

Increasing efficiency and patient safety

With integrated access solutions for healthcare

Protecting people and assets across each layer of care

Critical areas we aim to address

Patient, visitor, and employee experience

We simplify access while balancing convenience, security, and safety with features that prevent unauthorized access and lockdown capabilities.

Infection control

We help reduce touchpoints and manage the flow of people to support infection control.

Building security

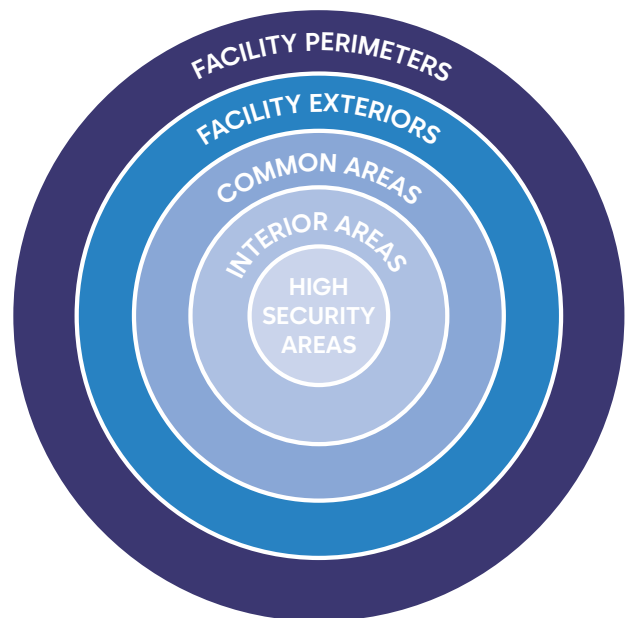

We secure facilities without disrupting access for patients and employees.

Value that lasts

We reduce total cost of ownership by minimizing downtime, lowering maintenance costs, and providing localized service that keeps operations running smoothly.

Optimized and streamlined operations

We offer code-compliant solutions that improve patient turnover and support high volume facility openings

Our brands

Ensuring the safety and security of your building is essential—but navigating today's complex options can feel overwhelming. At dormakaba, we believe meeting this fundamental need shouldn't be difficult. As a global leader in access and security, we support you every step of the way. Since 1980, we've grown across the U.S., Canada, Mexico, and Brazil, delivering trusted solutions through our extensive product portfolio. From design to installation and maintenance, dormakaba helps you secure your facility and move forward with confidence—because what matters to you, matters to us.

For over 65 years, customers have trusted Alvarado and our U.S.-manufactured products to protect their assets and control the flow of people. Our customized and advanced solutions are found at Fortune 500 companies, iconic sporting events, popular entertainment facilities, major distribution warehouses, and more, providing the safety, guidance, and experience your employees and guests deserve. We're problem-solvers, eager for new challenges in more markets. And now, with the added resources and support of dormakaba, one of the world's premier companies for safety, security, and sustainability, we are a turnkey partner with the power to make your next project exceptional.
