Elements of Great Matting

Rm

2017-2018

RagMat[®]

RagMat[®] MUSEUM

For over 110 years, Crescent has produced the highest quality artist substrates and 100% cotton museum quality matting and mounting boards. Each RagMat Museum board is specifically designed for the display and protection of artwork. Trust Crescent's Museum quality products when matting and presenting valuable art originals or items of historical importance.

RAGMAT MUSEUM BOARDS ARE time-tested

For over 1500 years, cotton rag paper has been both the courier and curator of history. Cotton rag paper has been the choice of artists, composers, historians, writers, and book printers because of its preeminent strength and remarkable permanence.

To date, virtually all museums, libraries and professional framers rely on cotton rag matboard, often referred to as "museum board", to exhibit and conserve treasured manuscripts, documents and fine works of art.

RAGMAT MUSEUM BOARDS ARE pure

Cotton is nature's purest form of cellulose. It is inherently free of lignin, acid and other non-cellulose contaminants found in wood pulp. Cotton fiber pulp is reliable, sturdy and far superior to bleached, chemically processed wood pulp used to produce other conservation boards.

Cotton has a natural, lasting brightness that does not require the high level of bleaching agents typically used to whiten chemically processed wood pulp boards.

RAGMAT MUSEUM BOARDS ARE strong

The long flat fibers of natural cotton pulp intertwine, creating a strong, resilient matboard, more durable than bleached chemical wood pulp fiber. Less processing of pure cotton cellulose results in a stronger product and less damage to the environment.

RAGMAT MUSEUM BOARDS ARE archival

RagMat Museum products meet all of the stringent standards of the Library of Congress, Fine Art Trade Guild, PPFA and other respected governing authorities. Each RagMat Museum board features 100% cotton construction ensuring that only the safest materials come in contact with the artwork.

The time-honored practice of making paper from cotton fiber is still employed by Crescent today to produce its RagMat[®] Museum Boards. It's a Crescent tradition that continues to stand the test of time.

RagMat® Cotton Mounting Boards

When mounting and matting valuable artwork, it is important to complete the conservation package by protecting the artwork on both sides. That is why Crescent offers the most complete collection of 100% cotton mounting boards in the industry. Available in a variety of sizes and thicknesses, and in the most useable colors, Crescent RagMat cotton mounting boards are versatile enough to satisfy any conservation mounting need.

MUSEUM DUPLEX

- 2 Two-sided museum mounting board. Double-sided 100% cotton board with a different color each side. .045 thickness

MUSEUM BARRIER PAPER

- 4 100% cotton Off White barrier paper for a variety of framing and storage applications.

Available in sheets or rolls:
1510.17 1/2 ply Thick 32"x40" sheet
1505.19 1 ply Thick 32"x100" roll
1515.17 1 ply Thick 32"x40" sheet

NOTE: RAGMAT® COTTON MOUNTING BOARDS ARE FOR MOUNTING ONLY!

The mounting boards are constructed of a porous material designed to be receptive to mounting adhesives. As a result, the mounting boards do not accept mat opening cuts (straight or beveled) as cleanly as our RagMat matboard.
