

IN DESTINATION COVID-19 TESTING FACILITIES

Effective January 7, 2021, all air passengers five years of age or older will be required to test negative for COVID-19 before travelling from another country to Canada. Before boarding a flight, travelers will need to present a negative molecular COVID-19 test result (PCR or RT-LAMP test), taken within 72 hours before scheduled flight departure time.

It is the responsibility of each traveler to ensure they have all the valid travel documents required for entry into Canada.

Swoop is not affiliated with the below testing facilities, and cannot guarantee quality, availability, pricing, or on-time delivery of COVID-19 tests.
