Amcor CEO, Ron Delia, talks packaging trends on new McKinsey podcast

Chicago – Feb. 10, 2022 – The latest edition of the *McKinsey on Consumer Retail* podcast features Amcor's CEO, Ron Delia, discussing the biggest trends in packaging. Hosted by McKinsey's Monica Toriello, Delia joins David Feber, the leader of McKinsey's Packaging Service Line, in discussing "creating good packaging for packaged goods" and other areas both impacting and influencing the nearly trillion-dollar global industry.

The 25-minute podcast addresses the role packaging will play in the future; the importance of both industry and consumer education regarding sustainability; the influence growing market forces have on packaging; and innovations that are making packaging smarter for customers and consumers.

About Amcor
Amcor is a global leader in developing and producing responsible packaging for food, beverage, pharmaceutical, medical, home- and personal-care, and other products. Amcor works with leading companies around the world to protect their products and the people who rely on them, differentiate brands, and improve supply chains through a range of flexible and rigid packaging, specialty cartons, closures, and services. The company is focused on making packaging that is increasingly light-weighted, recyclable and reusable, and made using an increasing amount of recycled content. Around 47,000 Amcor people generate US$12.5 billion in sales from operations that span about 230 locations in 40-plus countries. NYSE: AMCR; ASX: AMC
