

## Dip-dyed Tablecloth

Upcycle your old tablecloth by dip-dyeing it for your Halloween parties!nia con num atenis aut abori nam archit que inimet, cum sus, quo et rem. Est quaturestrum il is dolor rat.

### HOW TO MAKE IT

---

#### STEP 1

Cover work area with plastic table cover and have paper towels handy to protect against any possible spills. Gather supplies.

#### STEP 2

For best results, prewash tablecloth to remove any finishes that may interfere with dye absorption. Leave damp.

#### STEP 3

Wearing rubber gloves, fill a large container or stainless steel sink with 3 gallons of very hot water. The water should ideally be 140°F. If tap water is not hot enough, heat water on the stove or kettle and add to the dyebath. Pour 1/2 bottle of well-shaken dye into dyebath.

#### STEP 4

To enhance the color, add one cup of salt. Add 1 teaspoon of dish detergent to help promote level dyeing. Stir well.
