

Copper Statement Necklace

A quick and easy way to make a great impression! Using just a copper sheet, a pre-mixed patina, and a bit of embossing, you'll be ready to make a fashion statement.

HOW TO MAKE IT

STEP 1

Cut a shape out of the copper sheet, leaving a thin rectangle at the top to make a bale.

STEP 2

Emboss a simple design onto the piece and turn the edges under. Roll the top strip down toward the back to make a bale.

STEP 3

Apply green patina and allow to dry.

STEP 4

String the pendant onto a leather or suede cord, tie a knot at the end, and enjoy!
