Tulip Puff Paint

Puffy

For a truly unique finish, once paint is dry apply steam to the paint and watch it become puffy!
Note this specialty effect only works on Tulip Puff Paint under the Puffy finish (indicated by the blue bubble).

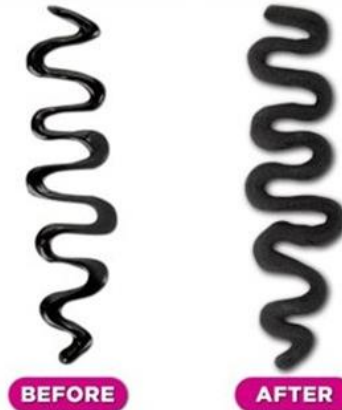

1. Prewash fabric, no fabric softener.
2. Shake well. Hold tip to surface and squeeze gently.
3. Let dry flat 4 hours. Fabric can be washed (turn inside out) after 72 hours. Line dry.
4. To activate: hold iron or steamer above paint (not touching) and steam until paint rises.

For use on: T-shirts, Denim, Shoes, Backpacks, Canvases, Cards, Décor, Metal, Glass, Wood, & More!

Tulip Puff Paint

Glow in the Dark

Bring your projects to life during the day or at night with Glow in the Dark Puff Paint! Tulip Puff Paint will dry with a raised or dimensional effect when using the easy-squeeze bottles with writer tips.

1. Prewash fabric, no fabric softener.
2. Shake well. Hold tip to surface and squeeze gently.
3. Let dry flat 4 hours. Fabric can be washed (turn inside out) after 72 hours. Line dry.
4. To activate: expose Glow Paint to UV light source – such as outdoor or black light – for at least one minute.

Note: If using light from an incandescent bulb, wait several minute for optimal effects.

For use on: T-shirts, Denim, Shoes, Backpacks, Canvases, Cards, Décor, Metal, Glass, Wood, & More!
