

Amcor Environment Policy

As a global leader in packaging products, Amcor is committed to protecting the environment and the communities in which we operate while producing high quality products and services. We believe that our commitment to managing operations in an environmentally responsible manner will maximize, value for our coworkers, customers, shareholders and the community.

To achieve this imperative, we adhere to the following guiding principles at all Amcor locations and in all communities where we do business:

1. Operate in compliance with applicable Environmental laws and Amcor global EHS standards.
2. Conserve resources and minimize waste, emissions and discharges from our operations.
3. Conduct routine audits to assess environmental and sustainability performance to expectations.
4. Provide oversight and direction for these initiatives through our Global Management Team and Global Safety Steering Committee.
5. Maintain a Global environmental management System (EMS) and implement at the site level.

At Amcor, everyone shares the responsibility to ensure the protection of our environment. Violations or concerns related to this policy should be raised with your manager, EHS manager or via the Amcor Whistleblower process.

Leadership commitment and coworker engagement are integral to our sustainability and environmental excellence.
