

Pointe Mobile Board / PNT

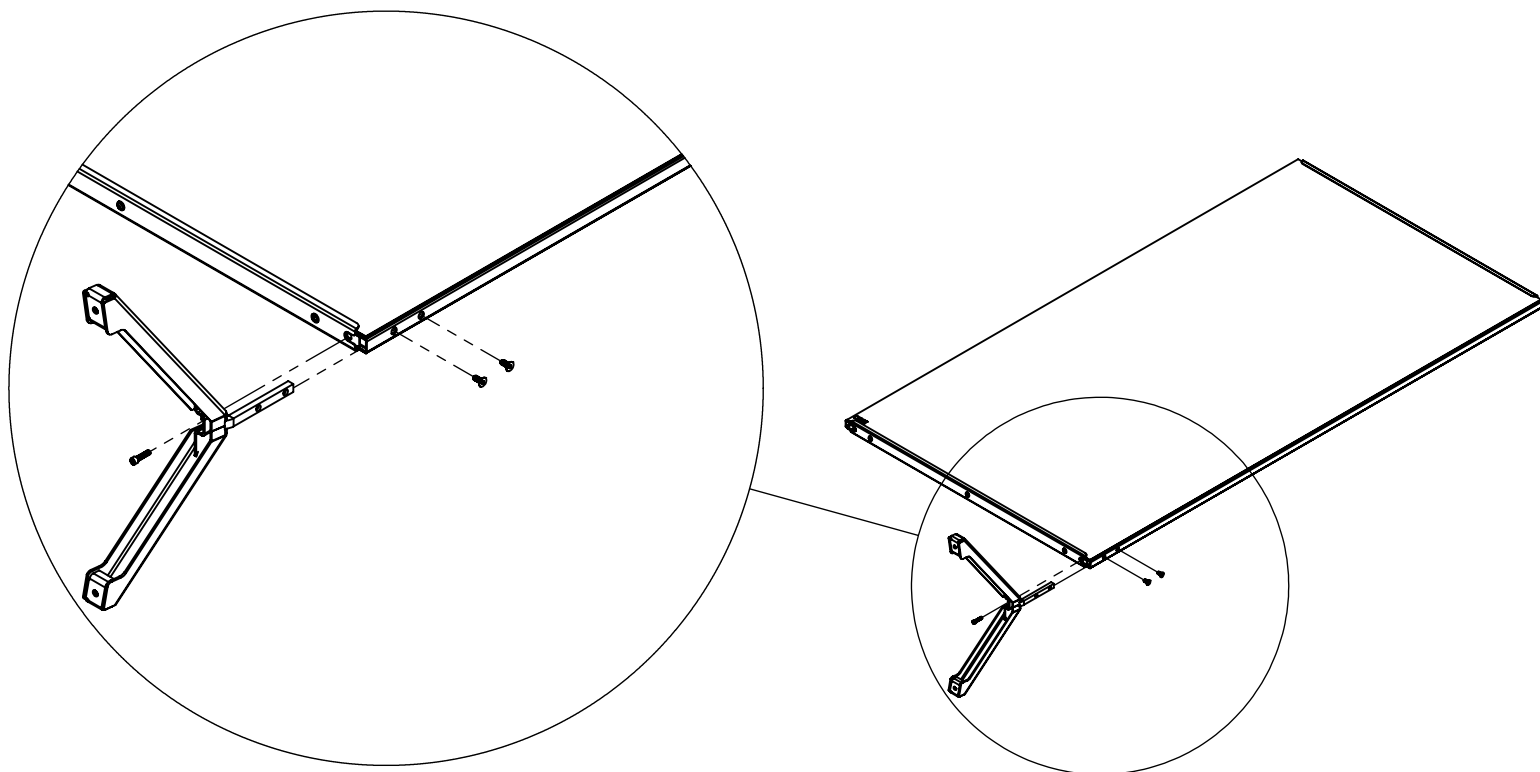

Installation Instructions

Step 1: Remove and unpack the Panel, Feet, Casters, and Hardware.

