

Slime

Create your own colorful slime using a few common household ingredients and added flair! This easy, kid-friendly craft for is fun for all ages.

HOW TO MAKE IT

STEP 1

Pour 4 oz of Elmer's School Glue into a bowl and add 1/2 tablespoon of baking soda. Mix thoroughly.

STEP 2

Customize your slime by adding your choice of food coloring, glitter, beads, or pom poms. Then add 1 tablespoon of contact lens solution.

STEP 3

Combine until it gets harder to mix and slime begins to form.

STEP 4

Knead the slime with both hands. Once it becomes smooth and elastic, enjoy!
