

FIBRALO™ BRUSH: The 2-in-1 water-soluble fibre-tipped pen in 30 vibrant colors, with a flexible, precise and ultra-resistant brush tip.

* Non-definitive visual

PRODUCT PRESENTATION

Designed to offer precision and freedom, Fibralo™ Brush pens are 2-in-1 fibre-tipped pens that combine line control, brush flexibility and water-soluble ink: ideal for drawing, calligraphy and watercolor effects. Flexible and resistant, their artist-quality brush tip bends and returns to its original shape, allowing you to draw fine or thick lines in a single stroke.

The Fibralo™ Brush range opens a wide creative horizon thanks to a complete and versatile palette, designed to suit all desires. The fibre-tipped pens are available individually or in boxes of 10, 15, 24 and 30 colors, and come in six thematic sets: pastel, marine, portrait, manga, botanical and bloom.

As part of its commitment to sustainability, Caran d'Ache has partnered with Tide Ocean to design its fibre-tipped pens using 100% recycled plastic sourced from ocean-bound plastic waste, which is collected and processed before it reaches the sea. This innovative material is used to make the bodies and caps of all Caran d'Ache fibre-tipped pens. This approach gives new life to resources, while ensuring that creativity has a sustainable future.

KEY DATES

- **Availability:**
Shipping from Creative Art Materials late June / early July
- **RETAIL Consumer Facing:**
July 1, 2026
- **RETAIL Communication Embargo:**
July 15, 2026

 **SWISS MADE**

Keywords to remember:

- 2-in-1 water-soluble fibre-tipped pens
- Flexible and durable brush tip
- Versatile = dry and watercolor drawing + lettering
- 100% recycled plastic sourced from the oceans
- Swiss Made quality

Target:

- Amateur artists looking for versatile and reliable fibre-tipped pens
- Fans of calligraphy, bullet journaling, manga or watercolor effects

TECHNICAL PRODUCT DESCRIPTION

FIBRALO™ BRUSH

Assortments:

- Metal boxes of 10, 15, 24 and 30 colors, as well as 30 individual colors
- 6 thematic sets of 6 Fibralo™ Brushes in Euro hanger cardboard boxes: Manga Shoji, Pastel, Portrait, Botanic, Marine, Bloom

(For more details, see the color charts on pages 3 and 4)

Product specifications:

- Water-soluble fibre-tipped pen, dry or wet application
- Flexible, resistant brush tip that returns to its original shape, line width from 0.5 to 5 mm
- 30 bright, transparent colors
- Body and cap made from 100% recycled plastic sourced from coastal areas (from 1st June 2026).
- Techniques: Ideal for lettering, creative calligraphy, manga, sketching, notebooks and for creating watercolor effects.

Product benefits:

- Water-soluble ink brush pen, guaranteed against ink drying out for up to 3 years (with cap closed)
- Flexible, the brush tip bends, twists and always returns to its original shape, allowing the user to create fine or broad strokes without limitation.

Complementary products and accessories:

Water brushes Réf. 115.303,
Spray Réf. 116.201,
Watercolor palette Réf. 117.103,
Mixed media drawing pads Réf. 454.113/114/115/112,
L'Esprit des Forêts coloring book Réf. 454.802

Legal norms: Swiss Made, CE

ASSORTMENTS

EUROHANGER CARDBOARD BOXES

Assortments:

- 6 sets of 6 colors (colors available individually)

Universal, trendy and attractive themes – harmonious and accessible color palette:

Manga Shoji:

A color chart inspired by the world of shoji manga, with bright, soft and expressive colors. Ideal shades for illustrating characters, expressions, hair and emotions, and creating subtle, romantic and gentle scenes.

Pastel:

A universal theme and color palette, soft and reassuring, composed of light and bright shades. Ideal for skies, poetic atmospheres, delicate illustrations, and subtle backgrounds.

Portrait:

Nude and natural shades for creating accurate skin tones, shadows and volume. Essential for drawing realistic faces and characters.

Botanic:

A color palette inspired by nature, combining deep greens, yellows and organic touches. Perfect for illustrating foliage, plants, jungles and botanical compositions.

Marine:

An assortment inspired by the marine world, composed of deep blues, turquoise and aquatic shades. It evokes the ocean, the movement of waves and the freshness of wide-open spaces, ideal for skies, waters and dynamic atmospheres.

Bloom:

A bold and energetic floral color palette with intense, luminous colors. Vibrant shades inspired by flowers in full blooming, ideal for modern designs, expressive illustrations and eye-catching compositions.

#TIDE OCEAN

Because creativity should leave its mark on paper, not on the planet, Caran d'Ache is strengthening its CSR commitment by partnering with Tide Ocean, a Swiss company founded in 2019 that transforms plastic waste destined to end up in the ocean into high-quality raw material. Collected, sorted and recycled, these ocean-bound plastics find a new life at the heart of our products.

From 1 April 2026, all our felt-tip pens will be made from 100% ocean-sourced plastic, with no virgin plastic added. Thanks to an innovative upcycling process, this material significantly reduces our carbon impact, with up to 50% less CO₂ compared to new plastic.

The Fibralo™ and Fibralo™ Brush ranges account for over 20% of the plastic used by Caran d'Ache. The switch to Tide Ocean material represents an estimated annual saving of 18.5 tons of virgin plastic and 16.65 tons of CO₂.

This concrete step demonstrates Caran d'Ache's commitment to a more responsible approach to creativity, without compromising on quality.
