MAXIMISING YOUR EDUCATION JOURNEY

"AFL Max brings people together to have fun, but also improve their health and wellbeing. Our education offerings educate and encourage students to live active and healthy lifestyles, which is also my personal purpose. We really need our future generations to be healthier, both physically and mentally. This is why we have blended our knowledge of elite sport and our expertise in education, to develop truly impactful experiences and programs for all ages. I'm truly proud of what our team has achieved in a short period of time, and the feedback we continue to get from schools is humbling. We have a fun and interactive venue that can bring our vision to life and support schools on their wellbeing and education journey. Hope to see you here soon."

- James Podsiadly, CEO.

LEADERSHIP AND WELLBEING LESSONS

Our leadership and wellbeing lessons have been designed in alignment with the Australian Curriculum. The lessons aim to educate students about the importance of developing healthy lifestyles and positive wellbeing, utilising strategies used by elite sportspeople to create life-long learning. These lessons are appropriate for students from Upper Primary -Secondary Year Levels.

There are four topics to choose from that align with our leadership program (see 4QTR) We can customize your excursion based on the topics/lessons of your choice. Using a combination of theoretical and practical education, we guarantee to get your students moving and motivate them to improve their health and wellbeing.

The program includes:

- Pre visit lesson plan (taught in class prior to visit)
- 2hr session at AFL Max
- Post visit lesson plan (taught in class post visit)

LEADERSHIP PROGRAMS

AFL Max's newly created 4 Quarter Leadership Program (4QL), designed by James Podsiadly, takes learnings from elite sport and applies them to leadership for students the classroom and beyond.

FOR Students

Drawing from personal experiences in both elite sport and business, Pods has designed a unique program that brings a new perspective and approach to bettering leadership skills turning today's students in to tomorrow's leaders.

The leadership program is all about the how – how to be a better leader. Not the traditional why or what approach that is constantly taught in existing leadership programs. The 4QL Program arms students with the tools to not only to be a better leader, but to also enjoy it.

Split into 4 quarters, the program has 4 key focus areas – with the ability for schools to select topics best suited to the needs of their students.

Program Objectives:

Students:

- Understand that everyone can be a leader, at school, at home, at work, or in sport.
- Understand how improving their leadership skills can improve their health and wellbeing.
- Develop important skills and strategies to lead themselves and others.
