

Amcor Group Environment Policy

April 2015

Amcor strives to be recognized as an environmentally responsible company that respects the environment and the communities in which we operate while producing high quality products and services. We believe our commitment to managing operations in an environmentally sustainable manner will maximize value for the company, our co-workers, our customers and the community.

The following environmental principles guide all company activities:

- We strive to prevent and minimize adverse environmental impacts, including waste, emissions and discharges from our operations.
- We aim to minimize the environmental footprint of our operations and products.
- We reduce our environmental footprint by continually improving the efficiency of our natural resource consumption.
- We utilize risk management processes to control the environmental hazards inherent in our activities.
- We will integrate environmental management into all aspects of business management.
- We promote the responsible use of our products throughout their entire lifecycle by helping our customers design and manufacture innovative, safe and reliable products.
- We educate our co-workers and contractors, ensuring the requirements for environmental responsibility are integrated into work practices.
- We strive to be a valued member of the community

To support our policy, we:

- Conduct operations in compliance with local laws and regulations, and the Amcor Standards.
- Regularly set and review objectives, key performance indicators and targets.
- Communicate openly with our co-workers and the community about performance.
- Develop and implement innovative technologies, industry best practices and effective management systems.
- Regularly audit our sites.

It is the leadership and commitment of every Amcor co-worker which will maximize sustainable value for our employees and other key stakeholders, and which helps us achieve our goals and objectives.
