

Ready to explore?

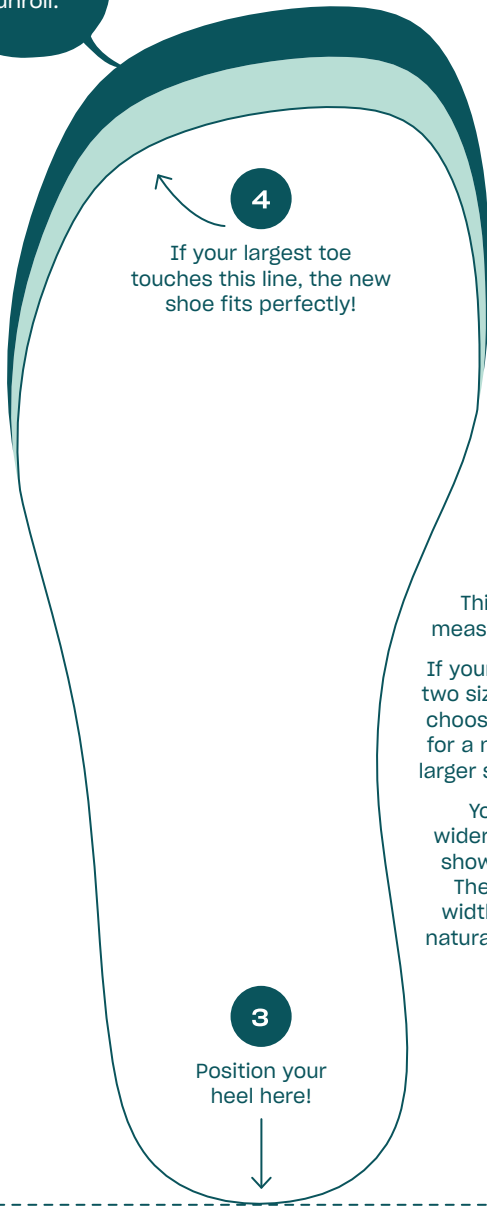

Quickly check your shoe size in 4 steps!

1

Is the printout correct?
Compare!
3 cm

Space for
your feet to
unroll.

4

If your largest toe
touches this line, the new
shoe fits perfectly!

3

Position your
heel here!

Space for
your feet
to grow.

2

Separate along
the dotted line
and put the card
against a wall.

This guide helps to
measure your shoe size.
If your foot falls between
two sizes, we recommend
choosing the smaller size
for a narrow foot and the
larger size for a wider foot.

Your foot may be
wider than the footprint
shown. That's all right.
The barefoot shoe's
width will adapt to the
natural shape of the foot.
