

MONTANA SKINNY CAP WHITE/BEIGE

The Skinny Cap Beige is a cap for a fine average spray width of ca. 1 cm (0.5"). Perfect for fine works, but minimally grubby. The spray width changes with the used distance to the object. For skinnier lines, spray from a closer distance. For fatter lines, spray from a further distance.

PRODUCT INFORMATION "MONTANA SKINNY CAP WHITE/BEIGE"

The Skinny Cap Beige is a cap for a fine average spray width of ca. 1cm (0.5"). Perfect for fine works, but minimally grubby. The spray width changes with the used distance to the object. For skinnier lines, spray from a closer distance. For fatter lines, spray from a further distance.

The Skinny Cap White/Beige is the classic smooth skinny cap that has a long history with the Montana Cans, Montana GOLD range. Its round form body makes it a comfortable Skinny Cap that is still loved for outlining by graffiti artists, street artists or urban artists alike. Its smooth application is ideal for small-scaled detail work and clean linear output, which is commonly required for outline classic letter graffiti. Previously the standard cap on the old Montana GOLD series, the Skinny White/Beige caps can still be found in its Corporate Identity color scheme (gold/beige) as the standard manufactured cap on the Montana GOLD range. Fitting on all female valve cans, the Skinny White/Beige cap has an average spray width of 1cm that is minimally grubby. The spray width changes with the used distance to the object. For skinnier lines, spray from a closer distance. For fatter lines, spray from a further distance.
