credential applications.
 CSR-6.2L: 1.78" W x 6.1" H x 0.91" D (45 x 155 x 23 mm)
 CSR-6.4L: 3" W x 4.6" H x 0.75" D (76 x 117 x 19 mm)
 Also available in OSDP

RCI Receivers & Transmitters

WRR-44

4-Channel Receiver

433MHz 4-channel Wiegand output long-range receiver. Read range up to 200 ft (61m)
3.4" W x 6.3" H x 2.3" D
(86.4 x 160 x 58.4 mm)

WRR-22

2-Channel Receiver

433MHz 2-channel Wiegand output long-range receiver. Read range up to 100 ft (30.5m)
3.4" W x 6.3" H x 2.3" D
(86.4 x 160 x 58.4 mm)

WRT-2M

2 button mini transmitter

433 MHz rolling code and encrypted; read range: WRR-22 Up to 75 feet (23 m), WRR-44 Up to 150 feet (46 m)
1.4" W x 1.95" H x 0.47" D
(35.6 x 49.5 x 11.9 mm)

WRT-2+H

2 button transmitter

Button press – 433 MHz rolling code and encrypted.
Presentation – 125 kHz proximity
Range: Button press Up to 200 feet (61 m),
Presentation Up to 3.5 inches (88 mm)
1.45" W x 2.5" H x 0.56" D
(37 x 63.5 x 14.2 mm)

WRT-2+D2

2 button transmitter

Button press – 433 MHz rolling code and encrypted.
Presentation – 13.56 MHz MIFARE DESFire EV2
Range: Button press Up to 200 feet (61 m),
Presentation Up to 3.5 inches (88 mm)
1.45" W x 2.5" H x 0.56" D
(37 x 63.5 x 14.2 mm)

WRT-4+H

4 button transmitter

Button press – 433 MHz rolling code and encrypted.
Presentation – 125 kHz Proximity
Range: Button press Up to 200 feet (61 m),
Presentation Up to 3.5 inches (88 mm)
1.45" W x 2.5" H x 0.56" D
(37 x 63.5 x 14.2 mm)

WRT-4+D2

4 button transmitter

Button press – 433 MHz rolling code and encrypted.
Presentation – 13.56 MHz MIFARE DESFire EV2
Range: Button press Up to 200 feet (61 m),
Presentation Up to 3.5 inches (88 mm)
1.45" W x 2.5" H x 0.56" D
(37 x 63.5 x 14.2 mm)

YD30 Series Electronic Lock

YD30S: 6-1/4" x 1-1/4" x 1-7/8" (160 x 30 x 47mm)

YD30D: 10" x 1-1/4" x 1-7/8" (255 x 30 x 47mm)

The YD30 series electronic locks are motor driven electronic locks designed to secure commercial and residential single and double acting doors. The YD30 series gives the user the ability to control access in and around a facility and provide traffic reports when desired. Additionally, the YD30 series can be used in a more straightforward system where controlling access to a single door can be implemented with a stand-alone RTE access system.

A high traffic, low voltage, motor-driven door lock. YD30 series are typically activated by access control systems and used in commercial entrance doors in either mortise or surface installation as well as swing-through glass doors where security is paramount, convenience required, and appearances important.

The locks solve two significant challenges found with door locking:

1. align a misaligned door
2. release when requested, even with excessive load on the door

Available with user selectable Fail Safe / Fail Secure switch.

YD30 Series Electronic Lock		List Price
YD30S	Ideal for single 90° office doors,	\$927.00

3525	Electronic Rack Handle	\$691.00
3525PRX	Electronic Rack Handle Lock with Proximity Reader	\$837.00
3525iCL	Electronic Rack Handle Lock with iCLASS Reader	\$837.00
3525DFR	Electronic Rack Handle Lock with Dual Frequency Reader	\$967.00
For SFIC models, cores and keys sold separately through BAS Order Entry. *Note: Spacers must be ordered with 6-pin cores.		N/C
Non-SFIC models include 3 keys - Keyed Alike		N/C

How to order

3525		Electronic Rack Handle
	PRX	with 125kHz proximity reader
	ICL	with 13.56 MHz iCLASS reader
	DFR	with 125kHz & 13.56 MHz dual reader

Credentials

Model	Description	List Price
PSC-1-H	Proximity Card (Clamshell) - 25 Pack	
PSI-4-H	Proximity Card (Printable) - 25 Pack	
PSM-2P-H	Proximity Card (ISO imageable) - 25 Pack	
PSM-2S-H	Proximity Card with magnetic stripe (ISO imageable) - 25 Pack	See Keypads & Readers
PSK-3-H	Proximity Fob - 25 Pack	
PDT-1-H	Proximity Tag (adhesive) - 25 Pack	
DE2-125	Dual Frequency Proximity Card (for Prox and Smartcard applications) - 25 Pack	

IMPORTANT: *6 PIN SFIC requires a spacer. RCI 3525 series will also function with a host of 125kHz credentials. Contact your representative for compatibility information. The lock sensor is an optical device that senses the presence of the locking cam. Keyed cylinder can affect sensing. Removal of factory installed keyed cylinder will void warranty.

SDACSKT	Single door access control smart kit	\$1,386.00

K-SMART3 13.56MHz Reader Series Keyscan Smartcard BLE Reader

This Keyscan BLE-ready smartcard reader is a 13.56 high frequency reader that offers users the convenience of using smartcards and the new K-BLE mobile credentials. It features additional support for a built-in "heartbeat" that monitors the reader communication advising end-users if any type of optional reader tamper or if the reader cable is cut. May not work with non-Keyscan access panels without purchase of optional K-PC2 programming card to disable enhanced features. Suitable for indoor and outdoor applications. Keyscan ACU requires System Firmware V 9.39 or higher for enhanced feature.

Keyscan 13.56MHz Reader Series Keyscan Smartcard BLE Reader		List Price
K-SMART3	Keyscan Smartcard BLE Reader	\$426.00