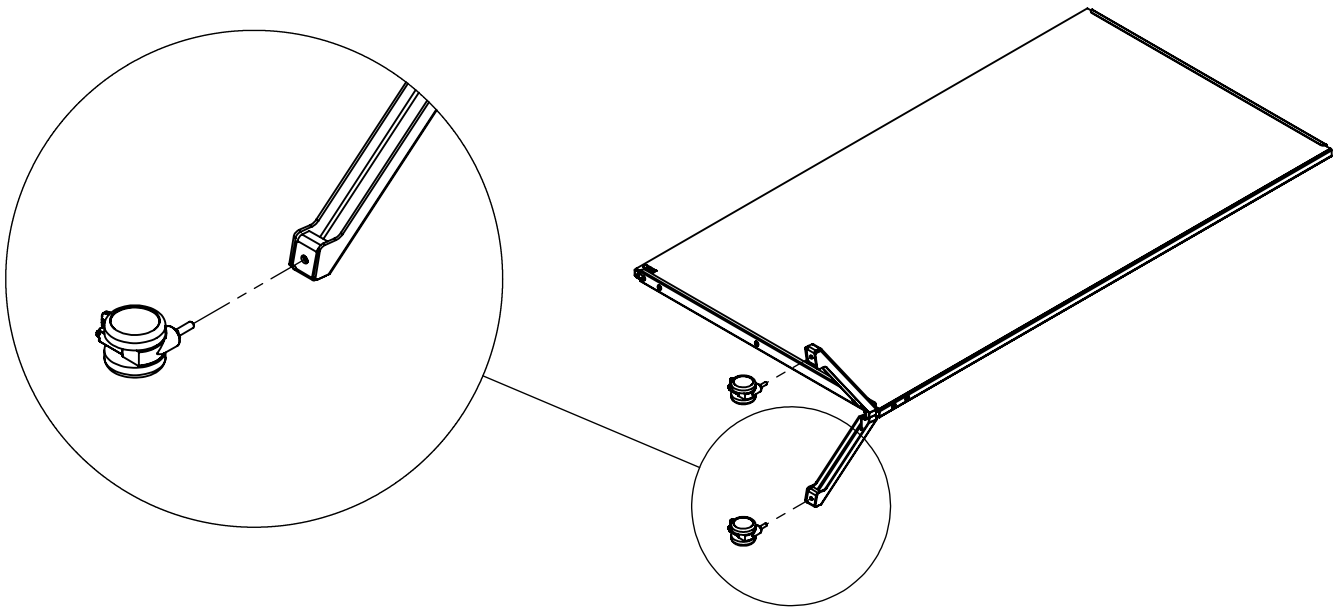

Step 2: Lay the Panel on a flat surface.

Step 3: Slide the Feet into the bottom of the frame. Secure the feet to the frame using the Flat Head Cap Screws. Tighten on the side of the Frame using the provided Hex Wrench.

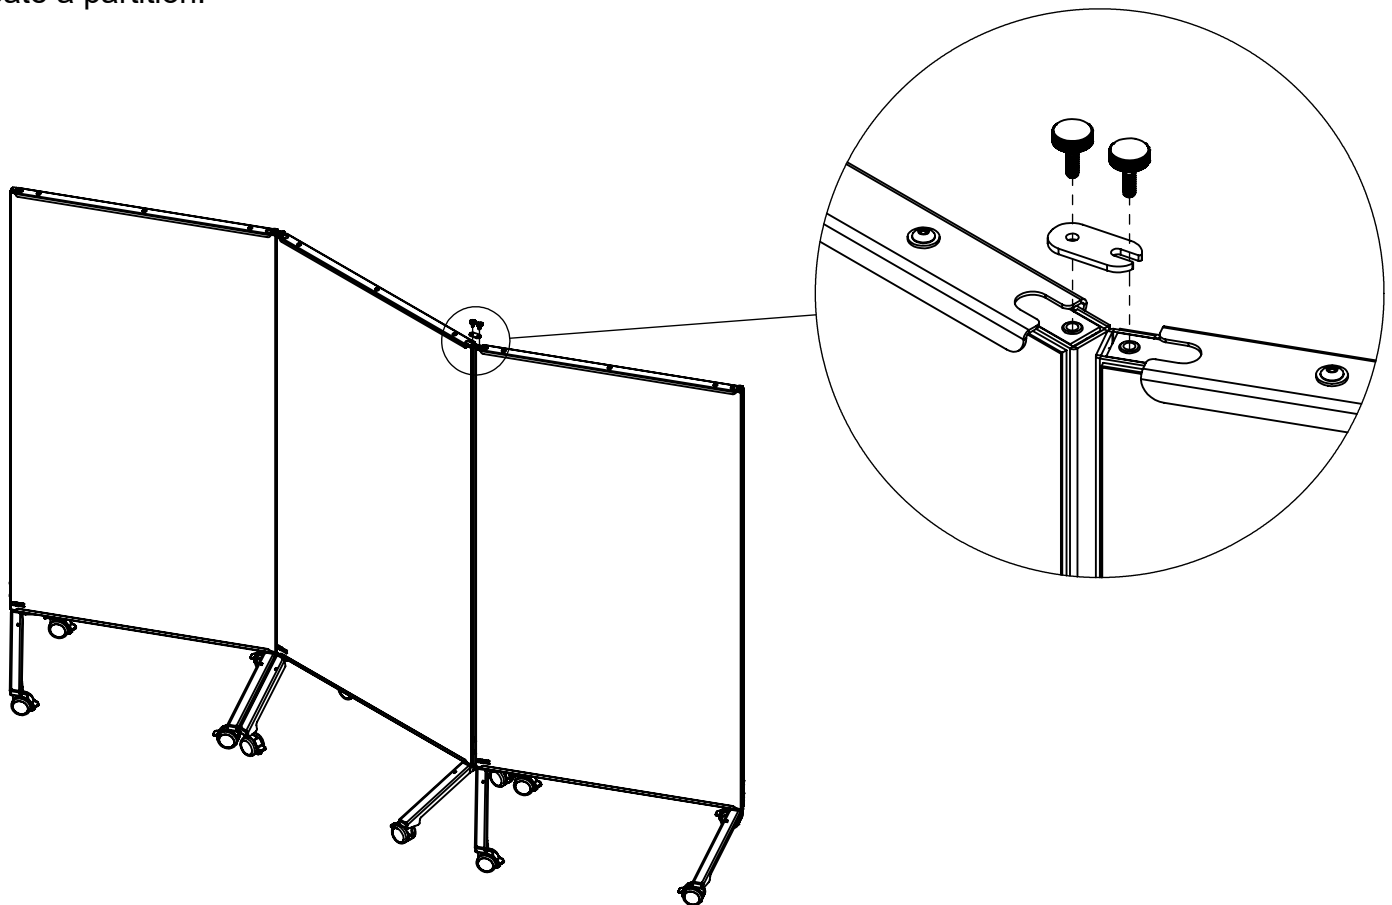

Step 4: Attach the Casters to the bottom of the feet.

Step 5: Carefully stand Pointe Mobile Board upright.

Step 6: (Optional) Use provided connector plate and thumb screws when connecting Pointe units to create a partition.

Step 7: Recycle all packaging in accordance with local regulations.
