NOTES

1. Sweater is knit in multiple steps.
2. Back and 2 Front Panels are worked in St st (k on RS, p on WS) from lower edge upwards, changing yarn color following Chart.
3. Shoulder seams are sewn then stitches are picked up along side edges of Back Panel to begin working Side Panels.
4. Side Panels are worked sideways in Seed st. Bind off edges of Side Panels are sewn to side edges of Front Panels and K1, p1 Rib is worked along lower edge to complete body of Sweater.
5. Stitches are picked up around armhole edges to beg sleeves. Sleeves are worked in rnds of St st (k every st on every rnd) from armhole down to cuff.
6. Chart is used for Back Panel and both Front Panels for all sizes. The colors at the bottom of the Chart indicate where to begin and end each Panel for each size. If desired, you can use any portion of the Chart, as long as you have the correct stitch and row counts.
7. Read RS rows of Chart from right to left and WS rows from left to right. Carry color not in use along WS of piece. If carrying color across 8 or more sts, twist yarns on WS to prevent overly long strands (floats) on the WS. Be sure to avoid pulling too tightly on carried yarn.
8. Circular needle is used to accommodate number of stitches. Work back and forth in rows on circular needle as if working with straight needles.
